------------------------------	--------

We repaired your existing 12' X 12' Roll Lit / DBCI 26 gauge steel roll up door for temporary use only. It has been hit multiple times, is badly damaged, the manufacturer has been sold, no parts are available, and this door needs to be replaced. We propose to remove and haul this door. Furnish and install one 12' X 12' Janus model 2000 26 gauge steel roll up door, white, with a reduced drive chain hoist on the left side, inside slide locks, bottom weather-strip, and no hood, on steel construction. The Janus curtain is very similar, but the mounting bracket and and chain hoist is different but works the same.
