APPLICATION & AQT DEADLINES

Application Deadline is **28 Oct 2022**:

*Note: A*pplications are completed/due in WINGS by this date. Please see "Application Instructions and Guide" for complete instructions. The due date above is intentionally <u>EARLIER </u>than the application window date listed in HQ AFJROTC's "2023 CSAF Private Pilot Scholarship Program (AFJROTC Flight Academy)" document. This will allow time for coordination between various school officials, who are a part of the process and can help identify any issues with the application.

Cadets and Parents/Guardians: HQ AFJROTC is ONLY accepting applications from those cadets who will turn 17 years old by 31 July 2023.

Aviation Qualifying Test (AQT) Deadline:

- ALL cadets who intend to apply must take the AQT on **27 Oct 2022**

- The AQT will be administered in the AFJROTC multipurpose room (S-14). ALL materials required during the test will be provided by Lt Col Good. Cadets only need to show up ON TIME and know their (1) school account username and password and (2) WINGS-generated application ID #. As a reminder, a cadet's performance on this test comprises 45% of their overall Flight Academy selection board score. It is therefore recommended that cadets review the AQT pamphlet (located on our AFJROTC web page) and take the practice test.
