

Temecula Valley HS

Air Force Junior ROTC

A pamphlet to help you learn more about our program :)

OTHER PERKS OF JROTC:

- **You become family quickly!** Cadets have something in common from the first day--a common interest in experiencing AFJROTC! New cadets interact with upperclassmen daily and many form instant mentor-mentee relationships
- **We've got places for you to stay!** We're the only club on campus with 3 dedicated rooms that are always open before, during, and after school. We also have a microwave and a snackbar.
- **It counts as PE Credit!**
 - If you take JROTC your sophomore year, it covers your PE credit and will not take up an elective slot.

HOW DO I JOIN?

- Simple! Talk with your counselor and select **"Aerospace Science"** when you fill out your course selection sheet (that's what the class is called on the schedule).

JROTC: WHAT IS IT?

- **AFJROTC stands for Air Force Junior Reserve Officer Corps.** Our mission is to make better citizens for America, and we do this by giving you practical leadership opportunities where you can apply what you've learned.

COMMON AFJROTC MISCONCEPTIONS:

- There is **NO** military obligation from joining!
 - Only 6/30 seniors last year joined the Armed Forces
- AFJROTC isn't all physical activity
- It's not as strict as you might think
- We only wear the uniform once per week
 - Required uniform items are issued **FREE**

WHAT CAN YOU DO IN AFJROTC?

- Drill Teams!
 - Sabre
 - Armed
 - Color Guard
