1. Narrative description of the Prop 28 arts education program(s) funded. (2500 character limit).

In alignment with Proposition 28, Arts and Music in School Funding initiative, our district has made significant strides in enhancing music education by appointing a dedicated elementary music teacher. This initiative has enabled us to deliver comprehensive music instruction to students in grades three through five across all elementary school campuses within the district. Each week, upper-grade elementary students engage in structured music lessons designed to foster their musical skills, creativity, and appreciation for the arts. During these sessions, students explore the intricacies of playing instruments such as the bells, recorder, and ukulele, developing their musical technique and auditory skills. Additionally, the music teacher contributes significantly to the direction of the Visual and Performing Arts (VAPA) school's annual Walt Disney musical, enhancing the quality of the production and student career exploration. The addition of the elementary program underscores our commitment to ensuring that arts education occupies a central place in our student's educational journey.
