

What is a School-Family Compact?

The School-Family Compact is an agreement that parents/guardians, students, staff and teachers develop together. It explains how parents, students and teachers will share responsibility for student learning. This compact helps bridge the learning connection between school and home.

Jointly Developed

The parents, students and staff of Langston Hughes High School jointly developed this School-Family Compact for student achievement. After sending out the Qualtrics Input Feedback Link, the teachers suggested home activities to reinforce what was learned at school. Parents suggested ways they can work with their child at home to make sure they understand the material to reinforce the learning at home. The students gave feedback on how these strategies would help them achieve their academic goals. This compact is uniquely developed to meet the needs and goals of our school and students. It is reviewed and revised each year to meet the changing needs of students.

Parents can provide feedback on the compact at anytime during the school year. The feedback form is on the school's website, front office/student services and in the Parent Resource Center (Rm. 209).

Ways to become a Panther Pride Parent
