

# WORK BASED *Learning*

WBL is a partnership between education and business to create a skilled workforce for now and for the future. The skills needed in today's business world are very diverse; it can be difficult to meet the demand with the traditional school-based model. WBL experiences provided by business interaction creates a relevance to the technical training that is difficult to achieve in the classroom. WBL provides students critical insights to help them be successful whether they choose college or career.

- Connects student learning more directly to the world of work
- Provides high-quality, work-based experiences for students
- Each student in the program works with an employer whose job opportunity matches as closely as possible to the student's academic and career goals

- Enhances the educational foundation and career preparation students will need to succeed as adults
- Cultivates the knowledge and skills of students to help them become business leaders for our economic future

Is your business looking for dependable high school students to join your team? If so, scan the QR code let us know who you are, where you are, and what position(s) you have available!
