NOTICE OF AUDIO/VIDEO MONITORS ON SCHOOL BUSES AND VEHICLES

Dear Parents, Guardians, and Students:

As part of our ongoing effort to ensure the safety and security of Schuylkill Valley School District's students and in compliance with Pennsylvania Act 9 of 2014, this letter is to inform you that the Schuylkill Valley School District may record audio and/or video on school buses and school vehicles.

The purpose of this correspondence is to provide parents, guardians, and students with the required annual notice that to the extent permitted by Pennsylvania law, audio and/or video recording devices may be used on all Schuylkill Valley School District operated school buses and/or other school vehicles to monitor the health, safety, and welfare of all students and staff. A notice will also be placed on each school bus or school vehicle that is furnished with audio/video equipment stating that students may be audio and videotaped. The notice will be clearly visible to all who are entering the vehicle.

For additional information regarding the District's use of audio and/or video recording devices and/or the maintenance, storage, and/or disclosure of the audio and/or video recordings, please see Board Policy No. 810.2 that governs the use of audio and/or video cameras on school buses and other school vehicles.

Should you have any questions regarding this memo, transportation or student bus schedules, please do not hesitate to contact the District Transportation Secretary, Mrs. Wentzel at swentzel@schuylkillvalley.org.

Thank you for your continued support of our efforts to maintain the safety and security of our students.

Sincerely,

Dr. Cathy L. Taschner
Superintendent of Schools
