What is Vocabulary?

Vocabulary refers to the set of words used in a particular language or by an individual speaker. It includes the words and phrases that a person knows and uses to communicate. Vocabulary also refers to the knowledge of the words, including their meanings, spelling, and pronunciation. In language learning, vocabulary building is an important aspect as it helps in effectively communicating and understanding the language.

Why is it important?

having a strong vocabulary is important for effective communication, education, professional growth, and personal development.

Ways I can support this at home.

- Encourage your child to ask questions about new words and their meanings and provide clear and concise explanations.
- Surround your child with words, such as posters, flashcards, and books, that display new and interesting vocabulary.
- Word games such as Scrabble, Boggle, or crossword puzzles can be fun and educational ways to learn new words.
