

MEET THE SES GUIDANCE TEAM

Hello Springfield Families!

We are Laura Howle and Justin Seagle, the School Counselors at Springfield Elementary. We look forward to working with you and your child this year, and will make every effort to see that your student receives as much personal assistance as possible.

The School Counseling program at Springfield is based on the American School Counseling Association's Model and the South Carolina Comprehensive School Counseling & Career Guidance Model. The program includes a variety of services for all students and is designed to assist with interests and issues related to the stages of student growth in the areas of academic, career, personal, emotional, and social development. The following will be offered this school year:

- Classroom guidance lessons with emphasis on social and emotional skills, bullying prevention, character education, and child protection.
- Individual and small group counseling services (short-term) based on identified needs or concerns
- Referral assistance to other programs and services in the community.

If you have any questions regarding the counseling program, please email or call us at 843-763-1538. We are excited to be your school counselors and look forward to a great year.
