## ◆ FACULTY PROFILE

\* Upper School Faculty by Continent

### Upper School Faculty

Of the 75 faculty members, 89% hold teaching certificates/advanced degrees. On average, our faculty have 3+ years of service at Chadwick International.

### Chadwick International COVID Statement

From February 2020 through SY 2021-2022, CI students had limited access to school-based co-curricular activities; many student-led activities had to be canceled or postponed. Despite this, students were able to develop independent and individual ways to continue their involvement in sports, service, and the creative arts.

## ◆ CURRICULUM

### Academic Policy

Grade 11 and 12 students choose to take the full IB Diploma Programme, some IB Courses, or the IBCP. CI requires that students in the full IBDP take no more than three HL classes. Students are NOT ranked at Chadwick International and we do not calculate or provide GPA's. Students receive one final report (June) and one mid-year progress report (January). Students who transfer into CI mid-year will earn a Pass for courses on their final report. Students are required to study MYP subjects in grades 9 & 10 and complete a Personal Project (Grade 10).

### Diploma Requirements

All CI graduates receive an American High School Diploma. A minimum of 22 year-long credits are required for graduation (20 for students with approved accommodations).

The minimum number of year-long credits required by subject for graduation are:

English	4	Mathematics *	3	Science(with 2 lab sciences) **	3	Individuals and Society	3	Global Language	2
Design	1	Fine and Performing Arts	1	Health and Physical Education	1	Additional Elective Classes	4		

#### Special Notes for the Chadwick MYP Math and Science Curricula

\* The MYP Math curriculum integrates Algebra I & II, Geometry, and Trigonometry. The Standard Math Pathway is based on the Standard Common Core curriculum. The Extended Pathway is based on the Accelerated Common Core curriculum.

\*\* The MYP Science curriculum integrates Biology, Chemistry, and Physics; this integrated curriculum is deepened and enriched over the years. The sequence is required and each year's course is a laboratory science course.

### Graduation Requirements

Students must fulfill Outdoor Education and Community Service requirements.

### Outdoor Education

Chadwick Schools' unique yearly Outdoor Education program encourages students in grades 4-12, to live our Mission statement through extended and challenging small-group expeditions in the wilderness.

### Community Service

Chadwick International requires students to contribute to their community through volunteer activities. In these educational experiences, students apply what they are learning in class to community problems and reflect upon their experiences in order to gain a deeper understanding of skills and concepts in the community. The program seeks to foster in our students a lifelong, active commitment to service.
