Pesticide Common Name Taures SC	Pesticide Trade Name Fipronil	EPA Registration Number 53883-279
Pesticide Common Name Drione	Pesticide Trade Name Pyrethrins	EPA Registration Number 432-992

Location of the pesticide application: Treated for yellow jacket going in wee holes in concrete wall closest to cafeteria.

Reason for the pesticide application: Treated for yellow jacket going in wee holes in concrete wall closest to cafeteria.

The Date and Time the indoor or outdoor application took place:

DATE 10-3-24 TIME 3:35 – 415pm

Description of the problem and the factors that qualified the problem as an emergency that threatened the health or safety of a student or staff member: Treated for yellow jacket going in wee holes in concrete wall closest to cafeteria.

If applicable, description of steps to be taken to avoid emergency use of pesticides for this problem in the future: N/A

Description of the possible adverse effects of the pesticide(s) as per the Material Safety Data Sheets for the pesticide(s) to be used, if available:

___Harmful if swallowed, inhaled, or if absorbed through the skin. Avoid breathing vapors or spray mist._____

Pesticide product label instructions and precautions related to public safety: ___Avoid contact with skin or eyes. Do not contact until material has dried. If contact occurs, wash with soap and water.

Note: as required by law, we are advising you of the following statement:
The Office of Pesticide Programs of the United States Environmental Protection Agency has stated: "Where possible, persons who potentially are sensitive, such as pregnant women, infants, and children, should avoid any unnecessary pesticide exposure."

REMEMBER: Whenever a non-low impact pesticide is used on school property there is also a Restricted Entry Interval (REI) that begins when the pesticide application ends. This Restricted Entry Interval last for seven hours unless the product label uses NUMERIC LANGUAGE, e.g., 4hours or 12 hours; directing a longer or shorter period of time for Restricted Entry. If the product label does not discuss Restricted Entry the period of time defaults to seven (7) hours.
