A Great School Year Awaits!

It's a new beginning, a fresh, bright year. We're more excited than ever to welcome our students back! We've been refining and improving the favorite foods they've come to love and also creating delicious, exciting new chef-crafted meals that we can't wait to share with them.

During the summer months, we also continued our ongoing training for our Regional Managers & Directors of Food & Nutrition by participating in our annual Summer Seminar, where they have the opportunity to learn & grow.

Our hourly cafeteria staff attends our Professional Development Day, where they earn continuing education credit requirements set by the USDA. This training also empowers them to deliver delicious meals with outstanding customer service.
