At Taneytown Elementary

Come learn tips to help your child prepare for school readiness through reading.

Dinner provided!

HEARING & VISION SCREENING

October 28-November 8

What Parents Should Know

What is the Hearing and Screening Program?
Screenings occur in Carroll County Public Schools, private, schools preschool centers and at Health Division offices. The program is done in three steps over the course of a child's school years:

Screening Requirements	Hearing	Vision
Pre-school	X	X
Kindergarten	X	X
1 st Grade	X	X
2 nd Grade	X	X
3 rd Grade	X	X
4 th Grade	X	X
5 th Grade	X	X

1. Screenings before kindergarten entry
2. Screenings in select grades up to 9th grade
3. As needed, medical referrals for children not passing the screening

Why screen children's hearing and vision?
Hearing and vision difficulties can affect school performance, speech and language skills, self-esteem, and social development. Regular hearing and vision screenings identify problems and ensure they are caught early. Screenings are safe and help children get prompt medical care to reduce disease, physical damage to ear/eye, and permanent loss of sight or hearing. They also help parents and teachers make accommodations to help children succeed.
