Independent Auditor's Report

To the Board of Education Unified School District No. 203 Kansas City, Kansas

Adverse and Unmodified Opinions

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of Unified School District No. 203, Kansas City, Kansas, as of and for the year ended June 30, 2023, and the related notes to the financial statement.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse and Unmodified Opinions section of our report, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Unified School District No. 203, as of June 30, 2023, or changes in financial position and cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the accompanying financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of Unified School District No. 203, as of June 30, 2023, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 2.

Basis for Adverse and Unmodified Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *Kansas Municipal Audit and Accounting Guide*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statement section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

Matter Giving Rise to Adverse Opinion on U.S. Generally Accepted Accounting Principles

As discussed in Note 2 of the financial statement, the financial statement is prepared by the District on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 2 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Emphasis of Matter

As discussed in Note 11 to the financial statement, beginning unencumbered cash balances in the Bond and Interest Fund, Construction Fund and Capital Outlay Fund have been restated to reflect the correction of errors occurring in prior years. As a result, total beginning unencumbered cash increased by \$1,095,744. Our opinions are not modified with respect to these matters.

Responsibilities of Management for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 2; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statement.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.

• Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures – actual and budget, individual fund schedules of regulatory basis receipts and expenditures – actual and budget, summary of regulatory basis receipts and disbursements – agency funds, and schedule of receipts, expenditures, and unencumbered cash – district activity funds (Schedules 1, 2, 3, and 4 as listed in the table of contents) are presented for purposes of additional analysis and are not a required part of the basic financial statement, however are required to be presented under the provisions of the Kansas Municipal Audit and Accounting Guide. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information, is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note 2.

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statement of Unified School District No. 203, as of and for the year ended June 30, 2022 (not presented herein), and have issued our report thereon dated March 29, 2023 which contained an unmodified opinion on the basic financial statement. The 2022 basic financial statement and our accompanying report are not presented herein but are available in electronic form from the website of the Kansas Department of Administration at the following link http://www.admin.ks.gov/offices/accountreports/local-government/municipal-services. The 2022 actual column (2022 comparative information) presented in the individual fund schedules of regulatory basis receipts and expenditures—actual and budget for the year ended June 30, 2023 (Schedule 2 as listed in the table of contents) is presented for purposes of additional analysis and is not a required part of the basic financial statement. Such 2022 comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 basic financial statement. The 2022 comparative information was subjected to the auditing procedures applied in the audit of the 2022 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2022 basic financial statement or to the 2022 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2022 comparative information is fairly stated in all material respects in relation to the basic financial statement as a whole for the year ended June 30, 2022, after the effects of the corrections described in Note 11, on the basis of accounting described in Note 2.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Tile 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is presented for purposes of additional analysis and is not required part of the financial statement. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statement. The information has been subjected to the auditing procedures applied in the audit of the financial statement and certain additional procedures, including comparing and reconciling such information financial statement itself, and other additional procedures in accordance with auditing standards general accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statement as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 12, 2024, on our consideration of Unified School District No. 203's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal controls over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Unified School District No. 203's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Unified School District No. 203's internal control over financial reporting and compliance.

FOR THE YEAR ENDED JUNE 30, 2023

69,912,643

1. REPORTING ENTITY

Unified School District No. 203 (the District) is a municipal corporation governed by an elected seven-member board. This financial statement presents Unified School District No. 203. There are no related municipal entities presented.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America. The Kansas Municipal Audit and Accounting Guide (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities, or deferred inflows or outflows, other than those mentioned above.

The District has approved a resolution that is in compliance with K.S.A. 75-1120a, waiving the requirement for application of generally accepted accounting principles and allowing the District to use the regulatory basis of accounting.

Fund Descriptions. The following types of funds comprise the financial activities of the District for the year ended June 30, 2023:

General Fund – The chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

Special Purpose Fund – Used to account for the proceeds of specific tax levies and other specific regulatory sources (other than Capital Project and tax levies for long-term debt) that are intended for a specified purpose.

Bond and Interest Fund – Used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of long-term debt.

Capital Project Fund – Used to account for the debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment.

Trust Fund – Used to report assets held in trust for the benefit of the municipal financial reporting entity (i.e. pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.).

Agency Fund – Used to report assets held by the municipal reporting entity in a purely custodial capacity (payroll clearing fund, county treasurer tax collection accounts, etc.).

3. BUDGETARY INFORMATION

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds, and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- 1. Preparation of the budget for the succeeding calendar year on or before August 1st.
- 2. Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.
- 3. Public hearing on or before August 15th, but a least ten days after publication of notice of hearing.
- 4. Adoption of the final budget on or before August 25th.

If the District is holding a revenue neutral rate hearing, the budget timeline for adoption of the final budget has been adjusted to on or before September 20th. The District held a revenue neutral rate hearing for the year.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held, and the governing body may amend the budget at that time. The budget was amended for the General and At Risk (K-12) Funds.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which regulatory receipts are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for the prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end.

A legal operating budget is not required for capital project funds, trust funds, and the following special purpose funds:

Federal Fund Contingency Reserve Fund District Activity Fund

Textbook and Student ESSER I Fund
Materials Revolving Fund ESSER II Fund
Gifts and Grants Fund ESSER III Fund

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the District.

4. DEPOSITS AND INVESTMENTS

As of June 30, 2023, the District had the following investments and maturities:

		Investment Maturity Less	Investment Maturity	
Investment Type	Fair Value	Than 1 Year	1 - 2 Years	Rating U.S.
Kansas Municipal Investment Pool	\$ 2,553,195	\$ 2,553,195	\$ -	N/A
Treasury Notes	45,200,503	43,211,788	1,988,715	Moody Aaa
Money Market Government Portfolio	10,833,341	10,833,341		
Total Fair Value	\$ 58,587,039	\$ 56,598,324	\$ 1,988,715	
Securities at cost	\$ 57,941,887	\$ 55,969,375	\$ 1,972,512	
Unrealized gain	\$ 645,152	\$ 628,949	\$ 16,203	

K.S.A. 9-1401 establishes the depositories which may be used by the District. The statute requires banks eligible to hold the District's funds have a main or branch bank in the county in which the District is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the bank to pledge securities for deposits in excess of FDIC coverage. The District has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the District's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The District has no investment policy that would further limit its investment choices.

Concentration of credit risk. State statutes place no limit on the amount the District may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. The District's allocation of investments as of June 30, 2023, is as follows:

	Percentage
	of
Investment Type	Investments
Kansas Municipal Investment Pool	4.36%
Treasury Notes	77.15%
Money Market Government Portfolio	18.49%
	100.00%

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. State statutes require the District's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. All deposits were legally secured at June 30, 2023.

At June 30, 2023, the District's carrying amount of deposits was \$12,351,436 and the bank balance was \$14,135,162. The bank balance was held by one bank resulting in a concentration of credit risk. Of the bank balance, \$250,000 was covered by federal depository insurance, and the remaining \$13,885,162 was

collateralized with securities held by the pledging financial institution's agent in the District's name.

Custodial credit risk – investments. For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

At June 30, 2023, the District had invested \$2,553,195 in the State's municipal investment pool. The municipal investment pool is under the oversight of the Pooled Money Investment Board. The board is comprised of the State Treasurer and four additional members appointed by the State Governor. The board reports annually to the Kansas legislature. State pooled monies may be invested in direct obligations of, or obligations that are insured as to principal and interest, by the U.S. government or any agency thereof, with maturities up to four years. No more than ten percent of those funds may be invested in mortgage-backed securities. In addition, the State pool may invest in repurchase agreements with Kansas banks or with primary government securities dealers.

5. CAPITAL PROJECTS

Capital projects have been authorized for District improvements:

		Expended to
Project	Authorized	Date
Construction of new school building for grades three through five, and improves to other existing facilities	\$ 38,088,021	\$ 38,088,021
Purchase and improve sites and construct, equip, furnish, repair, remodel and make additions to buildings, including acquisition of new and upgraded computer and communications technology	69,566,289	12,565,478

6. INTERFUND TRANSFERS

Operating transfers were as follows:

		Regulatory	
From	То	Authority	Amount
General Fund	At Risk (4 Year Old) Fund	K.S.A 72-6428 \$	130,000
General Fund	At Risk (K-12) Fund	K.S.A 72-6428	1,240,576
General Fund	Virtual Education Fund	K.S.A 72-6428	80,000
General Fund	Professional Development Fund	K.S.A 72-6428	50,000
General Fund	Special Education Fund	K.S.A 72-6428	3,999,490
General Fund	Career and Postsecondary		
	Education Fund	K.S.A 72-6428	850,000
Supplemental General Fund	At Risk (K-12) Fund	K.S.A 72-6433	407,354
Supplemental General Fund	Bilingual Fund	K.S.A 72-6433	190,000
Contingency Fund	Cost of Living Fund	Board approval	270,248

7. OTHER LONG-TERM OBLIGATIONS FROM OPERATIONS

Other Post Employment benefits. As provided by K.S.A. 12-5040, the District allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the District is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in this financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the District makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured.

Death and Disability Other Post Employment Benefits. As provided by K.S.A 74-4927, disabled members in the Kansas Public Employees Retirement System (KPERS) receive long-term disability benefits and life insurance benefits. The plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. The employer contribution rate is set at 1% for the year ended June 30, 2023.

Compensated Absences. Accumulated vacation and sick leave paid during the current year are shown as an expenditure in the General Fund.

District policy requires the cancellation of accumulated sick leave upon termination of employment. Upon retirement, teachers who have a minimum of ten years of service may be paid 90% of the substitute teacher rate at the time for the first 50 days of accumulated sick leave and 100% of the substitute teacher rate for 51-100 days of accumulated sick leave. If a teacher has eight years of service and has accumulated sick leave of at least 66 days, the teacher may request by June 15 each year to be paid for any days accumulated over 65 at 90% of the substitute teacher rate in effect at the time.

Classified employees retiring after a minimum of ten consecutive years of service may be paid for all accumulated unused sick leave at 30% of the daily rate for the first 50 days of accumulated sick leave and 35% of the daily rate for 51-100 days of accumulated sick leave. If a classified employee has five consecutive years of service and has accumulated at least 66 days of sick leave, the employee may request by June 15 each year to be paid for any days over 65 at 30% of the daily rate of pay in effect at that time.

8. DEFINED BENEFIT PENSION PLAN

General Information about the Pension Plan

Plan Description. The District participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Annual Comprehensive Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 S. Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2, or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2, and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2, and KPERS 3 be determined

based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate and the statutory rate (not including the 1% contribution rate for Death and Disability Program) was 14.20% and 13.33%, respectively, for the fiscal year ended June 30, 2022. The actuarially determined employer contribution rate and the statutory contribution rate was 13.88% and 13.11% for the fiscal year ended June 30, 2023.

Senate Substitute for House Bill 2052 authorized the delay of \$64.1 million in fiscal year 2017 contributions. These contributions were set up as a long-term receivable. Payment is scheduled to be made in a series of twenty annual payments of \$6.4 million dollars per year beginning in fiscal year 2018. Senate Substitute House Bill 2002 authorized delay of \$194.0 in fiscal year 2019 contributions. Payment is scheduled to be made in a series of twenty annual payments of \$19.4 million starting in fiscal year 2020.

House Substitute for Senate Bill 109 from the 2018 Legislative session provided for additional funding for the KPERS School Group. A payment of \$56 million was paid in fiscal year 2018. This bill also authorized a payment of \$82 million in fiscal year 2019. The 2019 legislative session authorized an additional fiscal year payment for the KPERS School Group. 2019 Senate Bill 9 authorized a payment of \$115 million for the KPERS School Group. House Substitute for Senate Bill 25 from 2019 Legislative session authorized additional funding for the KPERS School Group in fiscal year 2020 of \$51 million.

In 2021, the Legislature passed House Bill 2405, which authorizes the State of Kansas to issue bonds with net proceeds of \$500 million to fund a portion of the School unfunded actuarial liability. Senate Bill 159 recertified the State/School contribution rates for Fiscal Years 2022 and 2023. Fiscal Year 2022 was recertified from 14.09% to 13.33% and Fiscal Year 2023 from 13.86% to 13.11%. The bond proceeds were received by KPERS on August 26, 2021. The 2022 Legislature passed Senate Bill 421, which authorized the State of Kansas to transfer \$1.125 billion from the State General Fund directly to KPERS in Fiscal Years 2022 and 2023. The First \$253.9 million pays off the outstanding accounts receivable for KPERS-School employer contributions withheld in Fiscal Year 2017 and Fiscal year 2019, discussed previously, while the remaining \$871.1 million is applied to the KPERS-School unfunded actuarial liability. In Fiscal Year 2022, \$600 million was transferred to KPERS. In Fiscal Year 2023, Senate Bill 421 Authorizes two additional transfers which total \$271 million.

The State of Kansas is required to contribute the statutory required employer's share except for retired District employees. The District is responsible for the employer's portion of the cost for retired District employees. The District received and remitted amounts equal to the statutory contribution rate, which totaled \$2,374,619 for the year ended June 30, 2023.

Net pension liability

At June 30, 2023, the District's proportionate share of the collective net pension liability reported by KPERS was \$21,944,127. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2021, which was rolled forward to June 30, 2022. The District's proportion of the net pension liability was based on the ratio of the District's contributions to KPERS, relative to the total employer and non-employer contributions of the State/School subgroup within KPERS for the fiscal year ended June 30, 2022. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in this financial statement.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

9. RISK MANAGEMENT AND UNCERTAINTIES

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District has purchased commercial insurance to protect themselves from these risks.

10. COMPLIANCE WITH KANSAS STATUTES

K.S.A. 79-2935 notes that expenditure, including encumbrances, in any lawfully budgeted fund should not exceed the adopted budget of expenditures. Expenditures exceeded the adopted budget in the Capital Outlay Fund in the amount of \$45,355

Additionally, in accordance with K.S.A. 10-1113, the cash basis law requires that no indebtedness be created for a fund in excess of available monies in that fund. It was noted that the federal fund including Title I and Supporting Effective Instruction as well as ESSER II and ESSER III had negative unencumbered cash at year end pending reimbursements from the State of Kansas.

11. CORRECTION OF ERRORS

Subsequent to the issuance of the June 30, 2022 financial statements, certain errors affecting June 30, 2022 balances as previously reported were discovered. Specifically, investment income received by the District on 2018 bond proceeds had not been reflected as a receipt in prior financial statements. An adjustment has been made to correct the error which increased beginning unencumbered cash in the Construction Fund by \$1,095,744. This adjustment resulted in total beginning unencumbered cash to increase by the same amount.

In addition, state aid received during the year ended June 30, 2022 in the amount of \$515,048 intended for the Bond and Interest Fund was recorded in the Capital Outlay Fund. An adjustment has been made to correct the error which resulted in an increase to beginning unencumbered cash in the Bond and Interest Fund with a corresponding decrease in the Capital Outlay Fund. This adjustment had no effect on total beginning unencumbered cash.

12. RECLASSIFICATIONS

Certain prior year amounts have been reclassified to conform to the current year presentation.

13. SUBSEQUENT EVENTS

The District's management has evaluated events and transactions occurring after June 30, 2023 through September 12, 2024. The aforementioned date represents the date the financial statement was available to be issued.

As of the date of this report there are two instances of threatened litigation involving the District. Should the suits be filed, the likelihood of an unfavorable outcome is possible.

14. LONG-TERM DEBT

Changes in long-term debt for the District for the year ended June 30, 2023, were as follows:

					Balance				
	Interest	Date of	Amount of	Date of Final	Beginning of		Reductions/	Balance End

UNIFIED SCHOOL DISTRICT NO. 203 SINGLE AUDIT SECTION JUNE 30, 2023

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Education of Unified School District No. 203 Kansas City, Kansas

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and the *Kansas Municipal Audit and Accounting Guide*, the financial statement of Unified School District No. 203, as of and for the year ended June 30, 2023, and the related notes to the financial statement, which collectively comprise the District's basic financial statement, and have issued our report thereon dated September 12, 2024. Our report contained an adverse opinion because the financial statement was presented using accounting practices prescribed or permitted by the State of Kansas.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statement, we considered Unified School District No. 203's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing our opinion on the effectiveness of Unified School District No. 203's internal control. Accordingly, we do not express an opinion on the effectiveness of Unified School District No. 203's internal control.

Our consideration of internal control was for the limited purpose described in the first of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs as items we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2023-001 and 2023-002 to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 2023-003 to be a significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Unified School District No. 203's financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Unified School District No. 203's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on Unified School District No. 203's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. Unified School District No. 203's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Unified School District No. 203's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

SSC CPAs, P.A.

Topeka, Kansas

September 12, 2024

SSC CPAS. P.A.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Education Unified School District No. 203 Kansas City, Kansas

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Unified School District No. 203's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Unified School District No. 203's major federal programs for the year ended June 30, 2023. Unified School District No. 203's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Unified School District No. 203 complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of the Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and the Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Unified School District No. 203 and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Unified School District No. 203's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Unified School District No. 203's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or errors, and express and opinion on Unified School District No. 203's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and Uniform

Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that individually or in the aggregate, it would influence the judgement made by a reasonable user of the report on compliance about Unified School District's No. 203's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with generally accepted auditing Standards, *Government Auditing Standards* and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design
 and perform audit procedures responsive to those risks. Such procedures include examining, on a
 test basis, evidence regarding Unified School District No. 203's compliance with the compliance
 requirements referred to above and performing such other procedures as we considered necessary
 in the circumstances.
- Obtain an understanding of Unified School District No. 203's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Unified School District No. 203's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with Uniform Guidance and which is described in the accompanying schedule of findings and questions costs as item 2023-004. Our opinion on each major federal program is not modified with respect to this matter.

Government Auditing Standards requires the auditor to perform limited procedures on Unified School District No. 203's response to the noncompliance finding identified in our compliance audit described in the accompanying schedule of findings and questioned costs. Unified School District No. 203's response was not subjected to other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify a deficiency in internal control over compliance that we consider to be a material weakness.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2023-004 to be a material weakness.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on Unified School District's No. 203's response to the internal control over compliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. Unified School District's No. 203's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SSC CPAs, P.A. SSC CPAs, P.A.

Topeka, Kansas

September 12, 2024

SUMMARY OF AUDITOR'S RESULTS

- 1. The auditor's report expresses an unmodified opinion on whether the financial statement of Unified School District No. 203 was prepared on the regulatory basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.
- 2. Two material weaknesses were identified and one significant deficiency was reported in the design or operation of internal control over financial reporting.
- 3. No instances of noncompliance material to the financial statement of Unified School District No. 203, which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.
- 4. One material weaknesses was identified and no significant deficiencies were reported during the audit of each major federal award program.
- 5. The auditor's report on compliance for each major federal program for Unified School District No. 203 expresses an unmodified opinion on all major federal programs.
- 6. Audit findings that are required to be reported in accordance with the 2 CFR 200.516(a) are reported in this Schedule.
- 7. The program tested as a major program was Assistance Listing Numbers 84.425 Education Stabilization Fund.
- 8. The threshold for distinguishing Type A and Type B programs was \$750,000 for major Federal programs.
- 9. Unified School District No. 203 was determined to not be a low-risk auditee.

FINDINGS - FINANCIAL STATEMENT

2023-001 Internal Controls over Financial Statement Presentation (Material Weakness)

Criteria: The financial statement is the responsibility of management. As such, the District's internal control over the financial statement should identify misstatements on a timely basis.

Condition: During the course of our audit, we identified significant adjustments to the trial balance that were not initially identified by the District's internal control structure. Receipts and expenditures were not posted to the proper funds causing the need for adjustments to multiple funds including \$1,095,744 in adjustments to beginning unencumbered cash.

Cause: The District's policies and procedures were not designed to prepare the financial statement in conformity with the regulatory basis of accounting.

Effect: The District's financial statements required multiple adjustments to funds to ensure proper recording.

Recommendation: We recommend that the Board of Education and management review the financial reporting process. Once this review is complete, the District should then perform a risk assessment to determine the best way to implement appropriate internal controls over financial reporting to ensure conformity with the regulatory basis of accounting.

Views of Responsible Officials and Planned Corrective Actions: Management agrees with the finding and plans to develop proper policies and procedures for internal control over financial reporting to ensure conformity with the regulatory basis of accounting.

2023-002 Internal Controls over Bank and Investment Reconciliations (Material Weakness)

Criteria: Proper reconciliation of bank and investment accounts to the District's cash summary report is the responsibility of management. As such, the District's internal control over reconciliations should identify variances between these accounts and the cash summary report on a timely basis.

Condition: During the course of our audit, we noted that the bank and investment reconciliations had not been performed throughout the year ended June 30, 2023. As a result, significant adjustments were made to the trial balance to correct the reconciliation of the District's bank and investment accounts to the District's cash summary report.

Cause: The District's policies and procedures were not designed to ensure proper reconciliation of bank and investment accounts to the District's cash summary report.

Effect: The District's financial statements required multiple adjustments to funds, including an adjustment to beginning unencumbered cash.

Recommendation: We recommend that the Board of Education and management review the reconciliation process. Once this review is complete, the District should then perform a risk assessment to determine the best way to implement appropriate internal controls over reconciliations to ensure proper reconciliation to the District's cash summary report.

Views of Responsible Officials and Planned Corrective Actions: Management agrees with the finding and plans to develop proper policies and procedures for internal control over reconciliations to ensure proper reconciliation to the District's cash summary report.

2023-003 Internal Controls over Compliance with Kansas Statutes (Significant Deficiency)

Criteria: According to K.S.A 79-2935 expenditures are controlled so that no indebtedness is created in excess of budget limits. Expenditures, including encumbrances, in any lawfully budgeted fund should not exceed the adopted budget of expenditures for such fund for the budget year.

Condition: We have determined that there was an inadequate design of internal control to ensure compliance with Kansas Statues.

Cause: The District's policies and procedures were not designed to ensure proper conformity with budget laws associated with Kansas Statues.

Effect: The absence of proper policies and procedures increases the risk that noncompliance of Kansas Statues could occur and go undetected. During the year ended June 30, 2023, the Capital Outlay Fund expenditures were over budget, in the amount of \$45,355, creating a budget violation.

Recommendation: We recommend that Board of Education and management review the expenditures in funds to ensure that no indebtedness is created in excess of budget limits.

Views of Responsible Officials and Planned Corrective Actions: Management agrees with the finding and plans to develop proper policies and procedures to ensure compliance with Kansas Statutes.

FINDINGS AND QUESTIONED COSTS - MAJOR FEDERAL PROGRAM

<u>2023-004 Preparation of and Internal controls over Schedule of Expenditures of Federal Awards</u> Preparation (Material Weakness)

Federal Agency: U.S Department of Education Program Name: Education Stabilization Fund

Assistance Listing Number: 84.425 Award Period: June 30, 2023

Criteria: According to 2 CFR 200, Subpart F, the District is required to prepare a schedule of federal expenditures, which must include the total federal awards expended as determined in accordance with §200.502. An effective internal control system exists if controls are effective in preventing or detecting material misstatements in the preparation of the schedule of federal expenditures of federal awards (the schedule). It provides reasonable assurance for the reliability of financial information and compliance with laws and regulations.

Condition: We have determined that there was an inadequate design of internal control over the preparation of the schedule during the fiscal year ended June 30, 2023. The current financial reporting process does not ensure accuracy and completeness in the preparation of the schedule by the District, as required by Uniform Guidance.

Cause: The District's policies and procedures were not designed to ensure the District's preparation of the schedule in conformity with Uniform Guidance.

Effect: The District did not prepare a complete and accurate schedule in conformity with Uniform Guidance as significant modifications were required. This increases the likelihood of a material misstatement and noncompliance with laws and regulations.

Recommendation: We recommend the Board of Education and management review the financial reporting process. Once this review is complete, the District should then perform a risk assessment to determine the best way to implement appropriate internal controls over financial reporting to ensure that the District prepares the schedule conformity with Uniform Guidance.

Questioned Costs: None.

Repeat Finding: Yes.

Views of Responsible Officials and Planned Corrective Actions: Management agrees with the finding and plans to develop proper written policies and procedures for the internal control over compliance to ensure accuracy and completeness in the District's preparation of the schedule as required by Uniform Guidance.

UNIFIED SCHOOL DISTRICT NO. 203 SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS

FINDINGS - FINANCIAL STATEMENT

2022-001 Internal Controls over Financial Statement Presentation (Significant Deficiency)

Finding Summary: The District's internal control structure did not allow for the proper preparation of the financial statement, related notes, regulatory-required supplementary information, and the schedule of expenditures of federal awards.

Status: Corrective action has not been taken. See finding 2023-001 and 2023-004.

2022-002 Internal Control over Financial Reporting (Material Weakness)

Finding Summary: Initially provided financial information required material adjustments in order to be in compliance with the regulatory cash basis of accounting.

Status: Corrective action has not been taken. See finding 2023-001.

FINDINGS AND QUESTIONED COSTS - MAJOR FEDERAL PROGRAM

2022-003 Internal Control over Schedule of Expenditures of Federal Awards (Significant Deficiency)

Finding Summary: There was an inadequate design of internal control over compliance with Uniform Guidance over the preparation of a schedule of expenditures of federal awards for the year ended June 30, 2022.

Status: Corrective action has not been taken. See finding 2023-004.

UNIFIED SCHOOL DISTRICT NO. 203 NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

1. BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Unified School District No. 203 (the District) and is presented on the regulatory basis of accounting. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the aggregate cash and unencumbered cash balance and the aggregate receipts and expenditures of the District as described in Note 1 to the District's financial statement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported in the schedule are reported on the regulatory basis of accounting, as described in Note 2 to the District's financial statement.

3. DE MINIMIS INDIRECT COST RATE

In accordance with Section 2 U.S. *Code of Federal Regulations* Part 200.412 the District is allowed to elect to use the ten percent de minimis indirect cost rate. The District did not elect to use the 10% de minimis indirect cost rate.
