Re: Early Notice of Potential Bridge Replacement

Dear Property Owner:

The Town of Putnam is contemplating a project to replace the Chase Road Bridge over Cady Brook in the Town of Putnam. The bridge replacement project would receive Federal funds under the Federal Local Bridge Program administered by the Connecticut Department of Transportation.

If the project is undertaken, the design would be expected to begin in 2024, with construction likely in 2027 and 2028.

It is both municipal and State policy to keep persons and agencies informed and involved when such projects are conceived. It is important that the community shares its concerns with us at this time to assist in the potential project's development. Public input is also sought at a later date, when an informational meeting will be conducted upon completion of a preliminary project design. The need for a formal public hearing would additionally be evaluated at that time.

Anyone interested in obtaining further information or providing input may do so by contacting Town Administrator, Elaine Sistare, 200 School Street, Putnam, CT 06260, (860)963-6800, ext. 113.

Very truly yours,

Norman B. Seney, Jr.

Mayor
