AP HUMAN GEOGRAPHY

Explore how humans have understood, used, and changed the surface of Earth. You'll use the tools and thinking processes of geographers to examine patterns of human population, migration, and land use.

Skills You Will Learn:

- Connecting geographic concepts and processes to real-life scenarios
- Understanding information shown in maps, tables, charts, graphs, infographics, images, and landscapes
- Seeing patterns and trends in data and in visual sources such as maps and drawing conclusions from them
- Understanding spatial relationships using geographic scales

AP HuG visits a UC Campus each year for a field trip. Last year we went to UC Davis, and this year we are headed to UC Santa Cruz!
