PARK HILL SCHOOL DISTRICT

Redistricting Process

Feedback regarding High School Boundary Line Changes in Northwest part of the district

- Concept came through Park Hill Listens
- All Scenarios Moving Forward Incorporate this Change

Because of Clean High School Feeders, Each Scenario's North & South portion Can Be Evaluated Separately

4

Scenario/Data Layout

Change Summary

5

Scenario Scoring

- Clean Feeders
- Enrollment Balance
- Socio-Economic Balance
- Transportation Distance & Safety
- Maintain Subdivisions
- Minimal Attendance Area Changes

Scoring Key

5 = The redistricting scenario positively aligns with the Board of Education criteria best.

4 =

3 =

2 =

1 = The redistricting scenario achieves the Board's criteria least.

Overview:

- The northwest corridor of the District moves into the Congress MS/Park Hill HS feeder system. This area is currently zoned for Hawthorn ES.
- Made neighborhood continuity updates, district-wide
- Improved overall utilization and projected overutilization at Southeast ES
- More students attend their closest school and fewer students are moved
- English Landing ES gains a satellite zone (SE corner)
- Moving more students into Hawthorn ES caused a small domino across Renner, Tiffany Ridge, and Hopewell

Overview:

- The northwest corridor of the District moves into the Congress MS/Park Hill HS feeder system. This area is currently zoned for Hawthorn ES.
- Made neighborhood continuity updates, district-wide
- Improved overall utilization and projected overutilization at Southeast ES
- Better balances utilization and socioeconomics between Congress MS & Plaza MS
- Feeder split moved from English Landing ES to Union Chapel ES
- More elementary students attend their closest school, but more elementary students are moved

Overview:

- The northwest corridor of the District moves into the Congress MS/Park Hill HS feeder system. This area is currently zoned for Hawthorn ES.
- Made neighborhood continuity updates, district-wide
- Removed all feeder splits
- Moves fewer elementary students, but more middle school students
- More elementary students attend their geographically closest school, fewer middle school students attend their geographically closest school
- Offers an additional neighborhood split reduction
- Union Chapel gains a detached zone

Overview:

- The northwest corridor of the District moves into the Congress MS/Park Hill HS feeder system. This area is currently zoned for Hawthorn ES.
- Made neighborhood continuity updates, district-wide
- Moves fewer elementary and middle school students
- More elementary attend their geographically closest school
