

Cherry Hill School District

Annual Violence, Vandalism, Weapons & Substance Abuse Report
2016–2017 School Year

Introduction

The Cherry Hill School District's Annual Violence Report is submitted each year at a public meeting to the school district's administration and to the members of the Board of Education. The annual report reflects a summary of incidents that were reported during the 2016-2017 school year. The types of incidents reported during the school year are listed under the heading of five major categories:

- Violence
- Vandalism
- Weapons
- Substance Abuse
- Harassment, Intimidation and Bullying (HIB)

The Annual Violence report also tracks the trend of incidents that have occurred over a five-year period. The tracking of reported incidents, over an extended period of time, has proven to be a more accurate assessment in an effort to identify a pattern of disruptive behavior that tends to be repetitive. This will be the last year operating under the EVVRS. The State DOE has implemented a new system, the Student Safety Data System.

Total Incidents Reported

This year's annual violence report reflects the total number of incidents reported for the 2016/17 school year. There were 203 incidents reported in 2015/2016 school year, compared to 185 incidents reported this year. The types of incidents reported in each of the categories is reflected on the following pages.

**HIB Incidents
2016/2017**

There were 71 HIB incidents reported this year in comparison to 87 incidents reported the previous year.

Total HIB Incidents

- 2013-2014: 39
- 2014-2015: 73
- 2015-2016: 87

The Administration is committed to implementing pro-active initiatives that foster a civil and productive learning environment for students and staff.

- On-going HIB Training, sponsored by the NJDOE or provided by the school district, on Anti-Bullying Rights Law, HIB behaviors and required reporting procedures for HIB.
- In district protocols developed to clarify HIB reporting criteria.
- Presentations and programs presented to students and staff during the commemoration of “Week of Respect”

Total Action Taken

This section of the report reflects the type of action initiated by the school administration for inappropriate conduct.

- Incidents Reported to Police but Not Referred to Family Court:
 - 40 incidents were documented on a police report. These incidents were adjusted with school discipline.
- Incidents Reported to Police and Referred to Family Court:
 - 26 incidents were reported to police and referred to family court.
- In-School Suspension:
 - 19 students were assigned to the In School Support Program for committing minor school infractions.
- Out of School Suspension:
 - 110 students were suspended out of school.

Safe School Practices

The following measures reflect an overall review of the safe school initiatives that have been implemented over the past years:

- Strong emphasis on Character Education – teaching students to be responsible young adults
- CHPD social media safety presentation
- Annual review of the district’s Crisis Management Plan
- Continuation of the School Resource Officer and School Safety Assistants Program at the high schools
- Classroom presentations and discussions on the topic of bullying
- Visitor Greeting Program at the main entrance in all the schools
- Student and staff photo IDs
- Referrals to SAC – at risk students referred to counseling staff
- Memorandum of Agreement with the Cherry Hill Police Department and CCPO
- Computer Access to Police Reporting System
- Megan’s Law Notification Protocol
- Zero Tolerance for all Weapons and Substance Abuse offenses
- Continue practice of conducting monthly School Safety Drills and Fire Drills
- Access control system at all the schools
- Maintain the school district’s Building Alarm Code System for designated employees
- Passive Alcohol Sensor Program – administered at high school dances and proms
- Health Education Curriculum - educating students as to the dangers of drugs, alcohol , internet safety and cyber bullying.
- District wide protocol for all classroom doors to remain in a locked position
- Provide additional portable radios for use during outside activities to enhance communication
- Off site evacuation and parent reunification areas for each school
- Conducted drills during unconventional times (Lunch/Recess)
- Upgraded the schools’ public address systems by adding additional speakers
- Pilot program to enhance school safety by installing security vestibules, surveillance cameras and swipe card entry doors.
