EFC 250	Intro to Education (CWU) - Hillary Hull	<input type="checkbox"/>	4 credits		<input type="checkbox"/>

### CTE Dual Credit Classes:

(15 CTE dual credits may be applied toward the AA-DTA)

\*\*Some colleges offer more credits for a class than others and that is why the CREDITS column may say "up to...credits". It will depend on which school you choose to earn the credits through. Near the end of a student's senior year, they can request a transcript from the college(s) from which they earned CTE Dual credit. Each school has their own process. It is important to keep your SERS login/password to access information or the registration form provided by your teacher. Follow the instructions provided by each college.
