

Burbank Unified School District - Human Resources Department

2024-2025 Employee Annual Notifications

The Burbank USD Board of Education believes that providing clear communications to staff is essential to establishing a professional, positive work environment and enhancing their job performance.

When required by law, Board policy, or administrative regulation, district employees shall be asked to sign an acknowledgment indicating receipt of these annual notifications. These acknowledgments shall be retained in each employee's personnel file.

All Burbank USD Employees are expected to read, comply, and acknowledge receiving the Annual Employee Notifications by signing the Acknowledgement of Receipt and returning it to their supervisor.

Communicable Disease Control Information

Universal Precautions

General precautions persons can take to prevent the spread of all infectious diseases.

General Information

- The single most important practice is hand washing. Always wash hands with soap under running water for at least 30 seconds after taking temperatures, examining mouths or weeping eyes, when wiping a runny nose, or helping a student in the bathroom.
- Hands should always be washed before drinking, eating, and before and after going to the bathroom.
- If there are open cuts, abrasions or weeping lesions on hands, disposable plastic gloves should be worn and may be ordered through the District supply catalog.
- Use sanitary absorbent agents specifically intended for cleaning body fluid spills. The dry material is applied to the area, left for a few minutes to absorb the fluid, then vacuumed or swept up.
- If on a rug, a second step is to apply rug shampoo (germicidal detergent) with a brush and re-vacuum. The vacuum bag or sweepings should be disposed of in a plastic bag. Broom and dustpan should be rinsed in a disinfectant. No special handling is required for vacuuming equipment.

Clean-Up of Body Fluids (blood, vomit, urine, feces)

- The procedure for cleaning up spills of any body secretions is as follows:
- Wear plastic disposable gloves.
- Place tissues, paper towels, drapers, pads, gauze, bandages, etc., into a plastic bag, tie the bag, and dispose of these materials daily.
- Place plastic disposable gloves and bag inside second plastic bag.
- Tie the bag securely and place into the trash and dispose of daily.
- Clean any soiled surfaces with a disposable towel in a 1:10 solution of chlorine bleach (1-1/2 cups to one gallon of water.) Bleach may be ordered through the District supply catalog.
- Soak mop in chlorine solution and rinse thoroughly. Dispose of water used for cleaning in toilet or special drain.
- Remove gloves and wash hands with soap and water.

What is AIDS/HIV Infection?

AIDS (Acquired Immune Deficiency Syndrome) is the advanced stage of HIV (Human Immunodeficiency Virus) infection. The virus attacks the body's immune system, leaving it vulnerable to life-threatening opportunistic infections and malignancies. The virus also may directly attack the central nervous system. Persons infected with HIV frequently have no apparent symptoms and usually appear to be in good health.

How is HIV Infection Spread?

- Everyone infected with HIV, even a person without apparent symptoms, is capable of transmitting the infection. HIV infection is transmitted by:
- Any sexual activity involving direct contact with semen, blood or vaginal secretion of someone who is infected.
- Sharing intravenous (IV) needles and/or syringes with someone who is infected.
- Penetrating the skin with needles that have been used to inject an infected person.
- Direct contact on broken skin or mucous membrane with infected blood.
- Receiving blood transfusions or blood products from someone who is infected (a screening test has been used since 1985 that has reduced this risk to 1 in 68,000 in California) (AIDS update, December 1988).
- Being born to an infected mother.

What is Hepatitis B?

Hepatitis B is an infection of the liver caused by a virus present in the blood and other body fluids of infected persons. Not all persons infected with the Hepatitis B vaccine show symptoms of illness. Some persons will have symptoms such as fatigue, mild fever, muscle or joint aches, nausea, vomiting, loss of appetite, and abdominal pain. In some persons, the urine turns dark and the skin turns yellow. The onset of symptoms may take six weeks to six months to appear after transmission. Persons infected with Hepatitis B run a high risk of developing a chronic liver disease such as cirrhosis and/or cancer of the liver.

How is Hepatitis B Spread?

- An infected person can transmit Hepatitis B as long as the virus remains in the blood. Transmission may occur as early as four weeks before any symptoms occur. A small number of people will carry the virus in their blood for years and are known as chronic carriers. Hepatitis B is transmitted by:
 - Sexual activity involving semen, blood, or vaginal secretions.
 - Sharing with someone who is infected, unsterile instruments used to penetrate the skin such as those used for tattooing, ear piercing, and razors.
 - Sharing intravenous (IV) needles and/or syringes with someone who is infected.
 - Direct contact of infected blood with mucous membrane of the eye and mouth.
 - Direct contact of infected blood with broken skin (e.g., cuts).
 - Accidental needle sticks with needles containing blood from a virus carrier.
 - Sharing toothbrushes.
 - Being born to an infected mother.

How Can HIV and Hepatitis B Infections Be Prevented?

A vaccine for Hepatitis B is available from health care providers. The cost of the vaccine is often covered by the employee's individual health care plan. Workers determined to be at high risk by their employers may be eligible to receive the vaccine through their employer.

Since sexual intercourse and sharing of intravenous equipment are the major behaviors that transmit the viruses that cause Hepatitis B and HIV infections, abstinence from these activities eliminates the major risk of exposure for most people. Mutually monogamous sexual relationships between uninfected partners are safe. Properly used condoms combined with water-based lubricants containing spermicides greatly reduce the risk of transmission during sexual intercourse with an infected person. Intravenous equipment and any equipment used to penetrate the skin should not be shared. For persons who continue to share intravenous equipment, cleaning with household bleach solution and rinsing with water can also reduce transmission by this route.

HIV infection, Hepatitis B, and several other viruses are transmitted through sexual intercourse, sharing of blood, and from infected women to their babies during pregnancy or at the time of birth. Essentially all risk of these infections is outside of the work and school environments. However, there is some, although very small, risk of blood exposure at work and at school. Carriers of these viruses do not often show outward signs of infection and often are not aware of being infected themselves. Therefore, ALL blood or blood containing body fluids must be considered potentially infectious.

With current immunization laws, all students are immunized against Hepatitis B, with the exception of students whose parents have signed waivers against immunizations. The only risk of Hepatitis B virus and HIV exposure in the school setting is with direct exposure of infected blood to broken skin or mucous membranes. Unbroken skin is an extremely good barrier to these viruses. Strict adherence to Universal Precautions is recommended to protect the worker from exposure to both Hepatitis B and HIV virus.

Injury and Illness Prevention Program (IIPP)

In order to maintain a safe and healthful work environment the Burbank Unified School District has developed an Injury & Illness Prevention Program (IIPP) for all employees to follow. By making employee safety a high priority for every employee, injuries and illnesses can be reduced, productivity can be increased, and a safer and healthier environment can be promoted for all individuals at Burbank Unified School District.

Diligent implementation of this program will produce many benefits for Burbank Unified School District and its employees. Most notably it will:

- Protect the health and safety of employees.
- Decrease the potential risk of disease, illness, injury, and harmful exposure to District personnel.
- Reduce workers' compensation claims and costs.
- Improve efficiency by reducing the time spent replacing or reassigning injured employees, as well as reducing the need to find and train replacement employees.
- Improve employee morale and efficiency as employees see that their safety is important to management.
- Minimize the potential for penalties assessed by various enforcement agencies by maintaining compliance with Health and Safety Codes.

The site or department IIPP Implementation Official has the authority and the responsibility for implementing the District IIPP and the site or department Site Safety Official has the responsibility of maintaining the IIPP. All workers, including managers and supervisors, are responsible for complying with safe and healthful work practices. All managers and supervisors are responsible for communicating with all workers about occupational safety and health in a form readily understandable by all workers. Our communication system encourages all workers to inform their managers and supervisors about workplace hazards without fear of reprisal.

General workplace safety and health practices include, but are not limited to, the following:

- Implementation and maintenance of the IIPP.
- Emergency action and fire prevention plan.
- Provisions for medical services and first aid, including emergency procedures.
- Prevention of musculoskeletal disorders, including proper lifting techniques.
- Proper housekeeping, such as keeping stairways and aisles clear, work areas neat and orderly, and promptly cleaning up spills.
- Prohibiting horseplay, scuffling, or other acts that tends to adversely influence safety.
- Proper storage to prevent stacking goods in an unstable manner and storing goods against doors, exits, fire extinguishing equipment and electrical panels.
- Proper reporting of hazards and accidents to supervisors.
- Hazard communication, including worker awareness of potential chemical hazards, and proper labeling of containers.
- Proper storage and handling of toxic and hazardous substances including prohibiting eating or storing food and beverages in areas where they can become contaminated.

Hazard Assessment

Periodic inspections to identify and evaluate workplace hazards shall be performed by a competent observer in the areas of our workplace. Report any workplace hazards to your supervisor, administrator or Facilities Services.

District-wide Material Safety Data Sheets (MSDS) are available in the Purchasing Services and online at MSDSonline.com . Site-specific MSDS are available online at MSDSonline.com with a binder maintained in the site office and main custodial room.

Hazard Correction

Unsafe or unhealthy work conditions, practices or procedures shall be corrected in a timely manner based on the severity of the hazards. Hazards shall be corrected according to the following procedures:

- When observed or discovered; and
- When an imminent hazard exists which cannot be immediately abated without endangering employee(s) and/or property, we will remove all exposed workers from the area except those necessary to correct the existing condition. Workers who are required to correct the hazardous condition shall be provided with the necessary protection.

Accident/Exposure Reporting and Investigation

Procedures for reporting workplace accidents, blood borne pathogens, bodily fluids and hazardous substance exposures include:

- Report all accidents, injuries/illnesses and exposures to your supervisor, administrator and/or Human Resources Services immediately after occurrence.
- Secure and complete the necessary paperwork including State and District forms with your supervisor or administrator and submit to Human Resources Services.

Procedures for investigating workplace accidents and hazardous substance exposures include:

- Interviewing injured workers and witnesses;
- Examining the workplace for factors associated with the accident/exposure;
- Determining the cause of the accident/exposure;
- Taking corrective action to prevent the accident/exposure from reoccurring; and
- Recording the findings and actions taken.

Mandated Suspected Child Abuse Reporting

All Burbank Unified School District employees are mandated to report suspected child abuse. (BP 5141.4)

Definition of Child Abuse

Any act or omission or commission that endangers a child's physical or emotional health and development. A child is under 18 years of age.

All BUSD employees are mandated reporters, and must:

- Report suspected child abuse immediately
- Prior to calling, make sure to have all information needed to complete the written Suspected Child Abuse Report, (SCAR)
- Contact your site administrator for assistance
- Complete Online SCAR or hard copy and deliver to Burbank Police within 36 hours of verbal report. A copy of the form is available from the site administrator
- Maintain confidentiality

Tobacco-Free Schools Policy

Burbank Unified is a Tobacco-Free District that offers cessation services for all staff members. (BP 3513.3)

The Burbank Unified School District became tobacco-free on July 1, 1995. In order to receive funding from any State or Federal categorical program, the District must sign assurances that all buildings, vehicles, properties, and activities will be tobacco-free. Notices are posted at each site to remind our parents and community visitors that we are tobacco free. Announcements are made at all activities sponsored by the school district that Burbank schools are tobacco free and we appreciate the cooperation of parent and community participants in providing a tobacco free environment for our students.

Board Policy 3513.3 defines the District policy and states that violations of this policy by District employees will be met with progressive disciplinary measures. The District also offers a number of cessation services including the Behavioral Health Employee Assistance Program (EAP) offered through CIGNA. Other District health benefit providers (for example, Kaiser) offer tobacco cessation classes, and smokers are urged to contact either the local Cancer Society, or the Smoker's Helpline: 1 (800) NO BUTTS for cessation services.

Thanks to all Burbank Unified School District employees for your help in complying with this requirement.

Drug and Alcohol-Free Workplace Policy

BP 4020

The Board of Education believes that the maintenance of drug and alcohol-free workplaces is essential to school and district operations.

No employee shall unlawfully manufacture, distribute, dispense, possess, use or be under the influence of any alcoholic beverage, drug or controlled substance as defined in 21 USC 81 at any school district workplace. These prohibitions apply before, during, and after school hours. A school district workplace is any place where school district work is performed; any school-owned or school-approved vehicle used to transport students to and from school or school activities; any off school sites when accommodating a school-sponsored or school-approved activity or function where students are under district jurisdiction; or during any period of time when an employee is supervising students on behalf of the district or otherwise engaged in district business.

Sexual Harassment

The Board of Education prohibits sexual harassment of district employees and job applicants. The Board also prohibits retaliatory behavior or action against district employees or other persons who complain, testify or otherwise participate in the complaint process established pursuant to this policy and administrative regulation.

The Superintendent or designee shall take all actions necessary to ensure the prevention, investigation, and correction of sexual harassment, including but not limited to:

- Providing training to employees in accordance with law and administrative regulation
- Publicizing and disseminating the district's sexual harassment policy to staff
- Ensuring prompt, thorough, and fair investigation of complaints

- Taking timely and appropriate corrective/remedial action(s), which may require interim separation of the complainant and the alleged harasser and subsequent monitoring of developments

All complaints and allegations of sexual harassment shall be kept confidential to the extent necessary to carry out the investigation or to take other subsequent necessary actions. (5 CCR 4964)

Any district employee or job applicant who feels that he/she has been sexually harassed or who has knowledge of any incident of sexual harassment by or against another employee, a job applicant or a student, shall immediately report the incident to his/her supervisor, the principal, district administrator or Superintendent.

A supervisor, principal or other district administrator who receives a harassment complaint shall promptly notify the Superintendent or designee.

Complaints of sexual harassment shall be filed in accordance with AR 4031 - Complaints Concerning Discrimination in Employment. An employee may bypass his/her supervisor in filing a complaint where the supervisor is the subject of the complaint.

Any district employee who engages or participates in sexual harassment or who aids, abets, incites, compels, or coerces another to commit sexual harassment against a district employee, job applicant, or student is in violation of this policy and is subject to disciplinary action, up to and including dismissal. (BP 4119.11(a), 4219.11, 4319.11)

Sexual Harassment Policy

Sexual harassment is considered to be any unwanted, unwelcomed, or unsolicited sexual conduct imposed on a person who regards it as offensive or undesirable. The key word in defining sexual harassment is **unwelcome**. The Burbank Unified School District has a **zero tolerance for any form of sexual harassment**. (BP 4119.11)

How do you know if it is sexual harassment?

If someone's words or actions:

- Are unwelcome or offensive to you
- Make you feel uncomfortable or threatened
- Affect your job performance...

Then it may be Sexual Harassment and should be reported to your immediate supervisor for investigation.

- Employee to Student Sexual Harassment is not tolerated and may lead to disciplinary action.
- Student to Student Sexual Harassment should be reported to the site administrator.
- Contact your immediate supervisor or Human Resources if the harassment involves your supervisor.

Forms of Sexual Harassment

Verbal	Non-Verbal	Physical
threats or insults	gestures/looks	cornering
offensive comments	staring/leering	pinching
offensive jokes	posters/photos	grabbing
pressure of dates	drawings of sexual nature	touching
propositions	emails	assault
suggestions of a sexual nature	cartoons	hugging
	sexting	kissing

Be careful. You may never know who is offended by your comments or action. Nothing employees do at work is really ever private including: conversations, telephone calls, websites visited, or email.

Complaint Procedures

Complaint Procedure: Employee to Employee

If any employee perceives comments, gestures or actions deemed to be offensive from any other employee, including supervisors or members of management, the employee should notify the immediate supervisor, or the Assistant Superintendent, Human Resources Services. Immediate supervisors will promptly report any complaint to

the Assistant Superintendent, Human Resources Services. No employee is required to file any complaint with the alleged harasser.

The complainant may present such complaint orally or in writing. However, if the complaint is not resolved informally, the complainant must present such complaint in writing to the Assistant Superintendent, Human Resources Services. The statement shall be a clear, concise statement of the complaint and the circumstances involved. The District will promptly and thoroughly investigate any complaints of harassment, and will take immediate action to resolve such complaints (BP 4144).

Filing a Complaint, Uniform Complaint Procedures

The District is primarily responsible for compliance with state and federal laws and regulations. The District has established procedures to address unlawful discrimination and complaints alleging violations of state or federal laws governing the following educational programs:

- Adult Basic Education established pursuant to Education Code (EC) Sections 8500 through 8538 and 52500 through 52616.5;
- Consolidated Categorical Aid programs listed in EC Section 64000(a);
- Migrant Education established pursuant to EC Sections 54440 through 54445;
- Career Technical Education established pursuant to EC Sections 52300 through 52480;
- Child Care and Development programs established pursuant to EC 49490 through 49560;
- Special Education programs established pursuant to EC Sections 56000 through 56885 and EC Sections 59000 through 59300;
- Complaints which allege unlawful discrimination on the basis of ethnic group identification, religion, age, sex, color, sexual orientation, gender, race, ancestry or physical or mental disability, in program or activity conducted by a local agency, which is funded directly by, or that receives or benefits from any state financial assistance;

Unresolved complaints from Administrative Regulation 1312.4: Procedure for Complaints Concerning Instructional Materials, Facilities, Teacher Vacancy and Misassignment, and CAHSEE (California High School Exit Examination) Intensive Instruction and Services (EC Section 35186); Non-compliance with school safety planning requirements of Title IV of the NCLB (20 USC Section 7114(d) (7)) pursuant to EC Section 32289).

Complaints may be filed under the District's Uniform Complaint Procedures. Copies of the complaint procedures are available free of charge at the District Office or at the school office.

The District shall promote programs which ensure that discriminatory practices are eliminated in all District activities (EC Section 56501). You have certain rights under the law, including Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and the Individuals with Disabilities Education Act (IDEA). A handicap or limited English language skills will not be a barrier to District programs.

The California Department of Education and the Office for Civil Rights of the U.S. Department of Education have authority to enforce these laws and all programs and activities that receive federal funds. If you wish further details in this regard, or wish to file a complaint, please contact the District's Uniform Complaint Officer.

District's Uniform Complaint Officer

The Governing Board designates the following compliance officer to receive and investigate all complaints and ensure District compliance with the law:

- **For Grades PreK to 5th**
Rebecca Harris, Director of Elementary Education
Burbank Unified School District
1900 West Olive Avenue, Burbank, CA 91506
rebeccaharris@burbankusd.org (818) 729-4475
- **For Grades 6th to Adult Education**
Oscar Macias, Ed.D., Director of Secondary Education
Burbank Unified School District
1900 West Olive Avenue, Burbank, California 91506
oscardmacias@burbankusd.org (818) 729-4451

- Complaints made under this procedure shall be directed to the Uniform Complaint Officer, who is responsible for processing the claims. A complaint under the Uniform Complaint Procedure (UCP) should be completed within 60 days unless otherwise indicated.
- You may contact the UCP Officer to obtain a copy of the complaint process.
- The Superintendent or designee shall determine whether the complainant and the District representative will participate in mediation to resolve the complaint prior to a formal investigation.
- Each complaint shall be investigated by the Superintendent or designee.
- The Superintendent or designee shall prepare a proposed written decision containing findings and disposition of the complaint. The Superintendent or designee shall provide a copy of the proposed decision to the complainant and the District representative and shall place the matter of the proposed decision on the agenda for the Governing Board.
- The complainant has a right to appeal the District’s decision to the California Department of Education (CDE) by filing a written appeal within 15 days of the decision. The complainant is required to specify if the District used incorrect facts or misinterpreted the law to arrive at its decision.
- There is nothing in this process to preclude a complainant from pursuing available civil law remedies outside the District’s complaint procedures. Such remedies may include mediation, attorneys, and legal remedies. Civil law remedies may include, but are not limited to, injunctions and restraining orders.

For discrimination complaints, 60 days must elapse from the time an appeal is filed with CDE before pursuing civil remedies except for an injunction. Complaints may also be forwarded to appropriate state or federal agencies in the following cases:

- **American Civil Liberties Act 504** – Office of Civil Rights
- **Child Abuse** – Department of Social Services, Protective Services Division, or law enforcement
- **Discrimination/Nutritional Services** – U.S. Secretary of Agriculture
- **Employment Discrimination** – Department of Fair Employment and Housing, Equal Employment Opportunity Commission
- **General Education** – Burbank Unified School District
- **Health and Safety/Child Development** – Department of Social Services
- **Student Records** – Family Policy Compliance Officer (FPCO), U.S. Department of Education

Employee Use of Technology Policy

BP 4040

The Board of Education recognizes that technological resources can enhance employee performance by improving access to and exchange of information, offering effective tools to assist in providing a quality instructional program, and facilitating district and school operations. The Board expects all employees to learn to use the available technological resources that will assist them in the performance of their job responsibilities. As needed, employees shall receive training in the appropriate use of these resources.

Employees shall be responsible for the appropriate use of technology and shall use the District's technological resources only for purposes related to their employment. Such use is a privilege and is not a right of any person, which may be revoked at any time. All other uses of the District computing and network resources are strictly prohibited. As a condition of using the District's computing and network resources, every user shall read and sign the appropriate Acceptable Use of Technology agreement provided by the District. Any user who does not sign an Acceptable Use of Technology agreement shall not be permitted to use the District's computer and network resources.

The District's computer resources, files, and all users' accounts are the property of the District. There is no right to privacy in the use of these resources or users' accounts, and the District reserves the right to monitor and access information on these systems and in users' accounts for determining whether any violations have occurred. Users are only authorized to use computer resources and information to which they have been given specific permission to access. If users encounter or observe violations in system or network security, they shall immediately report the violation to the manager of that system, an administrator, or supervisor, and shall immediately exit that portion of the system.

Employees should be aware that computer files and communications over electronic networks, including e-mail and voice mail, are not private. These technologies shall not be used to transmit confidential information about students, employees or district operations without authority.

To ensure proper use of the system, the Superintendent or designee may monitor the district's technological resources, including e-mail and voice mail systems, at any time without advance notice or consent. If passwords are used, they must be known to the Superintendent or designee so that he/she may have system access.

The Superintendent or designee shall establish administrative regulations which outline employee obligations and responsibilities related to the use of district technology. He/she also may establish guidelines and limits on the use of technological resources. Inappropriate use shall result in a cancellation of the employee's user privileges, disciplinary action and/or legal action in accordance with law, Board policy and administrative regulations.

The Superintendent or designee shall provide copies of related policies, regulations and guidelines to all employees who use the district's technological resources. Employees shall be asked to acknowledge in writing that they have read and understood these policies, regulations and guidelines.

In the event that the use of an electronic resource affects the working conditions of one or more employees, the Superintendent or designee shall notify the employees' exclusive representative. (BP 4040)

Solicitation of Funds from and By Students

AR 1321

Community Relations

Students are prohibited from being required to pay a fee for participation in an educational activity offered by a school or district that constitutes an integral fundamental part of elementary and secondary education, including, but not limited to, co-curricular and extracurricular activities. (Education Code 49011 a,b)

No student shall be required to raise a specified amount of money in order to participate in an activity sponsored by a school-connected organization.

As of the 2013-14 school year, any fundraising activities by students and or the seeking of donations and contributions shall require written approval through the use of District form (see Exhibit: E 1321) at least 15 working days before the activity, by the principal or designee.

Any activities which expose students to dangers or hazards shall not be authorized.

Door-to-door solicitation by minors under the age of 16 may be permitted as follows in accordance with the California Code of Regulations, Title 8, 11706:

1. Door-to-door selling within the meaning of Section 11706 shall include selling by such minors, either alone or in pairs or teams, in parking lots or malls.
2. Minors under the age of 16 may not sell to passing motorists newspapers, candy, flowers, or other merchandise or commodities from a fixed location on a street, highway, freeway island or divider, freeway on or off ramp, or other side of a freeway or highway entrance or exit shoulder.
3. Minors under the age of 16 may not sell newspaper or magazine subscriptions, candy, cookies, flowers, or other merchandise or commodities door-to-door unless all of the following conditions are met (LC 1296; 8 CCR 1170)
 - a. Minors so engaged work in pairs, as a team, on the same or opposite side of the street
 - b. Minors so engaged must be supervised by an adult for each crew of 10 or fewer minors
 - c. Minors must be within the sight or sound of the adult supervisor at least once every 15 minutes
 - d. Minors must be returned to their respective homes or place of rendezvous daily after each day's activity
4. Letters sent to parent/guardians/caregivers regarding door-to-door activities shall include the following:
 - a. Notification that minors under the age of 16 shall not be out after dark selling or soliciting funds for school activities
 - b. Notification that minors under the age of 16 shall not sell or solicit funds outside of their immediate neighborhood
5. Students in Kindergarten through grade 3 shall not be involved in any door-to-door sales or solicitation.

In order to minimize interruptions to regularly scheduled instruction, staff shall limit fund-raising activities to appropriate time periods as designated by the principal and shall not interfere with the instructional program.

No students shall be solicited by teachers or others to contribute or to work for any organization not directly under the control of school authorities or be charged for any entertainment programs within the school during school hours.

The soliciting of money or the acceptance of donations from students for other than school activities shall be prohibited except for the following:

1. Student body and Parent Teacher Association/Parent Teacher Student Association (PTA/PTSA) dues.
2. Student body solicitations for service activities initiated by the students, approved by the principal in accordance with policy, under the direct supervision of school authorities.
3. Fund solicitation from students and/or the distribution of announcements by students or teachers. This applies to the following organizations that shall be granted permission to distribute notices through students for student-related activities subject to review by the principal for appropriateness:
 - Burbank Educational Foundation
 - Burbank PTAs/PTSAs
 - Burbank Parks and Recreation Department
 - Burbank Public Library
 - Burbank Family YMCA
 - Burbank Priority in Education Foundation (B.P.I.E.)
 - Burbank Salvation Army
 - Girl Scouts
 - Boy Scouts of America
 - Camp Fire, Inc.
 - American Red Cross
 - American Youth Soccer Organization (AYSO)
 - Vikings Football

Burbank Arts Education Foundation

Each fundraising campaign shall not exceed, unless otherwise authorized in advance by the principal or designee, 10 school days in duration at the elementary level, 15 school days at the middle school level, and no more than 20 school days in the comprehensive/continuation high schools, number of days to be determined by the site administrator.

All fundraising activities generated at a specific site are specific to that site. If a student raises funds for a group at an identified site, and the student transfers out of the program, or leaves the program for any reason, or transfers to another school in the district, or moves out of the district, the funds raised by that student do not transfer with the student, but remain in the account of original deposit.

Solicitation of Funds from And by Students

BP 1321

Community Relations

Students are prohibited from being required to pay a fee for participation in an educational activity offered by a school or district that constitutes an integral fundamental part of elementary and secondary education, including, but not limited to, co-curricular and extracurricular activities.

(Education Code 49011 a,b)

1. The Board of Education recognizes that participation in fundraising activities for the schools and for nonprofit, for nonpartisan charitable organizations can help students develop a sense of social responsibility.
2. When approved in advance by the Board, funds may be solicited or materials distributed for those nonprofit, nonpartisan organizations that are properly chartered or licensed by state or federal law.
(Education Code 51521)
3. This policy does not apply to Associated Student Body (ASB) or Parent Teacher Association (PTA) accounts.
4. Any classroom activity requiring fundraising, and or the seeking of donations and contributions must have the principal's prior approval.
(Education Code 51521)

Solicitation on Behalf of the School

1. With the advanced approval of the Superintendent or designee, official school-related organizations may organize fund-raising events involving students.
2. The Superintendent or designee shall ensure that parents/guardians are informed of the purpose of all fundraisers benefiting the school or school-connected organizations. Parents/guardians shall be encouraged to offer their suggestions for the use of money raised to improve school facilities or to finance supplementary educational experiences. After the fundraiser is held, parents/guardians shall be told how much money was raised and how it was spent.

All Solicitation

1. The Board recognizes that the opportunity to participate in financial support activities is of benefit to the student, school site, and district. To this end, students should be encouraged to participate in such activities. No students shall be barred from any activity because they did not participate in fundraising.
2. Fundraising events shall be planned and conducted in such a manner as to teach and exemplify sound, ethical business practices and should be scheduled so as not to conflict with other school-related events nor to place an undue financial burden upon the residents of the district.

Business on District Property

Except as provided by Administrative Regulations, no individual may conduct any business by advertising or offering for sale any article or service to students or employees on school district property. Advertisement in

designated locations and sales outside of working hours may be permitted for employees, but only for personally-owned articles and/or personally-provided services.

Bullying

BP 5131.2

Bullying is a form of violence. The acts involve real or perceived imbalance of power with the more powerful student, person, or group attacking those who are less powerful.

Bullying is subjecting a person to abusive actions. Typically, bullying behavior is unprovoked, intentional, and repeated over time, and includes the use of hurtful words and/or acts.

Bullying may include, but is not limited to gestures or written, verbal, or physical acts that are reasonably perceived as being motivated by general disrespect or by any actual or perceived characteristics, such as race, color, religion, ancestry, national origin, gender, gender identity or expression, sexual orientation, a mental, physical, or sensory disability, or on the basis of association with an individual who falls into one of the protected categories, that takes place on school property, on any school sponsored function, or on a school bus, or that (1) places student or school employee in reasonable fear of harm to his or her person or well-being; or damage to his or her property or (2) has the effect of substantially interfering with the student's educational performance, opportunities, or benefits; or (3) has the effect of substantially disrupting the orderly operation of the school.

Possible Indicators of Bullying Behavior

1. Bullying can occur face to face or via written, telephonic or online communication. Bullying behaviors are usually repetitive in nature and may include, but are not necessarily limited, to the following:
2. Verbal: Hurtful name-calling, teasing, gossiping, taunting, making threats, making rude noises, or spreading hurtful rumors.
3. Physical: Hitting, punching, pushing, shoving, poking, kicking, tripping, strangling, hair pulling, fighting, beating, biting, spitting, stealing, or destroying property.
4. Emotional (Psychological): Rejecting, terrorizing, extorting, defaming, intimidating, humiliating, blackmailing, manipulating friendships, isolating, ostracizing, using peer pressure, or rating or ranking personal characteristics.
5. Cyber Bullying: Includes the transmission of harassing communications, direct threats, or other harmful texts, sounds, or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.
6. Any act that has the effect of insulting or demeaning any individual or group of individuals in such a way as to cause distress, reluctance to attend school, a decline in quality of work, or problem behaviors.

The Board of Education is committed to providing a safe working and learning environment. The district will not tolerate bullying or any behavior that infringes upon the safety or well-being of students, employees, or any persons within the district's jurisdiction. The district will not tolerate retaliation in any form, when bullying has been reported. District policy requires all schools and all personnel to promote among students and employees mutual respect, tolerance, and acceptance. "All students and staff of public primary, elementary, junior high [middle school], and senior high have the inalienable right to attend campuses which are safe, secure and peaceful."

(Article 1, Section 28 (c) of the California State Constitution)

Within two business days of receiving a report of bullying, the principal shall notify the district compliance officer or his or her designee identified in AR 1312.3 - Uniform Complaint Procedures.

(cf. 1312.3 - Uniform Complaint Procedures)

The Board desires to enhance student learning by providing an orderly, caring, and nurturing educational and social environment in which all students can feel safe and take pride in their school and their achievements. To this end, the Board also recognizes the harmful effects of bullying on student learning and school attendance and desires to

protect students from physical and emotional harm. The environment at every school should be characterized by positive interpersonal relationships among students and between students, employees, and community members. (cf. 0410 - Nondiscrimination in District Programs and Activities), (cf. 3515 - Campus Security), (cf. 3515.2 - Disruptions), (cf. 5030 - Student Wellness), (cf. 5131 - Conduct), (cf. 5131.4 - Student Disturbances) (cf. 5142 - Safety), (cf. 5145.3 - Nondiscrimination/Harassment)

No individual, student, or group of students shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, cyberbully, cause bodily injury to, or commit hate violence against any other student or school personnel.

(cf. 5131 - Conduct), (cf. 5136 - Gangs), (cf. 5145.3 - Nondiscrimination/Harassment), (cf. 5145.7 - Sexual Harassment), (cf. 5145.9 - Hate-Motivated Behavior)

Strategies for bullying prevention and intervention shall be developed with involvement of key stakeholders in accordance with law, Board policy, and administrative regulation governing the development of comprehensive safety plans and shall be incorporated into such plans.

(cf. 0420 - School Plans/Site Councils), (cf. 0450 - Comprehensive Safety Plan), (cf. 6020 - Parent Involvement) (cf. 1220 - Citizen Advisory Committees), (cf. 1400 - Relations Between Other Governmental Agencies and the Schools)

Bullying Prevention

To the extent possible, district and school strategies shall focus on prevention of bullying by establishing clear rules for student conduct and strategies to establish a positive, collaborative school climate. Students, parents, and staff shall be informed, through student handbooks and other appropriate means, of district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for perpetrators of bullying. (cf. 5137 - Positive School Climate), (cf. 6164.2 - Guidance/Counseling Services)

The district may provide students with instruction, in the classroom or other educational settings, that promotes effective communication and conflict resolution skills, social skills, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior.

(cf. 6163.4 - Student Use of Technology), (cf. 6142.8 - Comprehensive Health Education) (cf. 6142.94 - History-Social Science Instruction)

School staff shall receive related professional development, including information about early warning signs of harassing/intimidating behaviors and effective prevention and intervention strategies.

(cf. 4131 - Staff Development), (cf. 4231 - Staff Development), (cf. 4331 - Staff Development)

Based on an assessment of bullying incidents at school, the Superintendent or designee may increase supervision and security in areas where bullying most often occurs, such as classrooms, playgrounds, hallways, restrooms, cafeterias.

Intervention

Students are encouraged to notify school staff when they are being bullied or suspect that another student is being victimized. In addition, the Superintendent or designee shall develop means for students to report threats or incidents confidentially and anonymously. A telephone hotline, (818) 729-4589, an email, and portal (StopBullying@burbankusd.org) have been established for the purpose of anonymously reporting claims of bullying. This information will be posted on our district website and at every school site.

School staff who witness bullying shall immediately intervene to stop the incident when it is safe to do so. (Education Code 234.1)

When appropriate based on the severity or pervasiveness of the bullying, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators and may contact law enforcement.

The Superintendent, principal, or principal's designee may refer a victim, witness, perpetrator, or other student affected by an act of bullying to a school counselor, school psychologist, social worker, child welfare attendance personnel, school nurse, or other school support service personnel for case management, counseling, and/or participation in a restorative justice program as appropriate.

(Education Code 48900.9), (cf. 6164.2 - Guidance/Counseling Services)

Reporting and Filing of Complaints

Students may submit to a teacher or administrator a verbal or written complaint of conduct they consider to be bullying. Complaints of bullying shall be investigated and resolved in accordance with the district's uniform complaint procedures as specified in AR 1312.3 - Uniform Complaint Procedures. (cf. 1312.3 - Uniform Complaint Procedures)

When a student is reported to be engaging in bullying off campus, the Superintendent or designee shall investigate and document the activity and shall identify specific facts or circumstances that explain the impact or potential impact on school activity, school attendance, or the targeted student's educational performance.

Any student, parent/guardian, or other individual who believes that a student has been subjected to bullying or who has witnessed bullying may report the incident to a teacher, the principal, a compliance officer, or any other available school employee. Within one business day of receiving such a report, a staff member shall notify the principal of the report, whether or not a uniform complaint is filed. In addition, any school employee who observes an incident of bullying involving a student shall, within one business day, report his/her observation to the principal or a district compliance officer, whether or not the alleged victim files a complaint.

When the circumstances involve cyberbullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages sent to them that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated.

If the student is using a social networking site or service that has terms of use that prohibit posting of harmful material, the Superintendent or designee also may file a complaint with the Internet site or service to have the material removed.

Discipline

Any student who engages in bullying on school premises, or off campus in a manner that causes or is likely to cause a substantial disruption of a school activity or school attendance, shall be subject to discipline, which may include suspension or expulsion, in accordance with district policies and regulations.

Any employee who permits or engages in bullying or retaliation related to bullying shall be subject to disciplinary action, up to and including dismissal, in accordance with applicable collective bargaining agreements and Board Policies.

(cf. 5138 - Conflict Resolution/Peer Mediation), (cf. 5144 - Discipline),
(cf. 5144.1 - Suspension and Expulsion/Due Process),
(cf. 6159.4 - Behavioral Interventions for Special Education Students)
(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))

Suicide Prevention

AR 5141.52

Student identification cards shall include the National Suicide Prevention Lifeline telephone number and may also include the Crisis Text Line and/or a local suicide prevention hotline telephone number. (Education Code 215.5)

Staff Development

Suicide prevention training shall be provided to teachers, counselors, and other district employees who interact with students. The training shall be offered under the direction of a district counselor/psychologist and/or in cooperation with one or more community mental health agencies.

(cf. 4131 - Staff Development), (cf. 4231 - Staff Development), (cf. 4331 - Staff Development)

Materials for training shall include how to identify appropriate mental health services at the school site and within the community, and when and how to refer youth and their families to those services. Materials also may include programs that can be completed through self-review of suitable suicide prevention materials. (Education Code 215)

Staff development shall include research and information related to the following topics:

1. The higher risk of suicide among certain groups, including, but not limited to, students who are bereaved by suicide; students with disabilities, mental illness, or substance use disorders; students who are

experiencing homelessness or who are in out-of-home settings such as foster care; and students who are lesbian, gay, bisexual, transgender, or questioning youth

2. Individual risk factors such as previous suicide attempt(s) or self-harm, history of depression or mental illness, family history of suicide or violence, feelings of isolation, interpersonal conflicts, a recent severe stressor or loss, family instability, impulsivity, and other factors (cf. 5131.6 - Alcohol and Other Drugs)
3. Warning signs that may indicate depression, emotional distress, or suicidal intentions, such as changes in students' personality or behavior and verbalizations of hopelessness or suicidal intent
4. Protective factors that may help to decrease a student's suicide risk, such as resiliency, problem-solving ability, access to mental health care, and positive connections to family, peers, school, and community
5. Instructional strategies for teaching the suicide prevention curriculum and promoting mental and emotional health
6. School and community resources and services, including resources and services that meet the specific needs of high-risk groups (cf. 5141.6 - School Health Services), (cf. 6164.2 - Guidance/Counseling Services)
7. Appropriate ways to interact with a student who is demonstrating emotional distress or is suicidal and procedures for intervening when a student attempts, threatens, or discloses the desire to die by suicide, including, but not limited to, appropriate protocols for monitoring the student while the immediate referral of the student to medical or mental health services is being processed
8. District procedures for responding after a suicide has occurred

Instruction

The district's comprehensive health education program shall promote the healthy mental, emotional, and social development of students and shall be aligned with the state content standards and curriculum framework. Suicide prevention instruction shall be incorporated into the health education curriculum at appropriate secondary grades and shall be designed to help students:

1. Identify and analyze signs of depression and self-destructive behaviors and understand how feelings of depression, loss, isolation, inadequacy, and anxiety can lead to thoughts of suicide
2. Develop coping and resiliency skills and self-esteem
3. Learn to listen, be honest, share feelings, and get help when communicating with friends who show signs of suicidal intent
4. Identify trusted adults, school resources, and/or community crisis intervention resources where youth can get help and recognize that there is no stigma associated with seeking services for mental health, substance abuse, and/or suicide prevention (cf. 5131.6 - Alcohol and Other Drugs), (cf. 5141.6 - School Health Services), (cf. 6142.8 - Comprehensive Health Education), (cf. 6164.2 - Guidance/Counseling Services)

Intervention

Students shall be encouraged to notify a teacher, principal, counselor, or other adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions.

Every statement regarding suicidal intent shall be taken seriously. Whenever a staff member suspects or has knowledge of a student's suicidal intentions based on the student's verbalizations or act of self-harm, the staff member shall promptly notify the principal or school counselor, who shall implement district intervention protocols as appropriate.

Although any personal information that a student discloses to a school counselor shall generally not be revealed, released, referenced, or discussed with third parties, the counselor may report to the principal or student's parents/guardians when there is reasonable cause to believe that disclosure is necessary to avert a clear and present danger to the health, safety, or welfare of the student or others within the school community. In addition, the counselor may disclose information of a personal nature to psychotherapists, other health care providers, or the

school nurse for the sole purpose of referring the student for treatment.
(Education Code 49602), (cf. 5141 - Health Care and Emergencies)

School employees shall act only within the authorization and scope of their credential or license. An employee is not authorized to diagnose or treat mental illness unless specifically licensed and employed to do so.
(Education Code 215)

Whenever schools establish a peer counseling system to provide support for students, peer counselors shall receive training that includes identification of the warning signs of suicidal behavior and referral of a suicidal student to appropriate adults.
(cf. 5138 - Conflict Resolution/Peer Mediation)

When a suicide attempt or threat is reported, the principal or designee shall ensure student safety by taking the following actions:

1. Immediately securing medical treatment and/or mental health services as necessary
2. Notifying law enforcement and/or other emergency assistance if a suicidal act is being actively threatened
3. Keeping the student under continuous adult supervision until the parent/guardian and/or appropriate support agent or agency can be contacted and has the opportunity to intervene
4. Removing other students from the immediate area as soon as possible
(cf. 0450 - Comprehensive Safety Plan), (cf. 5141 - Health Care and Emergencies)

The principal or designee shall document the incident in writing, including the steps that the school took in response to the suicide attempt or threat.
(cf. 5125 - Student Records)

The Superintendent or designee shall follow up with the parent/guardian and student in a timely manner to provide referrals to appropriate services as needed. If the parent/guardian does not access treatment for the student, the Superintendent or designee may meet with the parent/guardian to identify barriers to treatment and assist the family in providing follow-up care for the student. If follow-up care is still not provided, the Superintendent or designee shall consider whether it is necessary, pursuant to laws for mandated reporters of child neglect, to refer the matter to the local child protective services agency.
(cf. 5141.4 - Child Abuse Prevention and Reporting)

For any student returning to school after a mental health crisis, the principal or designee and/or school counselor may meet with the parents/guardians and, if appropriate, with the student to discuss re-entry and appropriate next steps to ensure the student's readiness for return to school and determine the need for ongoing support.

Postvention

In the event that a student dies by suicide, the Superintendent or designee shall communicate with the student's parents/guardians to offer condolences, assistance, and resources. In accordance with the laws governing confidentiality of student record information, the Superintendent or designee shall consult with the parents/guardians regarding facts that may be divulged to other students, parents/guardians, and staff.

The Superintendent or designee shall implement procedures to address students' and staff's grief and to minimize the risk of imitative suicide or suicide contagion. The Superintendent or designee shall provide students, parents/guardians, and staff with information, counseling, and/or referrals to community agencies as needed. School staff may receive assistance from school counselors or other mental health professionals in determining how best to discuss the suicide or attempted suicide with students.

Any response to media inquiries shall be handled by the district-designated spokesperson who shall not divulge confidential information. The district's response shall not sensationalize suicide and shall focus on the district's postvention plan and available resources.
(cf. 1112- Media Relations)

After any suicide or attempted suicide by a student, the Superintendent or designee shall provide an opportunity for all staff who responded to the incident to debrief, evaluate the effectiveness of the strategies used, and make recommendations for future actions.

Integrated Pest Management

AR 3514.2

Definitions

Integrated pest management (IPM) means a strategy that focuses on long-term prevention or suppression of pest problems through a combination of techniques such as monitoring for pest presence and establishing treatment threshold levels, using nonchemical practices to make the habitat less conducive to pest development, improving sanitation, and employing mechanical and physical controls.

(Education Code 17609; Food and Agricultural Code 13181)

School site means any facility used as a child day care facility or for kindergarten, elementary, or secondary school purposes and includes the buildings or structures, playgrounds, athletic fields, vehicles, or any other area of property visited or used by students.

(Education Code 17609)

Program Components

The Superintendent or designee shall designate an employee at the district office and/or school site to develop, implement, and coordinate an IPM strategy that incorporates effective, least toxic pest management practices.

- The IPM coordinator shall prepare and annually update a districtwide or school site IPM plan based on the template provided by the California Department of Pesticide Regulation (DPR).
- The IPM plan shall include the name of the district and/or school IPM coordinator, the pesticides expected to be applied at the school site by district employees and/or pest control applicators, and a date that the plan shall be reviewed and, if necessary, updated.
(Education Code 17611.5)
- The district shall use pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property, and the environment. Such pesticides shall only be used after careful monitoring indicates they are needed according to pre-established guidelines and treatment thresholds.
(Food and Agricultural Code 13181)
- The IPM plan and this administrative regulation shall not apply to reduced-risk pesticides, including self-contained baits or traps, gels or pastes used for crack and crevice treatments, antimicrobials, and pesticides exempt from registration by law.
(Education Code 17610.5; 3 CCR 6147)

The district's program shall include, but not necessarily be limited to, the following components:

1. Identifying and monitoring pest population levels and identifying practices that could affect pest populations. Strategies for managing the pest shall be influenced by the pest species and whether that species poses a threat to people, property, or the environment.
2. Setting action threshold levels to determine when pest populations or vegetation at a specific location might cause unacceptable health or economic hazards that would indicate corrective action should be taken.
3. Modifying or eliminating pest habitats to deter pest populations and minimize pest infestations.
4. Considering a full range of possible alternative cost-effective treatments. Such alternative treatments may include taking no action or controlling the pest by physical, horticultural, or biological methods. Cost or staffing considerations alone will not be adequate justification for the use of chemical control agents.
5. Selecting nonchemical pest management methods over chemical methods whenever such methods are effective in providing the desired control or, when it is determined that chemical methods must be used, giving preference to those chemicals that pose the least hazardous effects to people and the environment.

No pesticide that is prohibited by DPR or the U.S. Environmental Protection Agency, as listed on the DPR web site, shall be used at a school site.

(Education Code 17610.1)

6. Limiting pesticide purchases to amounts needed for the year. Pesticides shall be stored at a secure location

that is not accessible to students and unauthorized staff. They shall be stored and disposed of in accordance with state regulations and product label directions.

7. Informing parents/guardians and employees regarding pesticide use as described in the sections "Notifications" and "Warning Signs" below.
8. Ensuring that persons applying pesticides follow label precautions and are sufficiently trained in the principles and practices of IPM as described in the section "Training" below.
9. Evaluating the effectiveness of treatments to determine if revisions to the IPM plan are needed.

Training

The IPM coordinator and any employee or contractor who may be designated to apply a pesticide at a school site shall annually complete a DPR-approved training course on IPM and the safe use of pesticides in relation to the unique nature of school sites and children's health. Any district employee who handles pesticides shall also receive pesticide-specific safety training prior to applying pesticides and annually thereafter in accordance with 3 CCR 6724. (Education Code 17614; Food and Agricultural Code 13186.5)

Notifications

Staff and parents/guardians of students enrolled at a school site shall be annually notified, in writing, regarding pesticide products expected to be applied at the school site in the upcoming year. The notification shall include at least the following:

(Education Code 17612)

1. The name of each pesticide product expected to be applied in the upcoming year and the active ingredient(s) in it
2. The Internet address (<http://www.cdpr.ca.gov/schoolipm>) used to access information on pesticides and pesticide use reduction developed by the DPR pursuant to Food and Agricultural Code 13184
3. If the school has posted its IPM plan, the Internet address where the plan may be found
4. The opportunity to view a copy of the IPM plan in the school office
5. An opportunity for interested persons to register to receive prior notification of each application of a pesticide at the school site
6. Other information deemed necessary by the IPM coordinator

Whenever a person registers to receive notice of individual pesticide application pursuant to item #5 above, the IPM coordinator shall notify such registered persons of individual pesticide applications at least 72 hours prior to the application. The notice shall include the product name, the active ingredient(s) in the product, and the intended date of application.

(Education Code 17612)

- If a pesticide product not included in the annual notification is subsequently intended for use at a school site, the IPM coordinator shall provide written notification of its intended use to staff and parents/guardians of students enrolled at the school, at least 72 hours prior to the application.
(Education Code 17612)
- If a school chooses to use a pesticide not exempted pursuant to Education Code 17610.5, it shall post the school or district IPM plan on the school's web site or, if the school does not have a web site, then on the district web site. If neither the school nor district has a web site, then the IPM plan shall be included with the annual notification sent to staff and parents/guardians pursuant to Education Code 17612 as described above. When not required, the IPM coordinator may post or distribute the IPM plan at his/her discretion.
(Education Code 17611.5)

Whenever the IPM coordinator deems that the immediate use of a pesticide is necessary to protect the health and safety of students, staff, or other persons at the school site, he/she shall make every effort to provide the required notifications prior to the application of the pesticide.

(Education Code 17612)

Warning Signs

The IPM coordinator shall post a warning sign at each area of the school site where pesticides will be applied that shall be visible to all persons entering the treated area. The sign shall be posted at least 24 hours prior to the application and shall remain posted until 72 hours after the application. The warning sign shall prominently display the following information:

(Education Code 17612)

1. The term "Warning/Pesticide Treated Area"
2. The product name, manufacturer's name, and the EPA's product registration number
3. Intended areas and dates of application
4. Reason for the pesticide application

When advance posting is not possible due to an emergency condition requiring immediate use of a pesticide to protect the health and safety of students, staff, or other persons on the school site, the warning sign shall be posted immediately upon application and shall remain posted until 72 hours after the application.

(Education Code 17609, 17612)

Records

At the end of each calendar year, the IPM coordinator shall submit to DPR, on a form provided by DPR, a copy of the records of all pesticide use at the school site for that year, excluding any pesticides exempted by law and any pesticide use reported by the pest control operator pursuant to Food and Agricultural Code 13186. The IPM coordinator may submit more frequent reports at his/her discretion.

(Education Code 17611)

Each school site shall maintain records of all pesticide use at the school for four years, and shall make the information available to the public, upon request, in accordance with the California Public Records Act. A school may meet this requirement by retaining a copy of the warning sign posted for each pesticide application with a recording on that copy of the amount of the pesticide used.

(Education Code 17611)

Pesticide Use near School Site

Upon receiving notification pursuant to 3 CCR 6692 that a grower expects to use agricultural pesticides within one-quarter mile of a school site Monday through Friday from 6:00 a.m. to 6:00 p.m., the principal or designee shall notify the Superintendent or designee, IPM coordinator, staff at the school site, and parents/guardians of students enrolled at the school.

The principal or designee may communicate with any grower within one-quarter mile of the school to request that the grower not apply pesticides during evenings or weekends when school activities are scheduled.

Administering Medication and Monitoring Health Conditions

AR 5141.21

Definitions

Authorized health care provider means an individual who is licensed by the State of California to prescribe or order medication, including, but not limited to, a physician or physician assistant.

(Education Code 49423; 5 CCR 601)

Other designated school personnel means any individual employed by the district, including a nonmedical school employee, who has volunteered or consented to administer medication or otherwise assist the student and who may legally administer the medication to the student or assist the student in the administration of the medication.

(5 CCR 601, 621)

Medication may include not only a substance dispensed in the United States by prescription, but also a substance that does not require a prescription, such as over-the-counter remedies, nutritional supplements, and herbal

remedies.
(5 CCR 601)

Epinephrine auto-injector means a disposable delivery device designed for the automatic injection of a premeasured dose of epinephrine into the human body to prevent or treat a life-threatening allergic reaction.
(Education Code 49414)

Anaphylaxis means a potentially life-threatening hypersensitivity to a substance, which may result from an insect sting, food allergy, drug reaction, exercise, or other cause. Symptoms may include shortness of breath, wheezing, difficulty breathing, difficulty talking or swallowing, hives, itching, swelling, shock, or asthma.
(Education Code 49414)

Opioid antagonist means naloxone hydrochloride or another drug approved by the federal Food and Drug Administration that, when administered, negates or neutralizes in whole or in part the pharmacological effects of an opioid in the body and that has been approved for the treatment of an opioid overdose.
(Education Code 49414.3)

Notifications to Parents/Guardians

At the beginning of each school year, the Superintendent or designee shall notify parents/guardians of the options available to students who need to take prescribed medication during the school day and the rights and responsibilities of parents/guardians regarding those options.
(Education Code 49480)

In addition, the Superintendent or designee shall inform the parents/guardians of any student on a continuing medication regimen for a nonepisodic condition of the following requirements:
(Education Code 49480)

1. The parent/guardian is required to inform the school nurse or other designated employee of the medication being taken, the current dosage, and the name of the supervising physician.
2. With the parent/guardian's consent, the school nurse or other designated employee may communicate with the student's physician regarding the medication and its effects and may counsel school personnel regarding the possible effects of the medication on the student's physical, intellectual, and social behavior, as well as possible behavioral signs and symptoms of adverse side effects, omission, or overdose.

When a student requires medication during the school day in order to participate in the educational program, the Superintendent or designee shall, as appropriate, inform the student's parents/guardians that the student may qualify for services or accommodations pursuant to the Individuals with Disabilities Education Act (20 USC 1400-1482) or Section 504 of the federal Rehabilitation Act of 1973 (29 USC 794).

Parent/Guardian Responsibilities

The responsibilities of the parent/guardian of any student who may need medication during the school day shall include, but are not limited to:

1. Submitting the parent/guardian written statement and the authorized health care provider's written statement each school year as described in the sections "Parent/Guardian Statement" and "Health Care Provider Statement" below. The parent/guardian shall provide a new authorized health care provider's statement if the medication, dosage, frequency of administration, or reason for administration changes.
(Education Code 49414.5, 49423, 49423.1; 5 CCR 600, 626)
2. If the student is on a continuing medication regimen for a nonepisodic condition, informing the school nurse or other designated certificated employee of the medication being taken, the current dosage, and the name of the supervising physician, and updating the information when needed.
(Education Code 49480)
3. Providing medications in properly labeled, original containers along with the authorized health care provider's instructions. For prescribed or ordered medication, the container also shall bear the name and telephone number of the pharmacy, the student's identification, and the name and phone number of the authorized health care provider.
(5 CCR 606)

Parent/Guardian Statement

When district employees are to administer medication to a student, the parent/guardian's written statement shall:

1. Identify the student
2. Grant permission for an authorized district representative to communicate directly with the student's authorized health care provider and pharmacist, as may be necessary, regarding the health care provider's written statement or any other questions that may arise with regard to the medication
3. Contain an acknowledgment that the parent/guardian understands how district employees will administer the medication or otherwise assist the student in its administration
4. Contain an acknowledgment that the parent/guardian understands the responsibilities to provide a written statement from the authorized health care provider, to ensure that the medication is delivered to the school in a proper container by an individual legally authorized to be in possession of the medication, and to provide all necessary supplies and equipment
5. Contain an acknowledgment that the parent/guardian understands the right to terminate the consent for the administration of the medication or for otherwise assisting the student in the administration of medication at any time

In addition to the requirements in items #1-5 above, if a parent/guardian has requested that the student be allowed to carry and self-administer prescription auto-injectable epinephrine or prescription inhaled asthma medication, the parent/guardian's written statement shall:

(Education Code 49423, 49423.1)

1. Consent to the self-administration
2. Release the district and school personnel from civil liability if the student suffers an adverse reaction as a result of self-administering the medication

In addition to the requirements in items #1-5 above, if a parent/guardian wishes to designate an individual who is not an employee of the district to administer medication to the student, the parent/guardian's written statement shall clearly identify the individual and shall state:

1. The individual's willingness to accept the designation
2. That the individual is permitted to be on the school site
3. Any limitations on the individual's authority

Health Care Provider Statement

When any district employee is to administer prescribed medication to a student, or when a student is to be allowed to carry and self-administer prescribed medication during school hours, the authorized health care provider's written statement shall include:

1. Clear identification of the student
(Education Code 49423, 49423.1; 5 CCR 602)
2. The name of the medication
(Education Code 49423, 49423.1; 5 CCR 602)
3. The method, amount, and time schedules by which the medication is to be taken
(Education Code 49423, 49423.1; 5 CCR 602)
4. If a parent/guardian has requested that the student be allowed to self-administer medication, confirmation that the student is able to self-administer the medication
(Education Code 49414.5, 49423, 49423.1; 5 CCR 602)
5. For medication that is to be administered by unlicensed personnel, confirmation by the student's health care provider that the medication may safely and appropriately be administered by unlicensed personnel
(Education Code 49423, 49423.1; 5 CCR 602)
6. For medication that is to be administered on an as-needed basis, the specific symptoms that would necessitate administration of the medication, allowable frequency for administration, and indications for referral for medical evaluation

7. Possible side effects of the medication
8. Name, address, telephone number, and signature of the student's authorized health care provider

For self-administration of inhaled asthma medication, the district shall accept a written statement from a physician or surgeon contracted with a health plan licensed pursuant to Health and Safety Code 1351.2. Such written statement shall be in English and Spanish, and shall include the name and contact information for the physician or surgeon.

(Education Code 49423.1)

District Responsibilities

The Superintendent or designee shall ensure that any unlicensed school personnel authorized to administer medication to a student receives appropriate training from the school nurse or other qualified medical personnel.

The school nurse or other designated school personnel shall:

1. Administer or assist in administering medication in accordance with the authorized health care provider's written statement
2. Accept delivery of medications from parents/guardians and count and record them upon receipt
3. Maintain a list of students needing medication during the school day, including those authorized to self-administer medication, and note on the list the type of medication and the times and dosage to be administered
4. Maintain for each student a medication log which may:
 - a. Specify the student's name, medication, dose, method of administration, time of administration during the regular school day, date(s) on which the student is required to take the medication, and the authorized health care provider's name and contact information
 - b. Contain space for daily recording of the date, time, and amount of medication administered, and the signature of the individual administering the medication
5. Maintain for each student a medication record which may include the authorized health care provider's written statement, the parent/guardian's written statement, the medication log, and any other written documentation related to the administration of medication to the student
6. Ensure that student confidentiality is appropriately maintained
7. Coordinate and, as appropriate, ensure the administration of medication during field trips and other school-related activities
8. Report to a student's parent/guardian and the site administrator any refusal by the student to take the medication
9. Keep all medication to be administered by the district in a locked drawer or cabinet
10. As needed, communicate with a student's authorized health care provider and/or pharmacist regarding the medication and its effects
11. Counsel other designated school personnel regarding the possible effects of a medication on a student's physical, intellectual, and social behavior, as well as possible behavioral signs and symptoms of adverse side effects, omission, or overdose
12. Ensure that any unused, discontinued, or outdated medication is returned to the student's parent/guardian at the end of the school year or, if the medication cannot be returned, dispose of it in accordance with state laws and local ordinances
13. In the event of a medical emergency requiring administration of medication, provide immediate medical

assistance, directly observe the student following the administration of medication, contact the student's parent/guardian, and determine whether the student should return to class, rest in the school office, or receive further medical assistance

14. Report to the site administrator, the student's parent/guardian, and, if necessary, the student's authorized health care provider any instance when a medication is not administered properly, including administration of the wrong medication or failure to administer the medication in accordance with authorized health care provider's written statement

Emergency Epinephrine Auto-Injectors

The Superintendent or designee shall provide epinephrine auto-injectors to school nurses or other employees who have volunteered to administer them in an emergency and have received training. The school nurse, or a volunteer employee when a school nurse or physician is unavailable, may administer an epinephrine auto-injector to provide emergency medical aid to any person suffering, or reasonably believed to be suffering, from potentially life-threatening symptoms of anaphylaxis at school or a school activity.

(Education Code 49414)

At least once per school year, the Superintendent or designee shall distribute to all staff a notice requesting volunteers to be trained to administer an epinephrine auto-injector and describing the training that the volunteer will receive.

(Education Code 49414)

The principal or designee at each school may designate one or more volunteers to receive initial and annual refresher training, which shall be provided by a school nurse or other qualified person designated by a physician and surgeon authorized pursuant to Education Code 49414 and shall be based on the standards developed by the Superintendent of Public Instruction (SPI). Written materials covering the required topics for training shall be retained by the school for reference.

(Education Code 49414)

A school nurse or other qualified supervisor of health, or a district administrator if the district does not have a qualified supervisor of health, shall obtain a prescription for epinephrine auto-injectors for each school from an authorized physician and surgeon. Such prescription may be filled by local or mail order pharmacies or epinephrine auto-injector manufacturers. Elementary schools shall, at a minimum, be provided one adult (regular) and one junior epinephrine auto-injector. Secondary schools shall be provided at least one adult (regular) epinephrine auto-injector, unless there are any students at the school who require a junior epinephrine auto-injector.

(Education Code 49414)

If an epinephrine auto-injector is used, the school nurse or other qualified supervisor of health shall restock the epinephrine auto-injector as soon as reasonably possible, but no later than two weeks after it is used. In addition, epinephrine auto-injectors shall be restocked before their expiration date.

(Education Code 49414)

Information regarding defense and indemnification provided by the district for any and all civil liability for volunteers administering epinephrine auto-injectors shall be provided to each volunteer and retained in the employee's personnel file.

(Education Code 49414)

A school may accept gifts, grants, and donations from any source for the support of the school in carrying out the requirements of Education Code 49414, including, but not limited to, the acceptance of epinephrine auto-injectors from a manufacturer or wholesaler.

(Education Code 49414)

The Superintendent or designee shall maintain records regarding the acquisition and disposition of epinephrine auto-injectors for a period of three years from the date the records were created.

(Business and Professions Code 4119.2)

Emergency Medication for Opioid Overdose

The district may elect to make emergency naloxone hydrochloride or another opioid antagonist available at schools for the purpose of providing emergency medical aid to persons suffering, or reasonably believed to be suffering, from an opioid overdose. In determining whether to make this medication available, the Superintendent or designee

shall evaluate the emergency medical response time to the school and determine whether initiating emergency medical services is an acceptable alternative to providing an opioid antagonist and training personnel to administer the medication.

(Education Code 49414.3)

When available at the school site, the school nurse shall provide emergency naloxone hydrochloride or another opioid antagonist for emergency medical aid to any person exhibiting potentially life-threatening symptoms of an opioid overdose at school or a school activity. Other designated personnel who have volunteered and have received training may administer such medication when a school nurse or physician is unavailable, and shall only administer the medication by nasal spray or auto-injector.

(Education Code 49414.3)

At least once per school year, the Superintendent or designee shall distribute to all staff a notice requesting volunteers to be trained to administer naloxone hydrochloride or another opioid antagonist, describing the training that the volunteer will receive, and explaining the right of the volunteer to rescind the offer to volunteer at any time, including after receiving training. The notice shall also include a statement that no benefit will be granted to or withheld from any employee based on the offer to volunteer and that there will be no retaliation against any employee for rescinding the offer to volunteer.

(Education Code 49414.3)

The principal or designee may designate one or more volunteer employees to receive initial and annual refresher training, based on standards adopted by the SPI, regarding the storage and emergency use of naloxone hydrochloride or another opioid antagonist. The training shall be provided at no cost to the employee, conducted during regular working hours, and be provided by a school nurse or other qualified person designated by an authorizing physician and surgeon. Written materials provided during the training shall be retained at the school for reference.

(Education Code 49414.3)

A school nurse, other qualified supervisor of health, or, if the district does not have a qualified supervisor of health, a district administrator shall obtain a prescription for naloxone hydrochloride or another opioid antagonist for each school from an authorized physician and surgeon. Such prescription may be filled by local or mail order pharmacies or manufacturers.

(Education Code 49414.3)

If the medication is used, the school nurse, other qualified supervisor of health, or district administrator, as applicable, shall restock the medication as soon as reasonably possible, but no later than two weeks after it is used. In addition, the medication shall be restocked before its expiration date.

(Education Code 49414.3)

Information regarding defense and indemnification provided by the district for any and all civil liability for volunteers administering naloxone hydrochloride or another opioid antagonist for emergency aid shall be provided to each volunteer and retained in the employee's personnel file.

(Education Code 49414.3)

A school may accept gifts, grants, and donations from any source for the support of the school in carrying out the requirements of Education Code 49414.3, including, but not limited to, the acceptance of the naloxone hydrochloride or another opioid antagonist from a manufacturer or wholesaler.

(Education Code 49414.3)

The Superintendent or designee shall maintain records regarding the acquisition and disposition of naloxone hydrochloride or another opioid antagonist for a period of three years from the date the records were created.

(Business and Professions Code 4119.8)

Non-School Employment

BP 4136, BP 4236, BP 4336

In order to help maintain public trust in the integrity of district operations, the Board of Education expects all employees to give the responsibility of their positions precedence over any other outside employment. A district employee may receive compensation for outside activities as long as these activities are not inconsistent,

incompatible, in conflict with, or inimical to his/her district duties.

An outside activity shall be considered inconsistent, incompatible, or inimical to district employment when such activity:

(Government Code 1126)

1. Requires time periods that interfere with the proper, efficient discharge of the employee's duties
2. Entails compensation from an outside source for activities which are part of the employee's regular duties
3. Involves using the district's name, prestige, time, facilities, equipment, or supplies for private gain
4. Involves service which will be wholly or in part subject to the approval or control of another district employee or Board member

An employee wishing to accept outside employment that may be inconsistent, incompatible, in conflict with, or inimical to the employee's duties shall file a written request with his/her immediate supervisor describing the nature of the employment and the time required. The supervisor shall evaluate each request based on the employee's specific duties within the district and determine whether to grant authorization for such employment.

The supervisor shall inform the employee whether the outside employment is prohibited. The employee may appeal a supervisor's denial of authorization to the Superintendent or designee. An employee who continues to pursue a prohibited activity may be subject to disciplinary action.

Tutoring

A certificated employee shall not accept any compensation or other benefit for tutoring a student enrolled in his/her class(es). An employee who wishes to tutor another district student shall first request authorization from his/her supervisor in accordance with this Board policy. If authorization is granted, the employee shall not use district facilities, equipment, or supplies when providing the tutoring service.

Automated External Defibrillator (AED)

AR 5141

When an automated external defibrillator (AED) is placed in a district school, the Superintendent or designee shall notify an agent of the local emergency medical services agency of the existence, location, and type of AED acquired.

(Health and Safety Code 1797.196, 1797.200)

The Superintendent or designee shall ensure that any AED placed at a district school is maintained and tested according to the operation and maintenance guidelines set forth by the manufacturer.

(Health and Safety Code 1797.196)

The Superintendent or designee shall develop a written plan which describes the procedures to be followed in the event of a medical emergency, including an emergency that may involve the use of an AED. These procedures should include, but not be limited to, requirements for immediate notification of the 911 emergency telephone number in the event of an emergency that may involve the use of an AED. The principal of any district school with an AED shall annually provide information to school employees that describes:

(Health and Safety Code 1797.196)

1. Sudden cardiac arrest
2. The school's emergency response plan
3. The proper use of an AED

Instructions on how to use the AED, in no less than 14-point type, shall be posted next to every AED. In addition, school employees shall be notified annually of the location of all AED units on campus.

(Health and Safety Code 1797.196)

Each AED shall be checked for readiness at least biannually and after each use. In addition, the Superintendent or designee shall ensure that an inspection is made of all AEDs at least every 90 days for potential issues related to operability of the device, including a blinking light or other obvious defect that may suggest tampering or that

another problem has arisen with the functionality of the AED. The Superintendent or designee shall maintain records of these checks.

(Health and Safety Code 1797.196)

Lactation Accommodations

BP 4033

The Board of Education recognizes the immediate and long-term health benefits of breastfeeding and desires to provide a supportive environment for any district employee to express milk for an infant child upon returning to work following the birth of the child. The Board prohibits discrimination, harassment, and/or retaliation against any district employee for seeking an accommodation to express breast milk for an infant child while at work.

An employee shall notify the employee's supervisor or other appropriate personnel in advance of the intent to request an accommodation. The supervisor shall respond to the request and shall work with the employee to make arrangements. If needed, the supervisor shall address scheduling in order to ensure that the employee's essential job duties are covered during the break time.

Lactation accommodations shall be granted unless limited circumstances exist as specified in law.
(Labor Code 1031, 1032; 29 USC 207)

Before a determination is made to deny lactation accommodations to an employee, the employee's supervisor shall consult with the Superintendent or designee. When lactation accommodations are denied, the Superintendent or designee shall document the options that were considered and the reasons for denying the accommodations.

Asbestos Management

AR 3514

The Superintendent shall designate an employee who shall ensure that the district's responsibilities related to asbestos inspection and abatement are implemented in accordance with federal and state regulations. This employee shall receive adequate training to perform these duties, including, as necessary, training on the health effects of asbestos; detection, identification, and assessment of asbestos-containing building materials; options for controlling asbestos-containing building materials; asbestos management programs; and relevant federal and state regulations.

(40 CFR 763.84)

The designated employee shall ensure that the district complies with the following requirements:

1. School facilities shall be inspected for asbestos-containing building materials as necessary in accordance with the following:
 - a. Any school building that is leased, acquired, or otherwise used by the district shall be inspected for asbestos-containing building materials prior to its use as a school building, unless exempted by federal regulations.
(40 CFR 763.85, 763.99)
 - b. At least once every six months, the district shall conduct a periodic surveillance consisting of a visual inspection of each school building that contains or is assumed to contain asbestos-containing building materials.
(40 CFR 763.92)
 - c. At least once every three years, the district shall conduct a re-inspection of all known or assumed asbestos-containing building materials in each school building.
(40 CFR 763.85)
2. Based on the results of the inspection, an appropriate response which is sufficient to protect human health and the environment shall be determined from among the options specified in 40 CFR 763.90. The district may select the least burdensome response, taking into consideration local circumstances, including

occupancy and use patterns within the school building and economic concerns such as short-term and long-term costs.

(40 CFR 763.90)

3. An asbestos management plan for each school site shall be maintained and regularly updated to keep it current with ongoing operations and maintenance, periodic surveillance, inspection, re-inspection, and response action activities.

(15 USC 2643; 40 CFR 763.93)

The asbestos management plan shall be available for inspection in district and school offices during normal business hours. Parent/guardian, teacher, and employee organizations shall be annually informed of the availability of these plans.

(40 CFR 763.84, 763.93)

4. Staff, students, and parents/guardians shall be informed at least once each school year about any inspections, response actions, and post-response actions, including periodic re-inspection and surveillance activities, that are planned or in progress.

(40 CFR 763.84)

5. Inspections, re-inspections, periodic surveillance, and response actions, including operations and maintenance, shall be conducted in compliance with state and federal regulations for the protection and safety of workers and all other individuals.

(Education Code 49410.5; 40 CFR 763.84, 763.90)

Asbestos inspection and abatement work, preparation of a management plan, and any maintenance activities that may disturb asbestos-containing building materials, except for emergency repairs or small-scale, short-duration maintenance activities, shall be completed by state-certified asbestos inspectors or contractors.

(15 USC 2646; 40 CFR 763.84, 763.85, 763.91)

6. All custodial and maintenance employees shall be properly trained in accordance with applicable federal and/or state regulations.

(40 CFR 763.84)

All district maintenance and custodial staff who may work in a building that contains asbestos-containing building materials, regardless of whether they are required to work with such materials, shall receive at least two hours of related asbestos awareness training. New maintenance and custodial staff shall receive such training within 60 days after beginning employment. Any maintenance or custodial staff who conduct activities that will disturb asbestos-containing building materials shall receive 14 hours of additional training. The trainings shall address the topics specified in 40 CFR 763.92.

(15 USC 2655; 40 CFR 763.84, 763.92)

7. Short-term workers, such as telephone repair workers, utility workers, or exterminators, who may come in contact with asbestos in a school shall be provided information regarding the locations of known or suspected asbestos-containing building materials.

(40 CFR 763.84)

8. Warning labels shall be posted immediately adjacent to any known or suspected asbestos-containing building material located in routine maintenance areas in accordance with 40 CFR 763.95.

(40 CFR 763.84)

The district shall maintain, in both the district and school offices and for a period of three years, records pertaining to each preventive measure and response action taken; staff training; periodic surveillances conducted; cleaning, operations, and maintenance activities; and any fiber release episode.

(40 CFR 763.94)
