Dear Families,

Welcome to AAPS Rec & Ed's Before/After Care Program!! We look forward to providing a safe, fun, and enriching environment for your student(s). This Parent Handbook explains the program philosophy, guidelines and expectations.

Before/After Care (BAC) program goals include building a community where each student feels welcomed and part of the group, has enjoyable options, and thrives in a setting where they can grow socially and intellectually with friends and classmates. We continue to enhance the connections between the school day and the BAC Program, reinforcing the school rules and augmenting learning with complementary fun activities.

Our programs are licensed by the State of Michigan Department of Licensing and Regulatory Affairs and adhere to the policies and procedures as outlined in the licensing rules and regulations booklet. This information is available to parents online at www.michigan.gov/lara/.

We are proud of our thirty plus year history providing before and after care for the AAPS school community. We are also proud of our quality staff and their long-term commitment to working in the program.

We welcome your feedback and will ask for it throughout the school year. In the meantime, don't hesitate to come to any of us with suggestions, questions or concerns.

Sincerely,

Rec & Ed Before/After Care Program Team

PHILOSOPHY

Mission

The Ann Arbor Public Schools Community Education and Recreation Department is committed to enhancing the overall well-being of students who attend our Before/After Care Program. We believe that a quality childcare experience depends on continuity, planning, and students having a sense of belonging to the group. Our program is designed to both enrich and complement a student's school experience. We strive to bring the community together, provide excellence in service, and show others our caring nature through quality programming and professional relationships.

Vision

We endeavor to provide a safe, healthy and stable program environment.

Values

- A capable, sensitive, caring and energetic staff who understand the needs of students in a before/after school environment and who take part in ongoing staff development.
- Well-organized, age-appropriate activities and games for recreation and skill acquisition, using materials in good condition.
- Realistic situations for informally learning new skills, for learning to take appropriate responsibility for the program environment, and for the practice and mastery of ways to get along well with other students and adults.
- A platform for growth and development through organized play and activities in an environment in which students' prior knowledge and natural interests are encouraged to help lead the programming.
- Diversity and community fostered as an extension of the school environment and its advantages.

STATEMENT OF NON-DISCRIMINATION

No person shall be excluded from participation in, be denied the benefits of, or be subjected to discrimination in any educational program or activity available in any school on the basis of race, color, sex, religion, creed, political belief, age, national origin, linguistic and language differences, sexual orientation, gender, gender identity, gender expression, socioeconomic status, height, weight, marital or familial status, disability or veteran status. In the AAPS, diversity is viewed as our strength, and we respect and value each of our students and their families.

- All medications must be brought to the BAC Office at Rec & Ed. Site staff do not receive medications from primary account holders. An BAC Administrator or staff will transport the medications to the site.
- Medication will be returned to families at the site on the last day of school/enrolled session. Medication not picked up will be brought to the Rec & Ed office for parent pick-up.

3. Administering the Medication:

- BAC follows district policy re: Epi-pen injections.
 - Staff receive basic Epi-pen training.
 - It is the primary account holder's responsibility to communicate any special concerns to the BAC Administrator
 - The site supervisor will record when medication is dispensed.

SPECIAL NEEDS

Rec & Ed strives to make the BAC accessible to Young-5's through 5th graders who are enrolled in participating schools. BAC complies with the Americans with Disabilities Act and will provide and make reasonable accommodations to assist students with disabilities so that they may participate in the program.

1. All students enrolled in BAC are expected to be able to participate independently and safely in a 1:18 staff to student ratio.

As a licensed childcare program, BAC follows the State of Michigan required ratio for school age students. The BAC is centered on student choice, with students expected to move safely between different types of activities in a multi-age setting. Students enrolled in BAC must be toilet trained and able to use the bathroom independently.

2. For special needs accommodations, the new and returning student's parent/guardian must do the following at least 4 weeks in advance of desired first day of care:

- Complete the "Special Needs" section in ePACT.
- Meet with BAC administrative staff by phone, zoom or in person. An BAC administrator will contact the family to review the SN, discuss how the program is structured, determine the level of support needed, and how the student may be supported. Parent/guardian input is critical to successful planning. Parents may share relevant information from 504 or IEP plans. New

families will be invited to meet with an BAC administrator to learn about the program, share information about their student and determine if the program is a good fit.

- Failure to fill out the Special Needs section in ePACT annually, meet with an BAC administrator prior to care, or inform an administrator of your students' changing needs throughout the school year may result in a delay, interruption, or suspension of BAC services.

3. Reasonable accommodations include:

Basic behavior plans, basic medical assistance (that does not require a special credential), posted graphics, modified breaks, permission to bring special items from home, verbal cues, and assistance with fine motor skills. **Please note that BAC does not provide diapering or toileting assistance.**

4. BAC may be able to provide additional support to students with more complex special needs.

- District SISS services provided during the school day, including Teaching Assistant (TA) services, do not extend to the BAC program.
- Although the BAC does not provide 1:1 care, in some cases BAC can provide additional assistance to a small group of students at a site.
- BAC hires Special Needs Assistants (SNA's) for small groups of students by: 1) recruiting SISS staff who work during the school day to serve as SNA's and 2) posting a SNA position with the AAPS Human Resources Department.
- BAC's goal is to secure an SNA within 4 weeks. The process of securing an appropriate SNA can be lengthy due to the time it takes to recruit, hire and train staff. Unfortunately, BAC cannot guarantee that an appropriate SNA will be in place within a particular time frame.
- More information about SNA procedures is provided to parents/guardians when a SNA is assigned.

5. Discipline

The BAC behavior/student management policy applies to all students. Any student who poses a direct threat to the health and safety of others in BAC may be suspended or dismissed from the program. See below.

BEHAVIOR/STUDENT MANAGEMENT POLICY

The AAPS Community Education and Recreation Department is committed to encouraging students to develop their own solutions to disruptive or harmful behaviors.

- 1. At the sole discretion of an BAC Administrator and BAC staff**, a serious behavior problem exists whenever a student consistently inflicts physical or emotional harm on other students, physically abuses staff, or otherwise refuses or proves unable to interact within the rules and guidelines of the program.
- 2. If a student has a chronic behavior problem**, the staff will work with both the student and the primary account holder. If positive outcomes cannot be achieved, BAC reserves the right to call the primary account holder for immediate pickup and to suspend and/or dis-enroll the student without credit.
- 3. All students** are expected to participate behaviorally within the parameters of a staff-to-student ratio of no less than 1:18.
- 4. The staff uses positive methods of behavior management** that encourage self-control, self-esteem, and cooperation. When warranted, staff will intervene in a positive, non-threatening manner. Students

are encouraged to develop their own solutions and will be given guidance to develop successful, age-appropriate alternative behavior patterns.

5. **The staff adheres to the guidelines** issued by the State of Michigan for Child Care Centers.
6. **Prohibited behavior management methods** include physical manipulation (barring a safety issue), and verbally, mentally or physically threatening a student.

BEHAVIOR/STUDENT MANAGEMENT DISMISSAL POLICY

The AAPS Community Education and Recreation Department is committed to providing a safe, healthy and stable childcare environment. To ensure a safe environment, students are expected to abide by the Expected Behaviors below.

EXPECTED BEHAVIORS

- Respect the rights and property of others
- Act in a courteous and cooperative manner
- Use acceptable and appropriate language
- Be responsible for own actions
- Follow BAC program rules

INAPPROPRIATE BEHAVIORS DEFINITION

Physical harm to another student, staff member, self-harm, destruction of property, leaving the BAC Program without permission, or any verbal or physical behavior that can be considered bullying.

PROGRESSIVE STUDENT BEHAVIORAL MANAGEMENT POLICY

First Incident: BAC staff notifies primary account holder verbally, Incident Report completed and submitted to BAC Administrators, follow-up email will be sent to the primary account holder within two business days.

Second Incident: BAC staff notifies primary account holder verbally, Incident Report completed and submitted to BAC Administrators, follow-up email will be sent to the primary account holder within two business days requesting a meeting. The primary account holder will be required to meet with the BAC Admin Team to develop a plan to correct the unsafe behavior.

Third Incident: BAC staff notifies primary account holder verbally, Incident Report completed and submitted to BAC Administrators, follow-up email will be sent to the primary account holder within two business days and a temporary suspension from BAC Program will occur and primary account holder will be sent a formal letter indicating that upon returning to BAC, if there is another inappropriate behavior occurrence, the student will be dismissed from the BAC program for the remainder of the school year. BAC will notify the building principal and office staff.

Re-Admittance Consideration

At the primary account holders request, a meeting can be scheduled with the BAC Administrative team to discuss re-admittance to the BAC program. At this meeting, it will be determined if BAC provides the right environment to support the student and if the student has shown significant improvement in behaviors during the dismissal time period. BAC will seek input from the building principal.

If the BAC Administrative Team determines it is for the student's best interest and the student is able to participate independently in the 1:18 ratio to begin BAC again, the primary account holder will be required to sign off on their understanding that the re-admittance to the program is based on the students' ability to participate independently in the BAC program. Any future incidents will result in immediate Third Incident steps.

HUMAN SEXUALITY ISSUES

Sexuality is a positive and fundamental part of human existence and affects all aspects of our lives. Students are naturally curious about their bodies, and we know that questions and behaviors may arise during day-to-day interactions. Parents are their student's most important teachers. In responding to student questions and behaviors, staff will follow the guidelines established in their Staff Handbook. These guidelines are available to any parent upon request.

ASBESTOS POLICY

Regarding asbestos containing building materials per 40 CFR, Part 763 of the Environmental Protection Agency.

Some buildings operated by the Ann Arbor Public Schools may have asbestos-containing building materials present. Each facility has on file, in the main office area, a copy of the approved Asbestos Hazard Emergency Response Act (A.H.E.R.A.) management plan for your review. Ann Arbor Public School District administrator responsible for asbestos issues is the Director of Physical Properties. Call 994-8118 or contact the AAPS Administrative Offices at 2555 S. State Street, Ann Arbor, MI 48104.

COLD WEATHER POLICY

BAC follows the AAPS cold weather policy. The following conditions constitute the basis for an Indoor Day:

- Rain
- Temperature below 0 degrees – either as a straight thermometer reading or wind chill factor
- The discretion of the Supervisor

FIELD TRIP POLICY

1. **“Spontaneous” walking field trips in the surrounding neighborhood** may occur from time to time. Spontaneous trips are announced on the site bulletin boards and always involve short distances to nearby parks and the like. They will never involve extended childcare hours.

SNACKS/FOOD SERVICE POLICY

Rec & Ed recognizes that there are a growing number of students with potentially life threatening allergies enrolling in our programs. A collaborative approach makes for the safest environment. Primary account holders, students and site staff work together to reduce the risk of an allergic reaction.

- 1. We offer a light snack at each childcare session.**
- 2. These snacks are not a meal.** Please make sure your student has had breakfast before coming to the BAC program and is supplied with an adequate lunch.
- 3. Students with severe allergies** are served BAC snacks strictly in accordance with their signed and approved waiver on file. Primary account holders of allergic students may provide snacks from home for their students. During the first two weeks of school, all students will be served only fruits and vegetables.
- 4. We are a no-nut program.** Please do not send nuts or nut products with your student. If you receive a message or see a sign indicating that a building or area restricts any foods, please be respectful of that rule if you send food with your student.

FOOD ALLERGIES

- 1. Primary account holders must indicate a student's food allergy at enrollment** so that appropriate precautions can be taken. Life-threatening allergies may necessitate a slightly delayed start date while medication authorizations, etc. are put in place (See "Medications" above).
- 2. BAC staff will not read labels to accommodate students with food allergies.** Snacks are planned to accommodate all students, taking food preferences, religious prohibitions and allergies into account. Certain foods that can cause airborne allergic reactions, such as peanut butter, will not be served. Snack menus are provided to primary account holders upon request.
- 3. We require primary account holders of students with life-threatening food allergies to provide snacks from home.** BAC may be able to provide a portion of the snack if a written waiver is on file.
- 4. BAC staff will not give any snack to a student who has food allergies without a signed, written waiver on file.** There are three categories of students in care:
 - Students who have food allergies and their primary account holders provide their snacks.
 - Students who have food allergies but have a signed document on file indicating specific foods they can be served at care.
 - Students who do not have food allergies and eat snacks as served.

STAFF QUALIFICATIONS

1. **All BAC staff have had background checks.** Effective September 2018, all staff are required to have a comprehensive background check on file which includes an FBI search. Staff registered on the public sex offender registry are prohibited from having contact with any student in care. For more information on the AAPS background check procedures, contact a BAC Administrator.
2. **BAC staff are required to obtain 16 clock-hours of professional development annually.**
3. **Volunteers** include parents, students or other non-staff who work with students in BAC. The Executive Director and Program Administrators shall ensure that all BAC volunteers have appropriate experience for their placement, receive necessary training and information, and are placed under the direct supervision of a district employee. A volunteer's service may be discontinued at any time at the discretion of the Superintendent, the Executive Director of Rec & Ed or the BAC Administrators. Volunteers are expected to have supervised contact with students in child care. All volunteers will have a background check on file. Volunteers registered on the public sex offender registry are prohibited from having contact with any student in care.

REPORTING TO PROTECTIVE SERVICES

The Ann Arbor Public Schools Before/After Care Program is mandated by Michigan law, Act. No. 238 governing all schools and childcare programs, to report any suspected abuse or neglect of students in their care.

LARA LICENSING NOTEBOOK

Each BAC site has a licensing notebook that includes all licensing inspections, special investigation reports and related corrective action plans since May, 2010. The notebook is available to primary account holders during regular childcare hours. Licensing inspections and special investigation reports for at least the past two years are also available on the child care licensing website at www.michigan.gov/michildcare

7. I understand that if my student needs emergency medications during program hours, I must provide labeled medications along with a Medication Authorization and Action Plan. I understand that medications kept in the school office for my student are not accessible during the BAC program hours and that separate medications must be provided for the BAC program. I further understand that non-emergency medications, including over-the-counter and topical preparations, also require a Medication Authorization signed by a physician. I understand that if my student has food allergies, I will provide snacks from home unless and until I have completed the "Food Allergy Authorization Form" specifying what foods my student can/cannot be served and the form is approved by an Administrator.
8. I understand that my student's school may restrict nuts and I will follow the guidelines of the district's nut policy when sending a special treat or snack to the BAC program.

Behavior:

1. I agree to assume full responsibility for any damage to person or property caused by my student.
