

The **Dyslexia Services Department** provides specialized campus-based services across the district for students identified with dyslexia. The mission of the department is to assist students with dyslexia in the achievement of independent literacy skills by providing service and support to students, their parents, and school personnel through identification, instruction, and community awareness. As part of the department's goal of early identification, the department implemented strategies to ensure future academic success for all students.

7,887

 students identified
 with dyslexia in the
 district (5.6%)

Of those students
 identified with dyslexia,
66% participated in
 dyslexia programming
