Down This Road Together

Freshman year, we made the transition from middle school to high school, and our confused faces scanned the halls. Sophomore year, we were older and wiser, with one year of high school tucked under our belts. Junior year followed close behind, along with the disbelief that we were halfway done. Senior year started, and the countdown to graduation began. For four years, we have traveled together, and now we are at the end of the road. Years from now we won't look back on the stress that we felt or the pressure we were under. Instead, we will remember all the good times and the memories that we made with the people we hold close. Our journey on this road together has ended all too quickly, but we will remember it always.

Dedication

Mr. Ambrose

Mr. Ambrose has dedicated so much time to our class for four years. Even if one of us weren't a student of his, he was willing to help us out. He wrote numerous college recommendations and stayed after school for countless SAT prep practices. He did whatever was asked of him. Whenever we needed help, Mr. Ambrose has been there. Thanks to him, we have an amazing yearbook. He has spent so much time with the staff to make sure the book was finished on time. Although times were stressful this year, he managed to still help the class with whatever we needed. The door to Mr. Ambrose's classroom is always and will forever be open. We can never thank him enough for all the work he has done! The class of 2012 thanks you, Mr. Ambrose! We'll never forget all of the help and care that you have given us for the past four years. We'll miss you!

Mrs. Bowler

During our freshman and sophomore years, Mrs. Bowler was our class secretary. She wrote us passes whenever we needed them, let us hang out when we needed somewhere to go, and just talked and laughed with us like we were friends. She did whatever she could to help the class out. Junior year, she became the secretary in the main office. Somehow, she managed to still do everything she could for our class. Before her, the main office was usually empty. When she took over, it was immediately filled with students. Every morning you can hear people knocking on the windows just to give her a wave and a smile. Mrs. Bowler loves our class and will do anything for us. We will miss her and her smile, along with that voice and laugh we all know so well. We are the last class that she had before her move to the main office, and we will never forget her. The class of 2012 thanks you, Mrs. Bowler, for all that you have done!

SENIOR CLASS OFFICERS

For four years, the class officers have planned all class events from freshman fundraisers to the senior barbeque the night before graduation. With the support of our advisors, Mrs. Parsons and Ms. Stadfeld, along with Submasters Mr. Mascoll (freshman/sophomore years) and Mr. Ross (junior/senior years), every event planned was a great success. Thanks for all the hard work they did to make our class so exceptional!

Congratulations, Class of 2012! It has been a great pleasure to spend the last four years together and I am so proud to be graduating with all of you. I wish you all the best in your future endeavors.

Rachel Keen, President

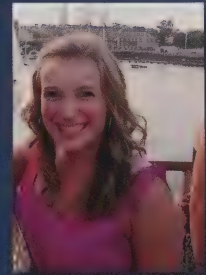

Congratulations, everyone! I want to thank all of you for making these the best four years of my life.

We made it!

Daniel Begin, Vice-President

The past four years are memories that will stay with me forever. It has been a great experience working with everyone! Thank you for everything! Good luck next year and congratulations, Class of 2012!

Kathryn Bowler, Secretary

It has been an amazing four years with all of you. I wish you all the best of luck in the future. Thanks for all the memories, Class of 2012! Congratulations to everyone!

Daniel Costello, Treasurer

Curtis Tufts

The Curtis-Tufts High School is part of the Medford Public Schools and provides students in special education a unique setting to grow, academically and personally, while meeting traditional graduation requirements. The Curtis-Tufts High School is a smaller school setting that offers students a close connection with teachers, individualized instruction, social and emotional development, and a chance to be academically successful. These photos are from the annual "Tuesday Thanksgiving Dinner." The dinner is a great opportunity for students and staff to work together to prepare a traditional feast for the whole community. The Curtis-Tufts community invites numerous supporters from Medford and various "friends of the Curtis" - including Mayor McGlynn, who always challenges the students to a game of pool. Students enjoy the entrancing smell of traditional foods: appetizers, turkey, vegetables, and desserts. The dinner signals the start of each holiday season and helps teach students what can be accomplished when a community works together.

Fashion

What's more comfortable than taking an exam in a zip-up, yogas, and Uggs? You cannot beat a knitted scarf with an oversized sweater and black leggings paired with some cute furry wedges and legwarmers. If there is one accessory that has become a trend over the past years it is pencil skirts and slouchy boots. It is ideal to pair these with a blazer or an oversized graphic tee.

Whether you're going casual with some Sperry Topsiders or a cute pair of Toms, or you're scrubbing it out with your comfortable favorite pair of Uggs; shoes complete your ideal look.

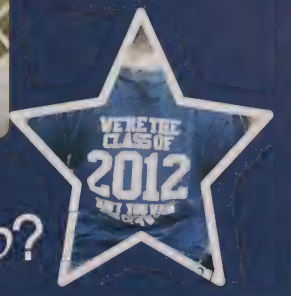

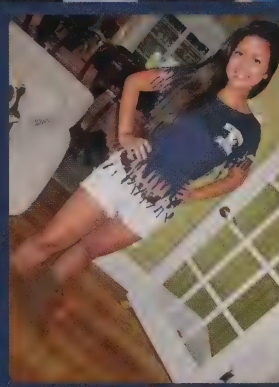

You cannot go wrong with a compatible Michael Kors or Vera Bradley tote. Just big enough to carry all of your necessities but small enough to bring to class.

Senior Pride

Don't You Wish You Could Be One Two?

"It's hard to pick just one favorite experience because all sporting events have so much school spirit! No matter what sport, there's always an audience to cheer them on! I'll miss going to games and watching Chris McCarthy get everyone amped by doing 'Let Me Clear My Throat.' Win or lose, there's always someone in a Mustang costume."

Deborah Cardoso

"You know you're at Medford High when you hear Joyce the Voice on the loud speaker singing holiday songs during the holiday season and Dr. K pretending to be Santa. Also we have someone dressed as a Mustang running around during games and lunch."

Rayann Staude

"My most embarrassing moment has to be my first day of school freshman year when I couldn't find my hidden Physics class and I was already really stressed out for my first day. Some girl made me go to the first floor when the classroom was really on the 3rd floor so I cried and the janitor brought me to Ms. Lucuk's room."

Jennifer Eugene

"I'll always remember Mr. Milne because he can out run every person in this school and is super jacked."

Nahid Kamal

"My most embarrassing moment here at MHS was after gym class one day sophomore year. I was going down to the locker rooms and I was feeling a little dizzy. I made it to the trash barrel before I started vomitting in front of the girls' locker room in the presence of all my female classmates."

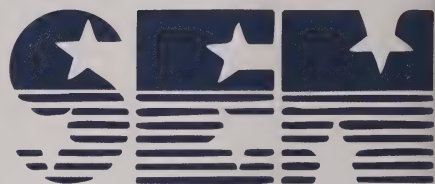

Brandon Breen

"Four words to describe my MHS experience are exciting, fast-paced, hard, but unforgettable!"

Rochelle Louis

"You know you're at Medford High when you turn on the sink, but instead the one next to you turns on."

Alex Arsenault

"The most valuable lesson I've learned at Medford High School is don't stress about the little things!" (:

Dan Begin

"The funniest thing I've ever heard a teacher say was when Dr. Wadness referred to himself as a 2-Dimensional beautiful man."

Anthony Nguyen

"The funniest thing I've ever heard a teacher say was 'I want you all completely silent. Like a musical.'- Ms. Punch"

Sam Brown

"My best experience at MHS was participating in the pep rally. You can only do it as a senior, it is a great way to show school spirit and it is extremely fun! Every senior should partake in it!"

Brian Enos

"The most valuable lesson I learned at MHS was whether you're in an elective class with 50 kids or an AP class with 12, what you get out is what you put in."

Charlotte Kelly

"The teacher that influenced me most was Mr. Milne because he taught me to actually commit to living life, rather than just going through it."

Marc Aime

"I'll always remember that time Kathryn accidentally ripped off my pants in the overpass."

Rachel Keen

"The thing everyone will remember me by is Freestyle Fridays."

Kyle "K Muggz" Mulligan

"My favorite experience at Medford High was being in the pep rally because it was a great way to bond with the senior class!"

Larry Keating

"One thing that makes Medford High better than other schools is Kevyn Oliveira Wednesdays."

Eric Polleys

"My best experience at Medford High was the powderpuff football game, because it brought juniors and seniors together as well as different groups of friends."

Andrea Perkins

"One thing I know now that I wish I knew as a freshman is that Dr. Krueger isn't as scary as people think. He's my boy."

Steve Smith

"I think everyone will remember me for my last name (Nkangabwa) and my bow ties!"

Jonathan Nkangabwa

"The craziest thing I've ever done at MHS was watching the football game in the pouring rain, thunder and lightning for hours because of several lengthy delays due to weather."

Mackenzie Newell

"It was the morning of October 29, 2009, and I was in my 1st period class. My math book fell off the desk and I leaned over (on the wrong side) to pick it up. Needless to say, I was shocked when the desk tipped and I fell over. To make matters worse, my fingernail cut through my middle finger. I ended up getting 7 stitches and a broken bone. That was definitely my most memorable day of high school."

Doaa Usman

"I wish when I was a freshman I didn't care what people thought of me because now that I'm a senior I realize I can be myself. I LOVE LIFE!!"

Conor Daly

"Funniest thing I've ever heard a teacher say was: 'If anyone happens upon a large sum of tennis balls, like 2 or 300, let me know. I'd be so into that.' -Mr. Morris"

A message from Senior Captain Karissa Finnigan: "Crew is the ultimate team sport, where each member of this team is valued. Over the past four years, I have been given the opportunity to become part of an incredible team that I am proud to call my family. We may have started out small, but we have accomplished more than we ever imagined. Our coaches have taught us so many valuable lessons that we will carry with us for many years. Whether we're rowing a 5k, or sprinting through an erg test, this team supports each other every step of the way. I am proud of all our accomplishments, no matter how big or small. We've made unbelievable memories that I'll never forget. Keep rowing, Go Mustangs!"

Jimmy Cecchini

Your future's so bright it's burning my eyes. Life is too short to wake up in the morning with regrets, so love the people who treat you right, forget about the ones who don't, and believe that everything happens for a reason.

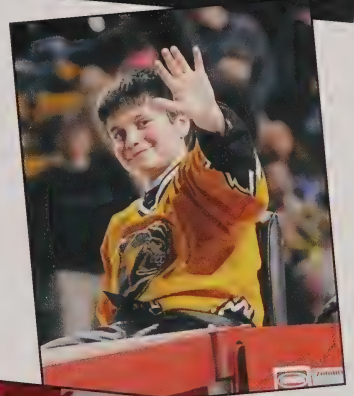

Explore. Dream. Discover.

Twenty years from now you will be more disappointed by the things you didn't do than by the ones you did. Don't forget to have a little fun every once in awhile. You'll have the rest of your life to work.

After all, college ends - work doesn't!

And remember that in this life, we cannot always do great things, but we can do all things with great love. That is how we have raised you from a baby to a young man and you have made us so proud. Continue to respect everyone you meet, have fun with your friends, and love your family.

With love always we send you into your future, make it shine brightly for all to see!
