

SS2025.2- NCS Pearson - Q Interactive

INTENT TO SOLE SOURCE

Posting Date: October 9, 2024

In accordance with Sole Source Section 1560 in the District's procurement code, Lexington County School District One intends to award, without competition, a contract to NCS Pearson, Inc. for the purchase of Q-Interactive Standard Licenses and Q-Interactive Site Licenses.

The total dollar amount estimated for fiscal year 2025 for this program is \$55,000.00.

JUSTIFICATION

Q-interactive is the only assessment platform that provides the comprehensive set of features and capabilities required to meet the school district's needs for secure, efficient, and standardized administration, scoring, and interpretation of psychological and educational assessments. No other product on the market offers the same level of integration, automation, and support for the School District's assessment processes.

The use of Q-interactive will ensure consistency, accuracy, and efficiency in the school district's assessment practices, ultimately leading to better-informed decisions and more effective interventions for the students served. The platform's HIPAA compliance and robust security features also ensure the protection of sensitive student information.

Given the unique capabilities of Q-interactive and the lack of comparable alternatives, this sole source determination is justified to meet the School District's critical assessment needs.

ALL RESPONSES MUST BE SUBMITTED BY: October 18, 2024 @ 5:00 p.m.

If you are aggrieved in connection with the intended award or award of the contract, you may be entitled to protest, but only as provided in Section 11-35-4210. Days are calculated as provided in Section 11-35-310(13). Both protests and notices of intent to protest must be in writing and must be received by the Procurement Officer within the time provided. The grounds of the protest and the relief requested must be set forth with enough particularity to give notice of the issues to be decided. Any protest or notice of intent to protest must be addressed to:
