

Animal Science

Agriculture, Food, and Natural Resources(AFNR)

The Animal Science program of study focuses on occupational and educational opportunities associated with the science, research, and business of animals and other living organisms. This program of study includes applying biology and life science to real-world life processes of animals and wildlife, either in laboratories or in the field, which could include a veterinary office, a farm or ranch, or any outdoor area harboring animal life. Students will research and analyze the growth and destruction of species and research or diagnose diseases and injuries of animals.

Industry Based Certifications:

- Elanco Fundamentals of Animal Science Certification
- Equine Management and Evaluation Certification

Postsecondary Opportunities:
