

Business & Industry Endorsement

Automotive & Collision Repair

Transportation, Distribution, and Logistics

The Automotive program of study teaches CTE learners how to repair and refinish automobiles and service various types of vehicles. CTE learners may learn to collect payment for services or supplies and perform typical vehicle maintenance procedures such as lubrication, oil changes, installation of antifreeze, or replacement of accessories like wiper blades or tires.

Level 2 Course

Automotive Basics

Entrepreneurship

Level 3 Course

Automotive Technology I

Level 4 Course

Automotive Technology II

Practicum In Transportation

Practicum in Entrepreneurship

Industry Based Certifications:

- **ASE Refrigerant Recovery and Recycling 609**
- **ASE Certification Test Series Entry Level**

Recommended Course Sequence:

9th grade	10th grade
Automotive Basics	Automotive Technology I
11th grade	**12th grade**
Automotive Technology II	Practicum in Transportation or Practicum in Entrepreneurship

Postsecondary Opportunities:

- **Entry level:** Automotive Technician Apprenticeship
- **Associate Degree:** Automotive Mechanic Technology
- **Bachelor's Degree:** Heavy Equipment maintenance Technology

Example Aligned Occupations:

Automotive Service Technician
Median Wage: $44,809
Annual Openings: 6,285

Bus & Truck Mechanics/ Diesel Engine specialists
Median Wage: $50,967
Annual Openings: 3,096

First-Line Supervisors of Mechanics, Installers, and Repairers
Median Wage: $66,535
Annual Openings: 5,019
