PHOTO IDENTIFICATION FOR MEDICATION ADMINISTRATION

Dear Parent/Guardian:

Re: _____

I will be using a photo identification system for the students I see for medications. I attach a photo of each student to their individual medication record. This also assists any substitute nurse to make sure each student is identified properly. Are you willing to supply me with a picture of your child for this purpose? A small snap shot of their face or a school picture works best. If you cannot do this, will you permit me to take a picture of your child for this use?

Please complete the bottom portion of this form and return to your students nurse.

Sincerely,

Pam Flynn, RN, BSN ☐
School Nurse
Wantage Elementary School
815 Route 23
Wantage, NJ 07461
973-875-4589 Option 4
Fax: 973- 875-2184

Emily Vanderhoff, RN, BSN ☐
