600's Classroom Renovations

- The classroom renovations have been completed.
- The renovations include upgraded finishes, AV upgrades, roof replacements, and polished concrete floors for Art Classrooms.
- In addition to typical classroom renovations, this summer's renovations included several unique spaces such as:
 - Art Show & Gallery Room
 - Ceramics
 - Computer Labs
 - Robotics & Engineering Workshop
- The 800's Renovations included classrooms and multi-purpose spaces

750's Classroom Renovations

- The orientation of the classrooms in the first floor of the 750's building were flipped to provide a larger teaching wall.
- One of the three existing computer labs has been repurposed into a lab space for robotics, hydrogen cars, and other STEM lab working groups. The room is designed with an open floor plan, polished concrete, and additional power.
