

**NOTICE TO CONTRACTORS TO PREQUALIFY
FOR ELECTRICAL, MECHANICAL OR PLUMBING WORK ON
TRAVIS UNIFIED SCHOOL DISTRICT PROJECTS**

Notice is hereby given that the Governing Board of Travis Unified School District ("District") has determined that, pursuant to Public Contract Code section 20111.6, all electrical, mechanical or plumbing contractors holding **C-4, C-7, C-10, C-16, C-20, C-34, C-36, C-38, C-42, C-43, and/or C-46** licenses must be prequalified to be submitted as a first-tier subcontractor ("MEP subcontractor") for (1) District lease-leaseback projects, and (2) District projects using state general funds, funds received pursuant to the Leroy F. Greene School Facilities Act of 1998, or any funds received, including funds reimbursed, from any future state school bond for a public project that involves a projected expenditure of \$1,000,000 or more.

Any contractor interested in being prequalified as a MEP Contractor for the District's future projects must submit fully completed and sealed prequalification forms and financial information ("Prequalification Package") to the Travis Unified School District Attn: Business Services, 2751 De Ronde Dr, Fairfield, CA 94533. All Prequalification Packages shall be on the forms provided by the District. Prequalification forms are available for pick-up at the Travis Unified School District office, 2751 De Ronde Dr, Fairfield, CA 94533, or may be downloaded from the District website at <https://www.travisusd.org/departments/facilities/rfpsbidscupcaa>.

To prequalify, a MEP Contractor is required to possess one or more of the aforementioned State of California Contractor Licenses, which must remain active and in good standing throughout the term of the MEP Contractor's prequalification or the term of any awarded contract, whichever is longer. In addition, a MEP Contractor is required to be registered as a public works contractor with the Department of Industrial Relations.

Prequalification Packages submitted by MEP Contractors are not public records and are not open to public inspection. All information provided will be kept confidential to the extent provided by law. The contents, however, may be disclosed to third parties for purposes of verification, or investigation of substantial allegations, or in the appeal process. State law requires that the names of MEP Contractors applying for prequalification status shall be public records subject to disclosure.

A MEP Contractor may be denied prequalification status for omission of requested information or providing false or misleading information.

Prequalification approval will remain valid for one (1) calendar year from the date of notice of qualification, except that the District reserves the right during that calendar year to adjust, increase, limit, suspend or rescind the prequalification ratings based on reference interviews and/or otherwise subsequently learned information and after giving notice of the proposed action to the MEP subcontractor and an opportunity for a hearing consistent with the hearing procedures adopted by the District for appealing a prequalification determination.

While it is the intent of the prequalification questionnaire and documents required therewith to assist the District in determining Bidder responsibility prior to the submission of bids and to aid the District in selecting the lowest responsible Bidder, neither the fact of pre-qualification, nor any prequalification rating, will preclude the District from a post-bid consideration and determination on a specific project of whether a Bidder has the quality, fitness, capacity and experience to satisfactorily perform the proposed work, and has demonstrated the requisite trustworthiness. MEP subcontractors are encouraged to submit prequalification packages as soon as possible, so that they may be notified of prequalification status well in advance of upcoming projects.
