

**NOTICE TO PROSPECTIVE PRIME CONTRACTORS TO PREQUALIFY
FOR TRAVIS UNIFIED SCHOOL DISTRICT PROJECTS**

Notice is hereby given that the Governing Board of the Travis Unified School District ("District") has determined that, pursuant to Public Contract Code section 20111.6, all prime contractors for (1) District lease-leaseback projects, and (2) District projects using state general funds, funds received pursuant to the Leroy F. Greene School Facilities Act of 1998, or any funds received, including funds reimbursed, from any future state school bond for a public project that involves a projected expenditure of \$1,000,000 or more must be prequalified.

Any contractor interested in being prequalified as a prime contractor for future projects must submit fully completed and sealed prequalification forms and financial information ("Prequalification Package") to the Travis Unified School District Attn: Business Services, 2751 De Ronde Dr, Fairfield, CA 94533

All Prequalification Packages shall be on the forms provided by the District. Prequalification forms are available for pick-up at the Travis Unified School District office at 2751 De Ronde Dr, Fairfield, CA 94533, or may be downloaded from the District website at <https://www.travisusd.org/departments/facilities/rfpsbidscupccaa>.

To prequalify, a contractor is required, in addition to other criteria, to possess an applicable State of California Contractor License, which must remain active and in good standing throughout the term of the contractor's prequalification or the term of any awarded contract, whichever is longer. In addition, a contractor is required to be registered as a public works contractor with the Department of Industrial Relations.

For all work performed on District projects, contractors shall pay all workers not less than the general prevailing rate of per diem wages and the general prevailing rate for holiday and overtime work as determined by the Director of the Department of Industrial Relations, State of California, for the type of work performed and the locality in which the work is to be performed within the boundaries of the District, pursuant to sections 1770 et seq. of the California Labor Code.

Prequalification Packages submitted by contractors are not public records and are not open to public inspection. All information provided will be kept confidential to the extent permitted by law. The contents, however, may be disclosed to third parties for purpose of verification, or investigation, or in the appeal process. State law requires that the names of contractors applying for prequalification status shall be public records subject to disclosure.

A contractor may be denied prequalification status for either omission of requested information or falsification of information.

Prequalification approval will remain valid for one (1) calendar year from the date of notice of qualification, except that the District reserves the right during that calendar year to adjust, increase, limit, suspend or rescind the prequalification ratings based on reference interviews and/or otherwise subsequently learned information and after giving notice of the proposed action to the prime contractor and an opportunity for a hearing consistent with the hearing procedures adopted by the District for appealing a prequalification determination.

While it is the intent of the prequalification questionnaire and documents required therewith to assist the District in determining Bidder responsibility prior to the submission of bids and to aid the District in selecting the lowest responsible Bidder, neither the fact of pre-qualification, nor any prequalification rating, will preclude the District from a post-bid consideration and determination on a specific project of whether a Bidder has the quality, fitness, capacity and experience to satisfactorily perform the proposed work, and has demonstrated the requisite trustworthiness. Contractors are encouraged to submit prequalification packages as soon as possible, so that they may be notified of prequalification status well in advance of upcoming projects.
