**WHAT AWAITED THE HIGH SCHOOL STUDENTS ONCE THE SCHOOL YEAR BEGAN?**

**Back to School**

**First edition**

# THE WORDS OF GREETING

## INTRO

Hi everyone, this is the crew of the new high school Spectrum Magazine that we have taken on this year. We already have a lot of ideas for several editions ahead of us and we can even hint you that our newspaper will even include a special edition that every high school student in our school is bound to enjoy.

In brief, the newspaper will be published every month on the tenth day of the month (it may be a couple of days apart due to vacations and weekends). Our news emphasize more on high school students, but we can not forbid to read it to students and middle school, so if you got a link in your hands, you can safely enjoy our work.

We have tried to include in our writing as much positivity, motivation and news as possible for the students of KIS high school. Therefore, we hope that you will like our first and trial version of the newspaper, to which we have put a lot of effort. Enjoy reading it!

## THE LIST OF CONTENT:

- Interview with Yehor
- Interview with Leonardo
- What can school cafeteria offer us in its open hours?
- Bonus

# WHAT DID YEHOR EXPECT FROM KIS?

## INTERVIEW

Hello, Igor. We know this is your first year at the school. What was your first impression of it?

**Igor:**  
My first impression? I really like the school. There's a wonderful community, the teachers are polite and kind, and the food is tasty!

**Newspaper:**  
We hear that the IB program is quite challenging. What are your thoughts about it?

**Igor:**  
The IB is definitely hard, but I know the effort will pay off. It's worth the challenge because the results will be rewarding.

**Newspaper:**  
Which subject do you find the most fascinating?

**Igor:**  
I think business management is my favorite subject.

**Newspaper:**  
Why is that?

**Igor:**  
I'm fully committed to becoming a successful businessman in the future. It's not just a possibility—it's something I'm determined to achieve. I want to gain the skills and experience needed to make that a reality.

**Newspaper:**  
Interesting! And which subject do you find the most challenging?

**Igor:**  
The hardest for me is art. Art is tough because you need to create masterpieces, and that can be quite difficult if you're not naturally talented at drawing or painting.

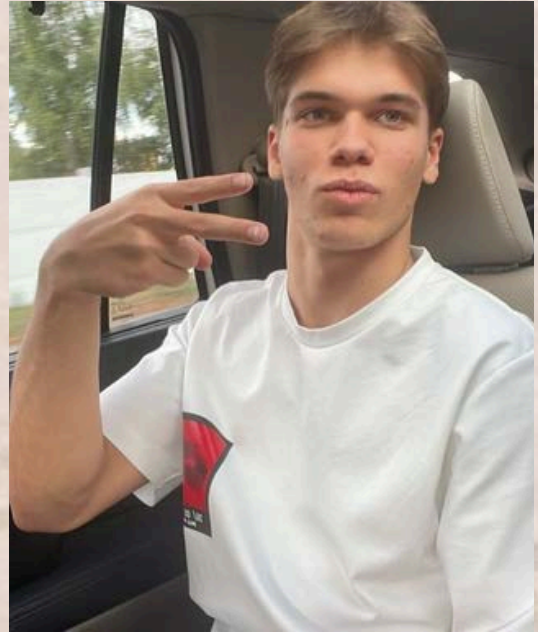

**Newspaper:**  
Where do you see yourself in five years?

**Igor:**  
In five years, I see myself building a huge business company.

**Newspaper:**  
Wow, that's an exciting goal!

**Igor:**  
Yeah, I'm planning to build a company for myself, and maybe it'll grow into a multimillion-dollar business.

**Newspaper:**  
Ohhh, high goals! We love the ambition, Igor. Thank you for your time, and we can't wait to see where your journey takes you!

## FROM OUR EDITORS' PERSPECTIVE

Hello KIS students ! This is the first newspaper of this year in our wonderful school, and hopefully not the last. In this interview, we will interview the newcomers in our school. The first student, who we are going to interview, is Yegor, a secondary 3 student, who is taking IB program right now. From what we've heard, he was going to a Ukrainian school before, and now switched to a international one. Let's interview him already! Nevertheless, Egor left the school, but we still decided to include his interview!

## NEW STUDENT FROM MEXICO JUST ARRIVED IN OUR WONDERFUL SCHOOL!

### FROM OUR EDITORS' PERSPECTIVE

The second person that we decided to interview is Leonardo. He is a new coming Mexican student. He was especially memorable at the elementary school game. He supported our school the most.

## INTERVIEW

Hi Leonardo! My name is Sofiya, and this is Andrei, we are members of the newspaper club at KIS. We would like to interview you for our first edition this year, could you please tell us your full name?

Hi! Yes, of course. My full name is Leonardo Raul Contreras Giorgi.

Where do you come from, and why did you move to Ukraine?

I come from Mexico, Mexico City. I moved to Ukraine because of my dad's work, he is the ambassador of Mexico in Ukraine.

Could you please tell us your birthday and what grade have you started recently?

I was born on January 14, 2009. I will be a sophomore this year.

When did you approximately arrive to Ukraine?

I don't remember exactly, but I think that we arrived on the 12 or 13th of June 2024

Oh! It's been quite a while since you have moved to Kyiv. What are your first impressions, do you like it so far?

Yes! Kyiv is a very pretty city, and I am currently enjoying it. It would be better, however, if there would be no war.

That is true! How about our school? We only started a couple of weeks ago, but what do you think so far? What are your favourite subjects?

I really like the school and the people here, and the campus is very nice. Especially the field, I didn't have a field at my old school unfortunately. My favourite subjects so far are biology, literature, technology, and history.

Could you please tell us more about your previous school?

It was not a very big school, and it wasn't international like this one. The main language was Spanish, and we didn't learn any other languages, even English was not very well taught.

Do you have any hobbies, what languages do you speak?

I enjoy playing football and video games. I speak Spanish, it is my native language and English, which I am currently improving here.

Thank you, Leonardo, for allowing us to interview you today! We wish you a wonderful year at KIS and to make lots of wonderful memories!

## CAFETERIA AND STUCO TIMES

### WHAT DO OUR EDITORS SAY ABOUT OUR MODERN CAFETERIA

The cafeteria, the snack bar, and the coffee bar all offer a wide range of food and drinks that you can buy to keep your energy levels up throughout the day. Each spot serves different needs, depending on whether you're craving a snack on the go or you have time to sit down and eat. The coffee bar is known primarily for its hot and cold beverages, including matcha, iced lattes, and hot chocolate (which is my personal favorite). In addition to these popular drinks, it also sells small snacks like croissants and buns, which are perfect for those moments when you need something quick and don't feel like walking the long way to the snack bar. The snack bar, on the other hand, is more focused on satisfying your sweet tooth. It offers a generous selection of ice creams in various flavors, fitness bars, puddings, and other treats. Although its primary focus is on snacks that you can grab between classes, it still serves some beverages, including water, juice, and yogurt, making it a convenient stop whether you're hungry or thirsty. Finally, the cafeteria plays a crucial role by serving the (percentage of people who eat there) of the school with balanced meals that provide all the essential nutrients your body needs to stay healthy and function properly throughout the day. Whether you're stopping by for breakfast, lunch, or a quick afternoon bite, the cafeteria is a great option for more substantial meals. The meal can go from pasta to pizza! When they serve pizza you know it will be a good day. Overall, the school offers a variety of ways to stay fueled, whether it's grabbing a coffee to wake up, a sweet treat to get you through the afternoon, or a nutritious meal to keep you going strong.

## DON'T MISS THE OPPORTUNITY TO GET A FREE COFFEE COUPON

---

On the last page we decided to include a questionnaire that will show us who is the most loyal resident of Kiev. If you are the first to answer all 6 questions correctly, you will have a unique opportunity to get a coupon to a coffee shop for free drink. Keep at it!

\*The form will close 30 minutes after the magazine is published.
