PROJECT COMPLETE

The New Malcolm C. Hursey at Ron McNair is complete. The 119,325sf, three-story facility is designed to expand Hursey Montessori to 600 students serving 3K through 8th grades. The school includes 29 classrooms, 2 kaleidoscope classrooms, a computer lab, a media center with a maker space lab, an art room, 2 music classrooms, 2 project labs and community room for the middle school grades. In addition, the cafeteria houses a stage to accommodate performances and separate multipurpose room for physical education. Exterior facilities include two playgrounds, a basketball court and a garden.
