October 11, 2024

Good afternoon,

I am writing to inform you that Park Ridge School District continues to utilize funding from Title IA of the Elementary and Secondary Education Act to fund part of its program at East Brook. Title IA funding is designed to help support a diverse range of learners, and, here at Park Ridge, assists us in funding our Basic Skills instruction, particularly in reading. Our program helps to support our young readers who might need additional support in becoming fluent at grade level. We consistently evaluate students for admission to the program and assess them on an ongoing basis to exit them as they gain that fluency. Our program is evaluated constantly for improvement, and to better target those students whom it serves.

As part of the requirements of Title IA, I would like to inform you that you have the right to inquire about the certification of our staff in East Brook. I am sure that you are all familiar with the high quality of our staff, a feature of Park Ridge schools in which we all take great pride. However, should you require it, more information may be obtained, about specific certifications and job qualifications, by contacting the office of the principal.

Finally, I would like to invite you to attend our Title IA Information Night at East Brook School on Tuesday evening, October 22, 2024, at 7:00pm. Join us to meet some of our teachers, better understand our program, and learn about Title IA funding at Park Ridge. No RSVP is required, simply join us that night at the East Brook Media Center.

If you cannot attend or would like to learn more, information is available on our website, under Curriculum and Instruction.

Patrick D. Bernardo
Director of Curriculum, Instruction, and Technology
