SELF-AWARENESS**

OUR BELIEFS

Evolve Academy loves and believes in our scholars. We recognize the strengths and diversity of each individual. Regardless of past experiences, scholars are treated with dignity and respect. In order to make their educational experience exceptional, scholars are expected to be actively involved and take ownership in every aspect of their education. Our policies and expectations are set forth with the intent that scholars will make positive changes that will move them toward success in high school and beyond while becoming successful, contributing members of society.

OUR MISSION

Evolve Academy builds on the individual strengths and passions of our scholars. We empower youth to develop the mindsets and skills to succeed in high school and achieve their goals for post-secondary education and employment. We build a culture of holistic support, promote rigorous, scholar-centered academics, and facilitate real world opportunities to learn and serve in the community.

WHY EVOLVE?

PERSONALIZED LEARNING

Evolve Academy students work at their own pace in project based courses. Students learn through small group instruction, individualized support, and each have advisors to support them to reach their academic goals for college and beyond.

COMPETENCY-BASED PROJECTS

Students engage in rigorous project-based units for their core subjects. Projects allow students to demonstrate mastery of set competencies, which are essential skills all students need for success in college and careers. Students adopt a growth mindset to revise their work until they reach mastery.

COMMUNITY BASED LEARNING

Evolve students also are able to learn and serve in the community through dual enrollment opportunities, school to career internships, and workforce development pathways.
