

Suggested Preparation for Early Childhood Screening

- Screening is a snapshot of your child engaging in variety of activities. Talk to your child about the screening before your appointment. Let your child know ahead of time that he/she will be playing games and talking with a teacher and/or nurse, and that you will be with them while they play with the teacher and nurse.
- **Please complete the attached paperwork and bring it with you to the appointment** if you are screening in-person. For virtual screening appointments, email, drop off or mail ALL of your paperwork prior to your appointment. (See contact information below.)
- **Please bring (or send) a copy of your child’s most recent immunizations records for the district.**
- **Please bring (or send) a copy of your child’s birth certificate or a passport/visa or an official US court/government document indicating child’s full legal name and birthdate. This copy will stay with the district.**
- **Please do not bring siblings to the screening.**
- The entire process takes approximately 45 minutes. Please arrive 5-10 minutes early to complete additional paperwork.

Minnesota Language Survey

Minnesota is home to speakers of more than 100 different languages. The ability to speak and understand multiple languages is valued. The information you provide will be used by the school district to see if your student is multilingual. In Minnesota, students who are multilingual may qualify for a Multilingual Seal upon further assessment. Additionally, the information you provide will determine if your student should take an English proficiency test. Based upon the results of the test, your student may be entitled to English language development instruction. **Access to instruction is required by federal and state law. As a parent or guardian, you have the right to decline English Learner instruction at any time. Every enrolling student must be provided with the Minnesota Language Survey during enrollment.** Information requested on this form is important to us to be able to serve your student. Your assistance in completing the Minnesota Language Survey is greatly appreciated.

Early Childhood Screening Consent

Child's Name: _____ Birthdate: _____

(For office use only)

MARSS other ID: _____ Parent/Guardian Name(s): _____

Early childhood developmental screening helps a school district identify children who may benefit from district and community resources available to help in their development. Early childhood developmental screening includes a vision screening that helps detect potential eye problems but is not a substitute for a comprehensive eye exam. This screening does not replace on-going care from your health care provider or dentist. Screening data collected is private so it may only be shared with anyone listed on the release of information; school district staff with a legitimate educational need to know; by court order; or with others as required by law, including the state or legislative auditor.

A. This Screening includes:

- Review of your child's immunization record
- Check of your child's growth, such as height and weight
- Check for possible hearing problems.
- Check for eye health, including how well your child can see
- Review of factors that might interfere with your child's health, growth, development, or learning.
- Check of your child's development
- Your report of your child's growth and learning including emotional and behavior status
- Information about your child's health care and insurance
- Information about community resources and programs based on your child's or family's needs.

A. If this screening is a Child and Teen Checkup, Head Start, or other equivalent screening it may also include:

- Check of your child's present, past, or other family health
- Check of your child's blood pressure
- Head-to-toe physical exam
- Check of your child's teeth, gums, and mouth
- Check for risk of tuberculosis
- Blood test for anemia
- Blood test for lead
- Other _____

Child and Parent Rights, Obligations, and Assurances

1. The standards for screening are the same for every child regardless of race, income, creed, sex, national origin, or political beliefs.
2. Screening is required for your child's entry into public school kindergarten or first grade. You can also meet this requirement if your child has participated in a screening in the past year through Head Start, Child and Teen Checkups, or an equivalent developmental screening through another health provider that includes all required early childhood screening components. You or your provider will need to give summary results of the equivalent to your child's school district.
3. Screening is not required for your child's entry into kindergarten or first grade if you are a conscientious objector to screening. You will need to provide a written statement to your child's school district that documents your conscientious objector status.
4. You have the right to refuse to answer questions or provide information and still receive the rest of the required screening components.
5. You have the right to refuse an assessment, diagnosis, and possible treatment for your child.
6. Your child's medical assistance eligibility or eligibility in any other health, education, or social service programs will not be affected if you refuse this screening or any parts of this screening.

I give permission for the Child Health and Development Screening checked below for:

Child Name: _____

Early Childhood Screening Release of Information

Child's Name: _____ Birthdate: _____
(For office use only)
MARSS other ID: _____ Parent/Guardian Name(s): _____

EDINA (This organization) uses information from the Child Health and Developmental Screening to identify any possible problems that might interfere with your child's health, growth, development or learning. Under Minnesota law, screening results are classified as private data. This means the results cannot be released or discussed with anyone without your consent. If you refuse to release this information, it will not affect your child's eligibility for medical assistance or any other health, education, or social service program. Summary data about groups of children that does not include information about individual children may be shared without consent.

Information from Your Child's Screening May be Used for the Following Purposes:

1. To obtain follow-up services for your child after the screening if you choose to participate.
2. To arrange for further evaluation or assessment of your child's health, growth, development, or learning, if you choose to participate.
3. To fulfill the requirements for your child's entrance into public school or Early Learning Scholarship, School Readiness or Voluntary Pre-Kindergarten programs.
4. To evaluate screening programs by the Minnesota Departments of Education, Health, and Human Services. Your child's name will not be identified in any evaluation results.
5. To develop appropriate educational programs to meet student needs and to design appropriate health education programs for the district.
6. To plan for early childhood programs and school entry.
7. To provide access to and accountability for government funds paid to the local school district for providing required early childhood screening services.

Your signature indicates that you have read, understand, and agree that the information can be used as stated above.

CONSENT TO RELEASE INFORMATION

I hereby authorize release of my child's screening information to the following checked programs or services for the purpose of evaluation, assessment, diagnosis, follow-up and /or programming. (Please provide names and addresses where available).
