## 2024 SUMMER READING LIST

APRIL 17, 2024

Boston Public Schools Library Services further recommends the 2024 "We Are Kid Lit Collective" Summer Reading List. The mission of the We Are Kid Lit Collective is, "to create materials and opportunities to recognize the humanity of Black, Indigenous and People of Color (BIPOC) in youth literature. Our work is premised upon the principles of social justice, equity, and inclusion and centers BIPOC voices in children's literature in order to identify, challenge and dismantle white supremacy and both internalized and systematic racism. Our intended audience includes educators, librarians, caregivers and young people. We look for ways to improve the literacies of BIPOC children, promote books written by and about BIPOC, and to encourage gatekeepers to bring a lens of critical literacy to their work."
