

BPS Evacuation Best Practice: Red/Green Cards

Teachers should keep 1 **Red** & 1 **Green** page with class lists to use as a visual cue to report accountability during a drill or building evacuation.

When students are safely out of the building, the instructor will hold up the **Green** card indicating everyone is accounted for and okay.

If there are missing students or a critical issue, hold up the **Red** card for help.

Practice your building evacuation drills.
Know your space & have an alternate way out.
