Kala bar ardayda BPS waxay ku hadlaan luqado badan ama baranayaam Ingiriisi.
(qaybaha cagaaran ee shaxda ee bidix)

Halka diiwaangelinta guud ahaan degmada ay hoos u dhacday 5tii sano ee la soo dhaafay, bartayaasha luqadaha badan / Is-diiwaangelinta bartayaasha Ingiriisiga (ML/EL) wax yar ayay sare u kacday sanadkan, 2022-2023.

Waa maxay luqadaha ay qabtaan ardyada Ingiriisiga BPS hadda / bartayaasha luqadaha badan ku hadla?

Labada istaraatiijiyadeed ee ugu horreeya ee mudnaanta leh ee Xafiiska Luuqadaha badan iyo Waxbarashada dhaqamada kala-duwan waa in

Barnaamij noocee ah ayay ardaydu ku bartaan?

ELD1-3s

Ardayda leh heerarka Horumarinta Luuqadda Ingiriisiga 1-3 (ELD 1-3s), kala badh ayaa ku jira barnaamijyo loogu talagalay bartayaasha Ingiriisiga / bartayaasha luqadaha badan. Qaybta kale waxay ku jirtaa Waxbarashada Guud.

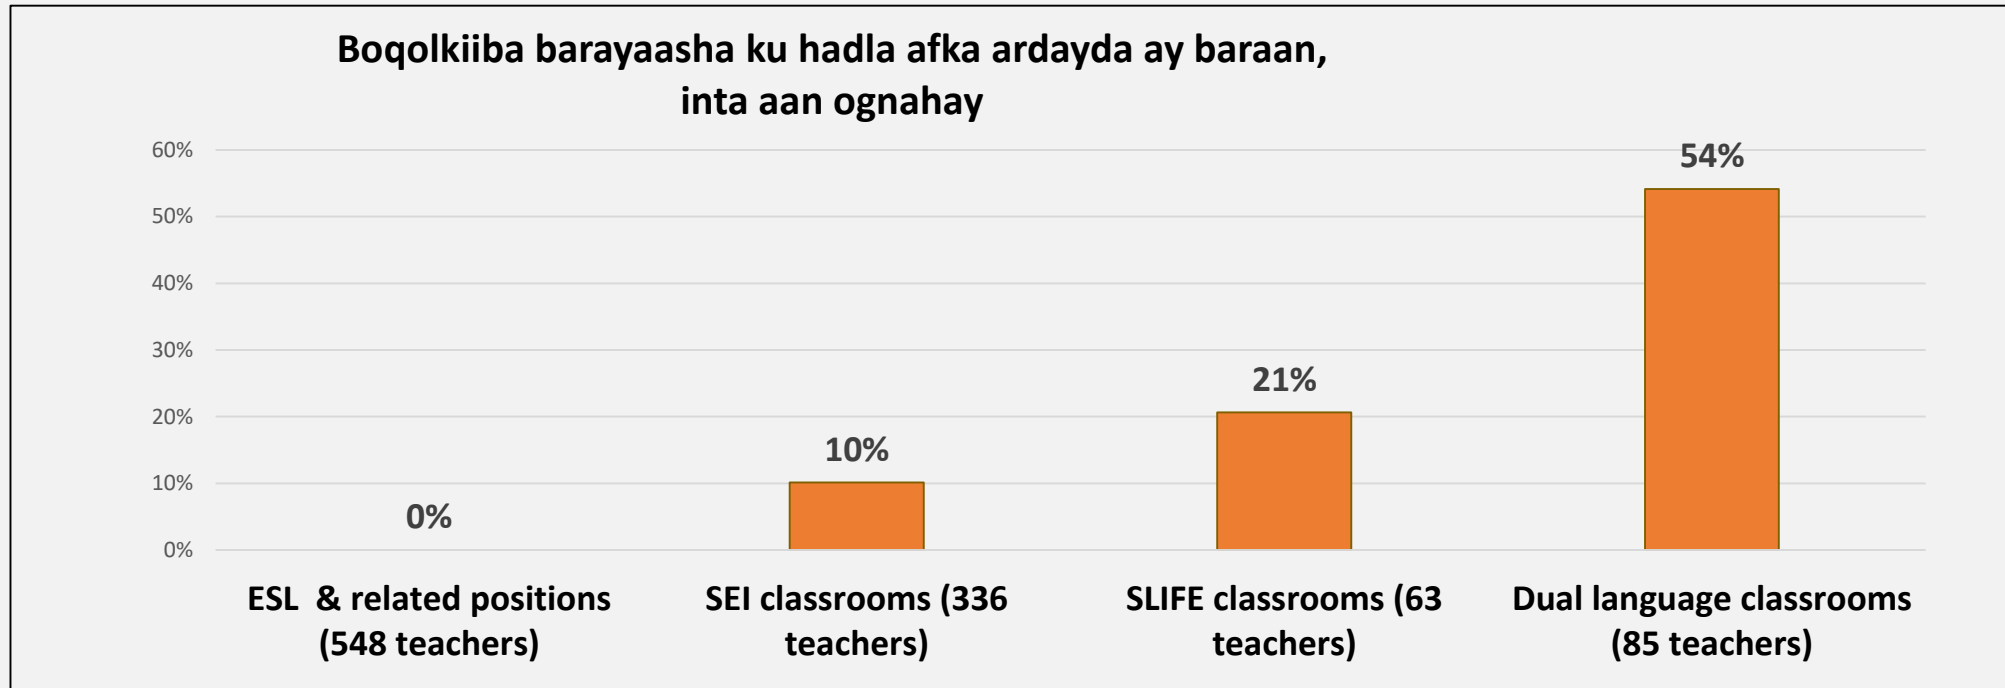

ELD4-5s

Ardayda leh heerarka Horumarinta Luuqadda Ingiriisiga 4-5 (ELD 4-5s), dhammaantood waxay ku jiraan Gen Ed (marka laga reebo 4 arday).

Macalimiinta ardaydu ma ku hadlaan luuqadooda?

Maya. badankoodu bartayaasha Ingiriisiga/barnayaasha luqadaha badan ma haystaan macalin ku hadla afkooda.

Degmadu ma hayso macluumaad luuqadeed oo dhamaystiran dhammaan macalimiinta, ama habraac heersare ah oo lagu qiimeeyo faseexnimada.

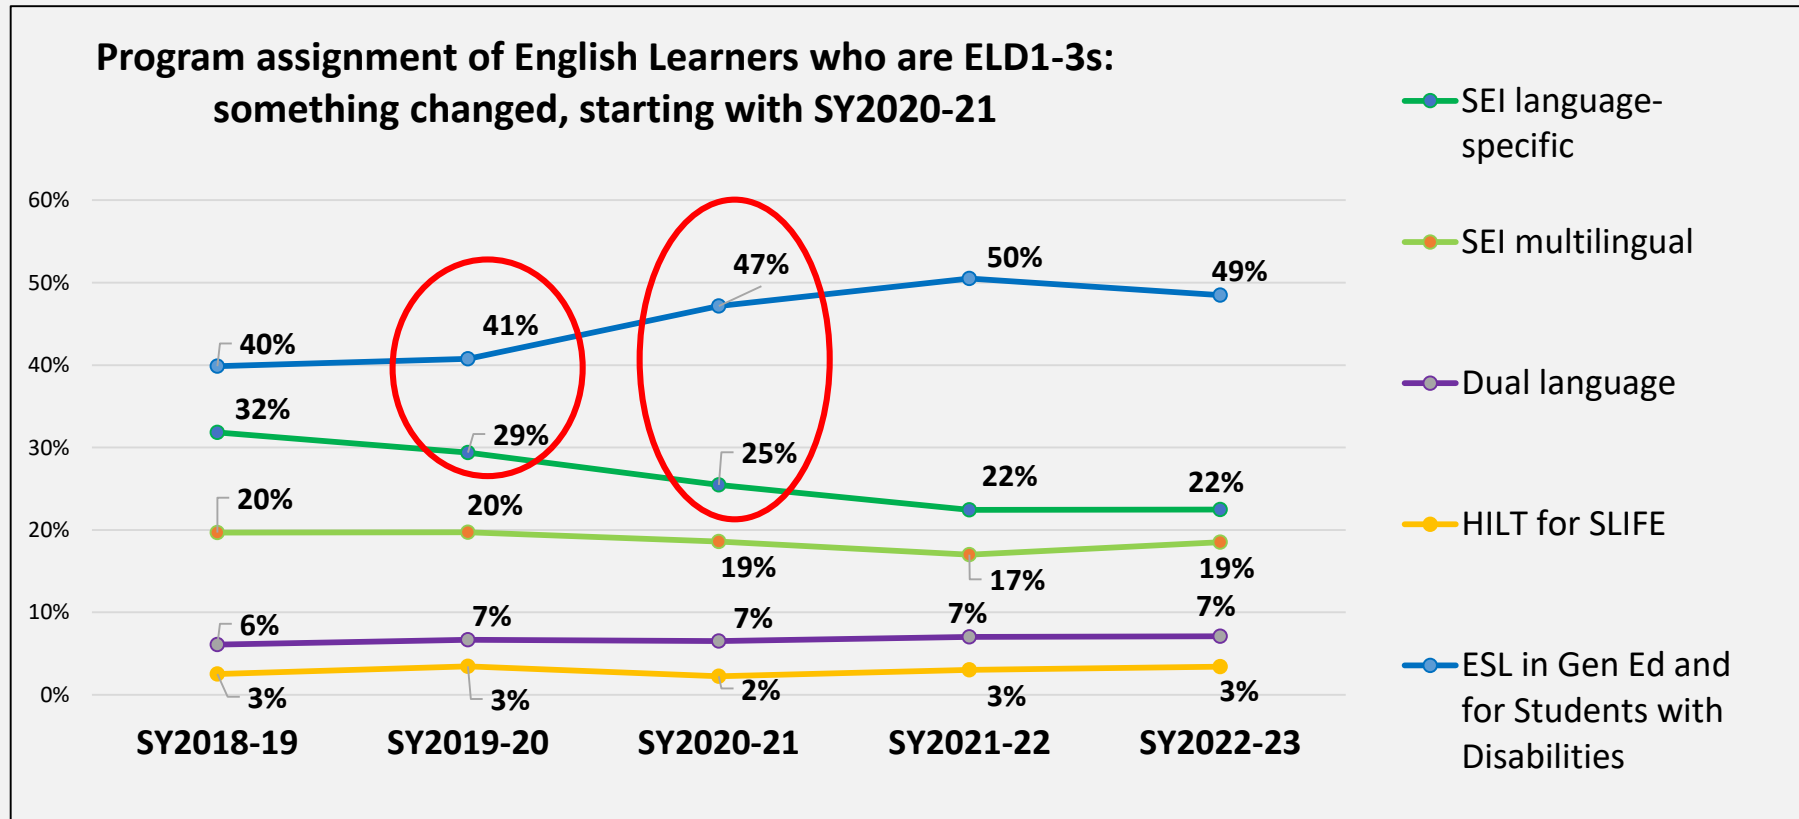

↑
Kala bar ELD1-3s iyo 100% ELD4-5s waxay wax ku bartaan macallimiintan

↑
Barnaamijyada SEI waxa ay barayaan 41% dhammaan ELD 1-3s

↑
Barnaamijyada SLIFE waxa ay barayaan 3% dhammaan ELD1-3s

↑
Barnaamijyada labada luuqadood ayaa wax bara 7% dhammaan ELD1-3s

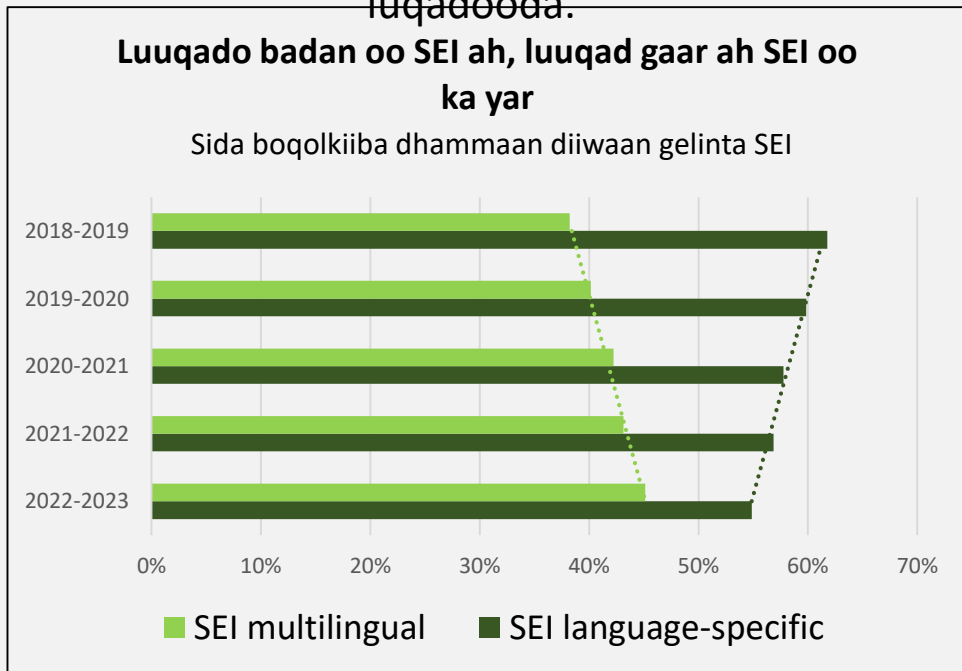

3dii sano ee la soo dhaafay, Bartayaasha Ingiriisiga / Bartayaasha Luuqadaha badan ee Heerarka Horumarinta Luuqada Ingiriisiga 1-3 (ELD1-3s) ayaa laga wareejiyay luqadaha gaarka ah ee SEI waxaana loo bedelay fasalada Waxbarashada Guud.

Waxaan qiyaasnay in ilaa 1,000 arday ELD1-3 ay hadda ku sugan yihiin Gen Ed kuwaas oo joogi lahaa SEI haddii meelaynta ardaydu la mid tahay tan 2019-2020.

Ardayda ku jirta SEI si isa soo taraysa ayaan loogu darin ardayda kale ee ku hadasha luuqadooda.

Ardayda ku jirta SEI, isbeddelku waa in qaar badan oo iyaga ka mid ah lagu meeleeeyay “luuqada SEI” (fasalada ay ku jiraan in ka badan hal luqad arday oo la isku daray) halkii ay fasalka la geli lahaayeen ardayda kale ee ku hadasha luqadooda.

Luuqadaha ay ku hadlaan ardaydu ee SEI luqadaha badan 2022-2023

BPS waxay luqadahaan ku bixisaa barnaamijyo luqad-gaar ah oo SEI ah	Cabo Verdean Creole	5%
	Shiinays	2%
	Haitian Creole	7%
	Isbaanish	53%
	Fiyatnaamiis	4%
		71%
BPS kuma bixiso barnaamijyada luqadaha gaarka ah ee SEI ee luqadahaan	Carabiga	3%
	Ingiriisiga	5%
	Faransiiska	1%
	Boortaqiiska	13%
	Soomaali	1%
Kale	5%	
		29%

Luuqadaha badan ee SEI, kuwa ku hadla luqado kala duwan ayaa isku dhafan fasalada.

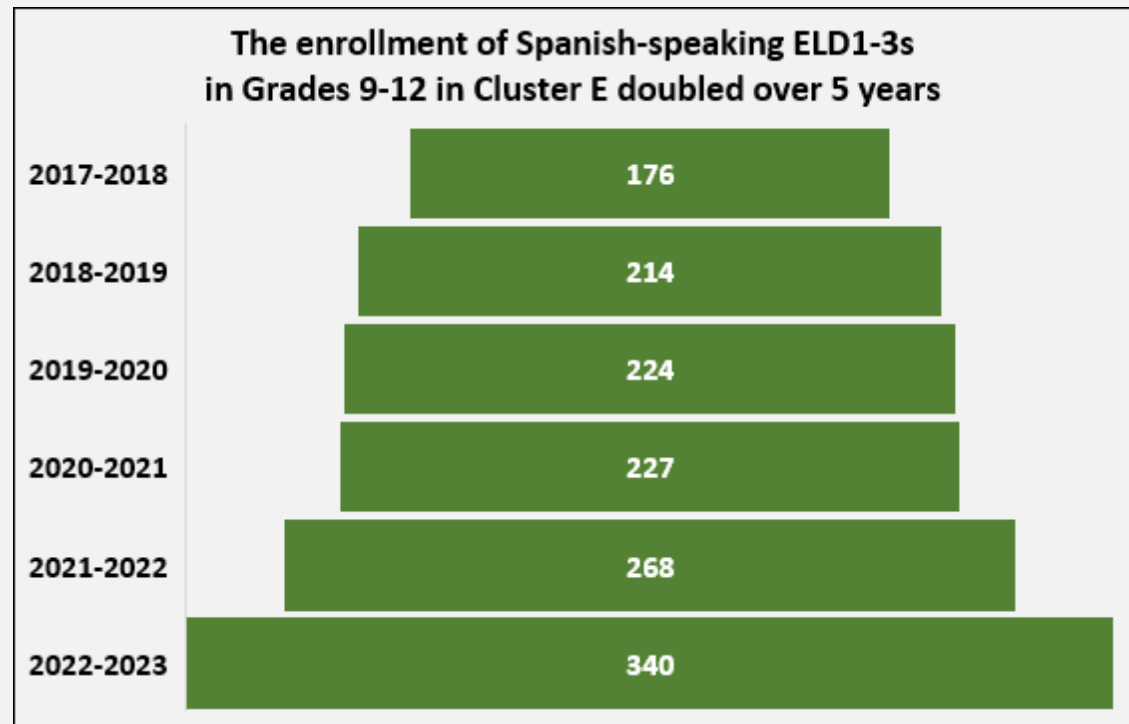

71% ardayda ku jirta barnaamijka waxay xaq u leeyihiin meelayn luqad-gaar ah fasalka dhexdiisa dad kale oo ku hadla afkooda.

53% diiwaan gelinta SEI ee luqadaha badan waa kuwa ku hadla Isbaanishka. Tirada ardayda ku hadasha Isbaanishka ee ELD1-3 waxay korodhay 19% 5tii sano ee la soo dhaafay, laakiin diiwaangelinta Isbaanishka ku hadasha luuqada gaarka ah ee SEI (iyo labada luuqad) ayaa hoos u dhacday 2% isla muddadaas.

Hadda ma jiro qorshe lagu hubinayo in barnaamijyada EL/ML la dhigo meel u dhow halka ay ardaydu ku nool yihiin, ama in la hubiyo in ardaydu geli karaan barnaamijyadaas xitaa haddii aanay ku jirin aagga Meelaynta ee Guriga Ku-salaysan..

Tusaale ahaan, shantii sano ee la soo dhaafay, diiwaangelinta Isbaanishka ku hadasha ELD1-3 ee fasalada 9-12 ee Cluster E - oo ah degmada BPS oo ku sii qulqulaysa qaybo ka mid ah Roxbury, Dorchester, iyo Mattapan.

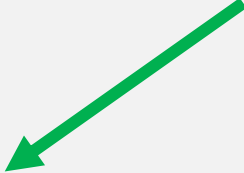

Qaybtan magaaladu ma laha fasallo luqadgaar ah oo loogu talagalay dadka ku hadla Isbaanishka. Ardaydaas waxaa lagu meeleeeyay goobaha barnaamijka luuqadaha badan.

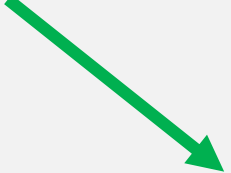

Maxay muhiim u tahay haddii inyar bartayaasha Ingiriisiga / Bartayaasha luuqadaha badan ku hadla ayaa lagu meeleeeyaa barnaamijyada luqadaha gaarka ah ee SEI?

SEI miyaanu ahayn barnaamij "wax-ka-goyn ah", micnaheedu tahay ardaydu waxay lumiyaan xirfada afka hooyo maadaama ay Ingiriisi baranayaan? Haa, way tahay.

Si kastaba ha ahaatee, hadda barnaamijyada gaarka ah ee SEI ayaa muhiim u ah BPS.

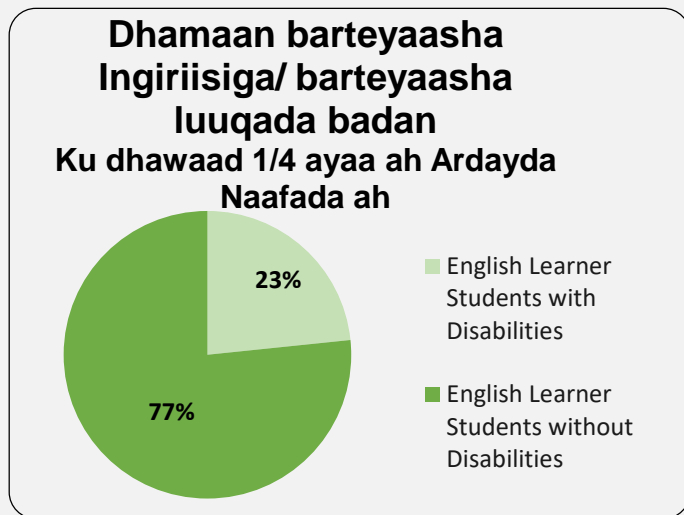

1. Ardayda ku jirta fasalka luqadda gaarka ah waxay yeelan doonaan **facooda oo ku hadla luuqadooda**, xitaa haddii uusan macalinkoodu ku hadlin.

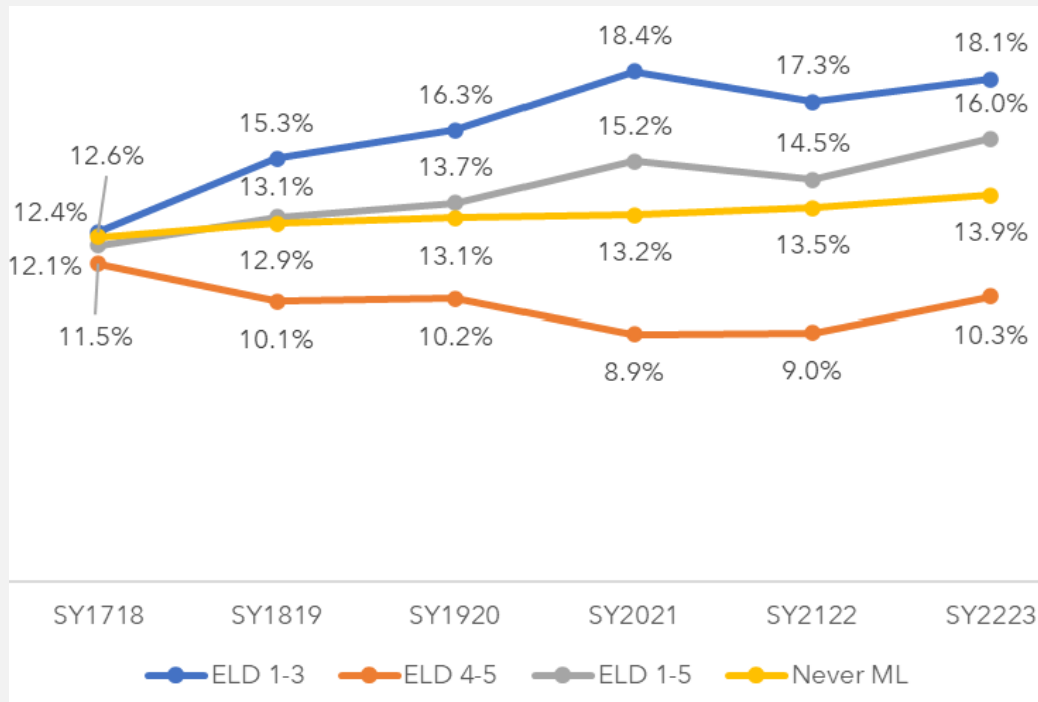

2. Barnaamijyada gaarka ah ee SEI waxay ardayda ku kooxeeyaan luqad ahaan, taas oo ah **qayb muhiim ah oo ka mid ah kaabayaasha degmada ee lagama maarmaanka u ah kordhinta helitaanka luqadda hooyo** iyo u dhaqaaqista barnaamijyada taageera barashada iyo akhrinta laba luqadood.

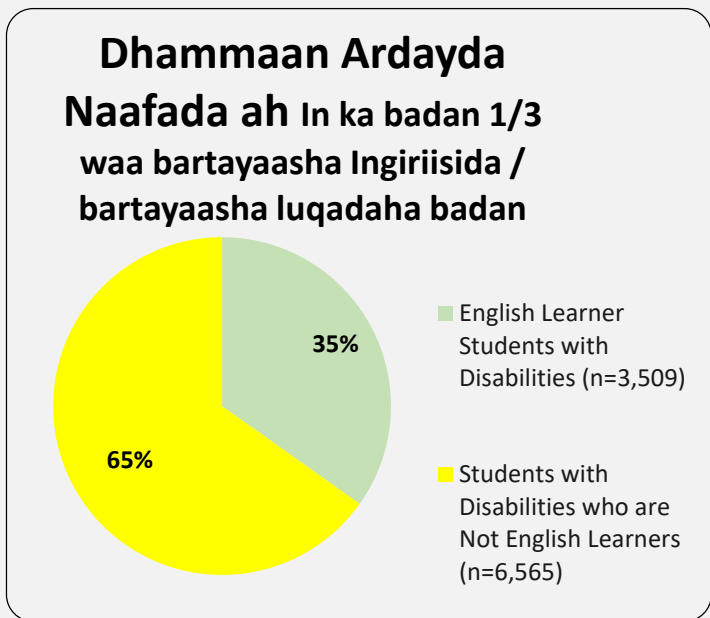

Bartayaasha Ingiriisiga badan / bartayaasha luqadaha badan sidoo kale waa arday naafo ah.

Bartayaasha Ingiriisiga ee naafada ah waa dad sii kordhaya.

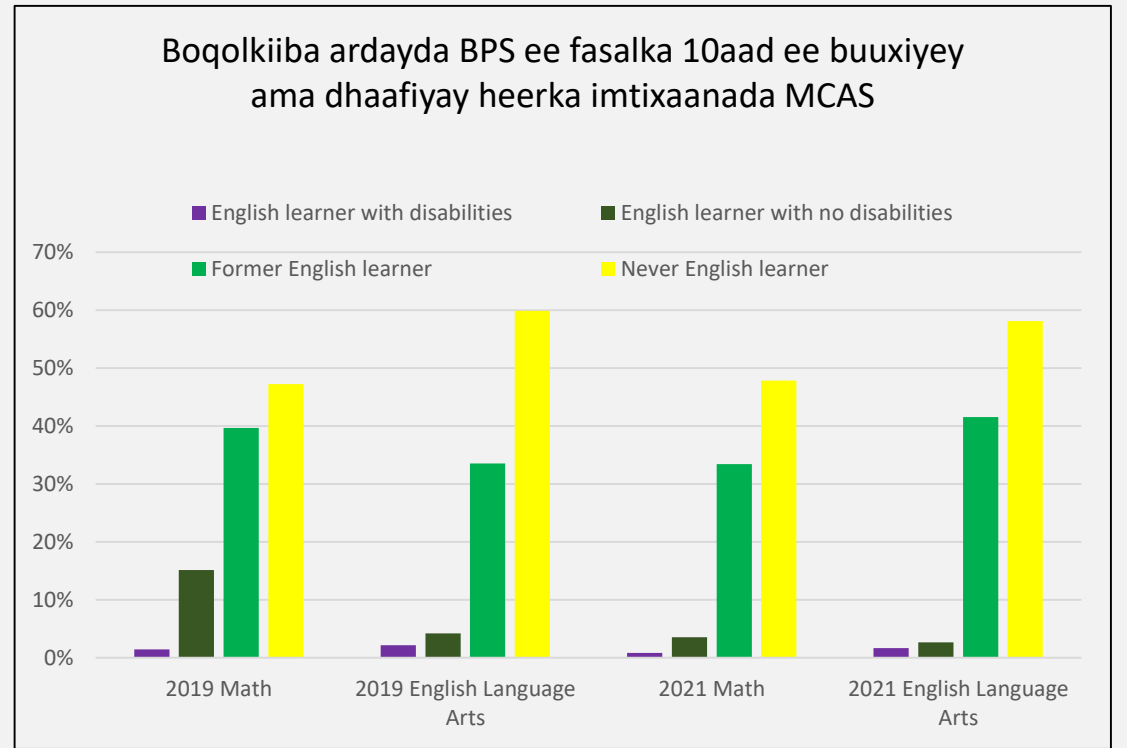

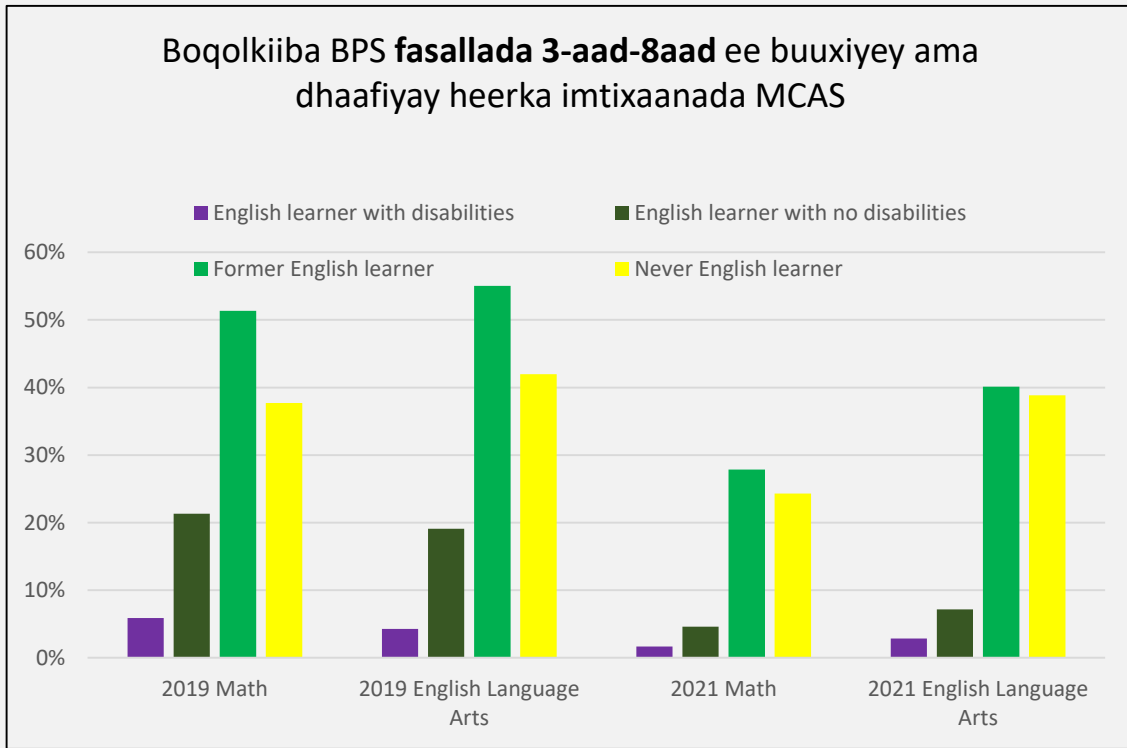

Data received from Budget/Planning, 3/30/23

Ma jiro marin loo helo luqadda hooyo --
Bartayaasha Ingiriisiga ee naafada ah ma haystaan dammaanad ah in macalimiintooda iyo bixiyayaasha ay ku hadli doonaan luqadooda.

Ingiriis barteyaasha/ bartayaasha luuqadaha badan ku hadla waxay leeyihiin buundooyin hooseeya MCAS, gaar ahaan ardayda EL/ML ee naafada ah.

Qoondaynta miisaaniyada cusub ee 2023-2024 wax yar bay ka tari doontaa si ay u balaariso ardaydu si ay u helaan taageerooyinka afka hooyo.

Ma jiro qorshe degmo oo jira oo lagu balaadhinayo gelitaanka luqadda hooyo ku dhawaad 15,600 ML/EL oo aan ka diiwaan gashanayn barnaamijyada labada luqadood.

Miisaaniyadda 2023-2024 waxaa ku jira **ilo cusub oo loogu talagalay qorshaynta muddada-dheer ee barnaamijyada labada luqadood**. Keliya 7% ardayda afafka badan ku hadasha / bartayaasha Ingiriisiga ayaa ku jira barnaamijyadaas.

Waxay noqon doontaa sannado badan ka hor inta aan tiro badan oo ardayda BPS ah lagu siin barnaamijyo laba luqadood ah.

Miisaaniyadda 2023-2024 38 boosas cusub oo macalin ESL ah.

Waxay balaadhin doontaa shaqaaleysiinta meelaha barnaamijyada ay ardaydu sida caadiga ah u heli karaan xaddidan taageerada luqadda hooyo.

Waxaan u baahanahay aragti si aan u suurtagelino dhammaan ardayda si ay u helaan Shaabadda Laba-luuqad yaqaanka.
