	<p>Presentation: ACAP School Safety Assessment - Anthony Beattie and Scott Beard</p> <ul style="list-style-type: none">• Anthony gave some background on their company and the service that they provide to schools regarding their safety assessments.• CSSP stands for Comprehensive School Security Planning – it looks at 16 different aspects of school safety.• This assessment is not costing us anything, it is paid for by a state grant that we had applied for and received.• State-wide findings: climate (attitude and expectations at safety; training (preparation of staff); understanding (depth of knowledge and ability to apply it and buildings (the age and intent of construction.• Assessment areas were discussed and explained with graphic representations of what they observed in our district.• Our staff is very active in wanting to learn about safety and apply it.• Staff is VERY caring when it comes to our students.• The work that is being done here is fantastic.• We are doing pretty well but there are areas for improvement. The idea of safety is relatively new (last 6 years).• Need to get the government to give more funding towards safety – it is not enough.• Next steps now is to continue to digest the report and make changes where needed. Decide what we can do on our own and what do we need to hire out.• See how much money we have on hand for our needs and appeal to legislature to get more.
