

Eastchester Eagle

THE NEWSLETTER OF THE EASTCHESTER UNION FREE SCHOOL DISTRICT

From left to right: Ciara Fay, Maddy Smith, Tshering Pelden, Alex Suarez, Anthony Fernandez and Meghana Viswanthan.

Congratulations Class of 2020

The Eastchester Class of 2020 will long be associated with the words resilience, perseverance and courage. Approximately 200 seniors graduated on June 26 after spending the final months of their school year at home during the global pandemic.

The District held two ceremonies on the lawn so the students could spend one last time together, safely.

Class President Tshering Pelden acted as the Master of Ceremonies. "I am confident that each and every one of us will continue to survive all the ups and downs and conquer the unconquerable...Through our time in quarantine, we not only immersed ourselves in scientific literacy but we have also strengthened our community focus and learned to cherish human connections."

Valedictorian Ciara Fay thanked her family and teachers for their guidance and support throughout the years and noted how the health crisis shaped her. "The simple moments that comprised my daily life at EHS were so easily taken for granted, but these past few months have gifted me with a new perspective, and I have realized just how blessed I am to be able to call myself an Eastchester Eagle. Whether it be in chemistry class, at soccer practice after school, or in the cafeteria during free periods, each humdrum, exhausting day brought with it a new experience, and for that I am grateful."

Continued on page 2

Letter from the Superintendent

Dear Eastchester Families & Community,

As the end of summer approaches, our thoughts turn to the new school year, a moment in time to which we normally look with a sense of excitement regarding what lies ahead. I would be remiss not to acknowledge that this academic year poses many challenges amidst opportunities as a result of the COVID-19 crisis. Please know that the District is following the latest CDC guidelines to keep our entire school community safe when we open our doors again on Thursday, September 10. The District organized a Re-entry Review Task Force which includes administrators, faculty, staff, students, parents/guardians of students, local health department officials and health care providers, employee unions and community groups. Sub-committees were formed in the areas of Curriculum and Instruction, Instructional Technology, Medical, Mental Health, Business, Transportation, Food Service, Facilities, Human Resources, Safety and Security, and Athletics to help guide and inform the work of the Re-entry Review Task Force.

With approval from the governor's office, we will follow a hybrid model where students will attend school in-person and virtually until further notice. Updates will appear on our website, www.eufsd12.org.

It is with a great sense of pride that I announce the launch of our new District website this summer. The planning of the new site spanned well over five months with your needs in mind. It truly was a collaborative effort from our administrative and technology teams. We hope that you find this new tool aesthetically pleasing as well as one that will assist you and your student to access the important information and resources that you need to soar to excellence.

As we take final steps to prepare for the re-entry into the Eastchester School District, enjoy these last few moments of summer and be assured that we are making every effort to keep you informed and best serve the needs of your children whom you entrust into our care every day.

Please feel free to reach out to me at rglass@eufsd12.org with your questions and concerns.

In partnership,

Dr. Rob Glass, Superintendent

Congratulations Class of 2020 *Continued from page 1*

The ceremony was broadcast live so family members across the country could watch and celebrate with the graduates. Musical selections pre-recorded by the High School Orchestra, Band and Chorus brought cheers from the seniors.

Salutarian Nicole Liao reminisced about the times the Class of 2020 spent together both in and out of school. "We have all helped each other in times of need and I am so proud to be graduating with all of you as we have come together in a time where the support of others is needed the most and we have become a stronger community than ever. I would also like to thank all of the parents for raising the most amazing peers I could have ever worked with and for instilling the values of empathy and community that we carry with us today," said Nicole.

Salutarian: Nicole Liao

This class holds a special place in the heart of EHS Principal Dr. Jeffrey Capuano who has watched the students grow and flourish since he joined the District 13 years ago.

Dr. Capuano encouraged the students to continue to crave learning and excel, even

when people aren't watching and to place others' needs before their own. "Resolve to be strong of heart, firm of purpose, and high in spirit, even in the face of difficulties."

Graduation is a time of great change not unlike what the students and the world have faced these months. "You get to make some important decisions. What will you take with you and what will you leave behind?" asked Board of Education

President Dr. Cheryl Smith. "What do you choose to carry along?"

After hearing their names called and receiving their diplomas, the students left the Eastchester campus a final time. Moments earlier, they heard the words of School Superintendent Dr. Robert Glass.

"Your experiences as seniors living in a global pandemic could be positioning for something special because now you have the opportunity to combine your academic knowledge with the ability to anticipate and navigate that which you may have never thought possible."

ISLAND PHOTOGRAPHY

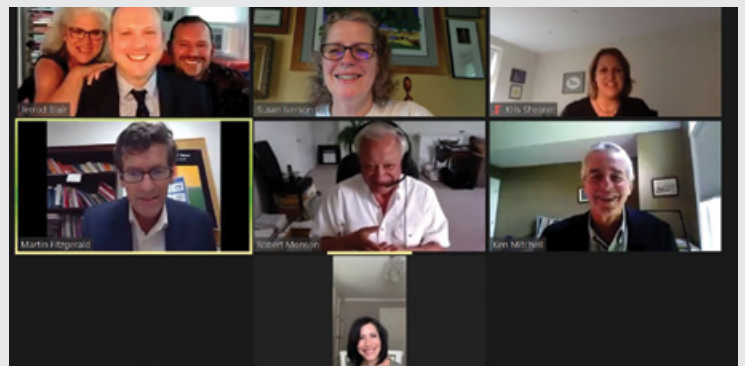

Congratulations Dr. Stinchcomb

Greenvale Principal Darrell Stinchcomb received his Doctorate in Education from Seton Hall University this May. Dr. Stinchcomb defended his dissertation entitled The Potential Link Between Teacher Evaluation and Student Achievement.

Congratulations Dr. Blair

Eastchester Supervisor of STEM Jerrod Blair received his doctorate this June from Manhattanville College. Dr. Blair defended his dissertation entitled Supporting LGBTQ Youth Through Policy: How Secondary Early Career Teachers Make Sense of New York State DASA Training and Policy.

Waverly Class of 2020

Meet Eastchester's New Athletic Director

Thomas Lehman knew at a young age that he wanted to guide student-athletes and help young people reach their fitness goals.

When Lehman suffered a season ending injury during his senior year on the Varsity Baseball team at Holy Cross High School in Queens, he discovered his calling. Lehman spent the remainder of that school year assisting his coach train outfielders and base runners which inspired him to major in Physical Education. Lehman held various roles in schools across Queens and Westchester culminating in his dream position as the Director of Athletics, Physical Education, and Health for the Eastchester Union Free School District on July 1, 2020.

"We want students to find something that they like, not just in class only but outside of school," said Lehman during a recent interview. "I want all the students to have the knowledge of how to be active in their communities and with their families. Physical activity and movement is a catalyst for success."

Since he joined the District, Lehman has been meeting with all the coaches from modified sports to varsity. "We spoke about their visions and values which come down to team commitment and building relationships with all the students, to build a great atmosphere. This aligns with my student-athlete centered approach which focuses on student ownership, maximal effort and focus, and providing the tools to our student-athletes so they have the confidence and competence to overcome obstacles."

Lehman noted how these characteristics support the current COVID-19 pandemic that halted many sports midseason and even prevented some teams from taking the fields in the spring. He also realizes how the skills learned from working collaboratively with others improves how an athlete will face challenges after graduation. That is where the coaches play a role. He spent much of his time over the summer reviewing state guidance to run a safe program.

Lehman comes to Eastchester after serving for three years as the Assistant Director of Physical Education, Health and Athletics at the Harrison Central School District. Prior to that position, Lehman was the Assistant Principal and Director of the Achieve Now Program at Long Island City High School. He was a physical education teacher and coached baseball, volleyball and girls' basketball for 13 years.

He sums up his experience teaching quite easily, "The best part of teaching/coaching was being able to witness a young person excel in something they did not believe they could do. When you capture the child's heart and feelings, that's what lasts, and that is what everyone remembers."

Lehman also oversees the District's Physical Education Department K-12 and met virtually with every teacher and discussed their motivation as an educator. He seeks to provide professional development for all department members.

Behind the scenes, Lehman has been working on the Athletic Department's new website to improve the experience for parents and athletes with an updated Athletic Handbook that reflects the values of a successful program, FamilyID, which will ease the athletic registration process, and a new scheduling software which will provide updates and notifications to subscribers.

Lehman spends time away from school with his wife and their two daughters. The family enjoys kayaking, going to the beach and playing outdoors. Lehman also coaches his daughter's softball team and enjoys watching his youngest do gymnastics.
