## A Word From Dr. Moran

### *Dear Eastchester Community,*

**A**s we recognize and celebrate the accomplishments of our students this June, it is a fitting time for me to express my deep appreciation for the honor it has been to serve as principal and superintendent for the past 19 years in the Eastchester UFSD. Your support, trust, and confidence during this time has been an inspiration to me. Together, we have helped build an exceptional district and community for our students, staff, and families.

The beauty of our work as educators is that it is always a masterpiece in progress. The story is never about us, it is about our students and their futures. I step away with joy knowing that the small part I was privileged to play occurred during a consequential time. The district now continues its journey under the care and leadership of my successor, Dr. Rob Glass.

Please accept my humble and heartfelt gratitude.

Fondly,  
**Dr. Walter Moran**

## Letter from the Superintendent

### *Dear Eastchester Community,*

It is my great pleasure to greet you as Eastchester's new incoming Superintendent of Schools. As perhaps the newest member of the Eastchester family, it is my honor to join you in helping shape the next chapter of Eastchester's success story.

The conclusion of every school year is the perfect time to reflect on the personal and academic growth each student has made through their hard work, along with the support of their families and our fine educators. Most of us have at some point in our lives looked back and marvelled at how we exceeded our own expectations, or how we experienced something transformative that we simply could not have anticipated at the outset. Moments like these are what great education in the context of the human experience is all about. I hope you are taking time to appreciate these moments today.

This time of year is also about looking forward, whether it be to the next challenge, the next adventure or the next opportunity. Whatever lies ahead, rest assured that Eastchester students will be ready, because under Dr. Moran's leadership, they have experienced the kind of community and educational environment that will equip them exceptionally well.

As the Summer months progress toward Fall, I look forward to the opportunity to meet you, whether it be in town, or at a school or community event. Your support of our schools is crucial to our continued success, and I know that together we will achieve great things!

Sincerely,  
**Dr. Rob Glass**  
*Superintendent*

# Soaring Into The Future

**A sense of excitement and for some even a little trepidation,** filled the air as the Eastchester High School Class of 2019 joined together for the last time as a group.

On June 26, the senior class donned caps and gowns and processed to Pomp and Circumstance and then received their high school diplomas. They looked back on the years spent together and contemplated what lies ahead.

The Eastchester campus grew and expanded over the years and this class also developed and matured over time.

Valedictorian James Fong compared the journey in Eastchester with Lego blocks, each experience building upon another. Now, there are no instructions. "There is no set path in front of us. From this point on, our lives will diverge in ways that we can't even imagine," said Fong. "Let us keep learning and keep building ourselves beyond our limits. Wherever we end up one thing will be the same for all of us, anytime we pull back the layers of our sculptures, our foundation will always be pieces that we gathered at Eastchester High School."

Principal Dr. Jeffrey Capuano expounded on this theme and encouraged the graduates to start their new lives with a plan, to work with a team, to start with a strong foundation and to incorporate windows to look outward and assist others. He warned them, as in any construction project, it won't always be easy. "There is mess, there is noise. So too with life. If something is worth doing, it may require significant work."

When Salutatorian Juliet Liao spoke to the class, she reflected upon the support she gained from teachers, peers and her family. She reflected on the necessity for perseverance. "Among the sweat and the occasional tears, I finally saw moments of achievement and laughter. Realizing what is my happiness now and how I arrived at my current place in life has helped me release unnecessary stresses and created new memorable experiences that I will always cherish."

There were poignant moments throughout the ceremony when Class of 2019 President Nicholas LoParrino and Eastchester Government President Miranda DeLeon reflected on the bonds of friendship that were formed and solidified over the past four years.

Musical interludes from the Concert Choir and the Eastchester High School band sustained the nostalgic mood that suited such a bittersweet occasion and students took time to thank their families and recognized faculty members and School Superintendent Dr. Walter Moran who are retiring from the district.

Dr. Moran posed this question to the graduates, "What is east of Eastchester?"

No two answers may be alike but Dr. Moran noted, "It will include new friendships and new insights and a reflection certainly of your past achievements and accomplishments that are broadening whom you are today and the promise of what you will become tomorrow. What is east of Eastchester? Mountains to climb, seas to be traversed, beauties to uphold, all the stories yet written and told."

Congratulations to the Class of 2019...follow your dreams and soar to excellence.

## Farewell from The Board of Education President

June seems to be the time for farewells. First, we have our graduating class to address. On behalf of the Board of Education and as a proud parent of one of the graduates, I wish all the best to the Class of 2019. They have many achievements and represent some of the best traits of our community, and Eastchester has invested much in them. As they move on to the next stage in their lives, I hope that they not only succeed in their endeavors, but also give back to the communities that become their homes, in recognition of all that has been given to them.

To Dr. Walter Moran, who is leaving our community after 19 years of service, we also say farewell and hope that his retirement will be every bit as enjoyable as he deserves.

There are many concrete manifestations of Dr. Moran's contributions to the Eastchester School District. Some are literally concrete because they include the new wings of Eastchester Middle School and Eastchester High School. They will be visible reminders of his efforts for decades to come.

But Dr. Moran's contributions have been much more than that. He is both respected and beloved in this district. Achieving such a status as superintendent is not easy. It could be said that the superintendent's position is one of the hardest jobs in education, with many constituencies to please. Dr. Moran has performed that job with grace and patience and with an earnest desire to serve every child.

This is a town where many families have lived for generations and living here does not necessarily equate to belonging. But Dr. Moran is accepted as a member of our community. One need only walk beside him as he traverses the school campuses, marches in a town parade or plays besides the students in a school concert, to know that is true. He will be sorely missed. But the connections he has made, and the bridges he has built, with the students, the staff and the community, should serve his successor well. It may very well be his most important legacy.

On behalf of the Board of Education and of the community, I wish to thank Dr. Moran for his many years of service and all that he has done for our children and for us.

Finally, I will be stepping down as President and as a member of the Board it has been my honor to serve for nine-and-a-half years. I know that the Board is in good hands and I believe that our new Superintendent, Dr. Robert Glass, has the talent and experience to oversee continued innovation and improvement of the educational opportunities that we provide to our children.

With best wishes to Eastchester and to our students,

**Mary Messner Martin**  
*Board of Education President*

# Life Skills Awards

On June 18, students from Nora Flynn's Life Skills class celebrated their achievements at an awards luncheon held in Mickey Spillane's restaurant. Students received recognition in many categories including: the Life Skills Award, Future Teacher Award and The Independence Award. SEPTA donated gift bags with summer goodies and a \$5 gift card to Starbucks. Congratulations students!

# Tools for Life's Challenges

All students in Eastchester Middle School receive a social and emotional curriculum taught by Guidance Counselor Kristin Spillane called TLC, Tools for Life's Challenges, where they learn about mindfulness, emotion regulation, distress tolerance, interpersonal effectiveness, kindness and civility.

After each month's lesson, students had the opportunity to complete an optional enrichment assignment related to the month's lesson. Those who completed and submitted every month's assignment for the year won the TLC award.

"The TLC curriculum is very skill based, and much of what is taught can be generalized and immediately put to use throughout a student's school day or at home," said Spillane. "I tell the students that the purpose of TLC lessons is to help you live a happier life." Spillane explained that practicing these skills directly leads to increased performance, better quality communication and relationships, more of an ability to self-regulate and, in turn, more happiness.

The TLC enrichment assignments ask students to put what they have learned into real-life situations and reflect upon what they notice. "I really believe that this content will contribute to raising the emotional IQ of students, and middle school is an essential time for this learning!" she said.

# NAMI Walk Raises Awareness & Funding

Members of the Eastchester School District joined together at the National Alliance on Mental Illness Walk on May 18 to show their support and acceptance for those whose lives have been affected by the disease.

Team EMS Cares raised \$1,200 from pledges and an additional \$173 from lunch-time donations.

Seventh-grader Sofia Caballas walked with her family. "It wasn't about walking or exercise, but the fact that I knew I was doing something good for people."

EMS started a chapter of the SAVE Promise Club – Students Against Violence Everywhere – a national movement that formed after the Sandy Hook school shooting.

Eastchester students spread the message of acceptance during May, National Mental Health Month, by hanging posters and holding conversations. Morning announcements also included mental health facts and statistics. The National Institute of Mental Health reports that one in five children ages 13-18 has, or will have, a serious mental illness.

School Psychologist Barbara Virtuoso mentors the students and was excited to see how, for the first time, the school community joined the NAMI Walk. "This makes you feel less isolated and allows for the support that so many people need." Next year she wants to get more families involved.

"I know some people who are affected by mental illness and I thought it was a good idea to help out," said seventh-grader Navya Arora.

Families interested in joining the NAMI walk next year should contact Barbara Virtuoso at [bvirtuoso@eufsd12.org](mailto:bvirtuoso@eufsd12.org).
