INDEPENDENT AUDITORS' REPORT

Members of the Board of Education of
Hazel Crest School District 152.5

Report on the Financial Statements

We have audited the accompanying modified cash basis financial statements of Hazel Crest School District 152.5 (the District), which comprise the statement of assets and liabilities arising from cash transactions as of June 30, 2017, and the related statements of revenues received, expenditures disbursed, other sources (uses) and changes in fund balance - all funds; revenues received; and expenditures disbursed, budget to actual for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these modified cash basis financial statements in accordance with the financial reporting provisions of the Illinois State Board of Education. This includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances.

Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statements are prepared on the basis of the financial reporting provisions of the Illinois State Board of Education, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the Illinois State Board of Education. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Hazel Crest School District 152.5 as of June 30, 2017, and the respective changes in financial position for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets and liabilities arising from cash transactions of Hazel Crest School District 152.5 as of June 30, 2017, and the revenues received, expenditures disbursed, other sources (uses) and changes in fund balance - all funds; revenues received; and expenditures disbursed, budget to actual for the year then ended, in accordance with the financial reporting provisions of the Illinois State Board of Education as described in Note 1.

Basis of Accounting

The regulatory basis of accounting described in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph allows for the financial statements to be prepared on either a modified cash or accrual basis. We draw attention to Note 1 of the financial statements, which describes the modified cash basis of accounting used by the District to prepare these financial statements. Our opinion is not modified with respect to this matter.

Other Matters

Our audit was made for the purpose of forming an opinion on the financial statements taken as a whole. The information on pages 2 through 4, supplementary schedules on pages 24 through 26, Schedule of Capital Outlay and Depreciation on page 27, and itemization schedule on page 33 are presented for purposes of additional analysis and are not a required part of the financial statements of Hazel Crest School District 152.5. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the financial statements.

Other Matters (continued)

Such information is the responsibility of management and has been derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

The information on pages 28 through 30 and page 36 is propagated from information in the audited financial statements, but we take no responsibility for the accuracy of those calculations. The Report on Shared Services or Outsourcing on page 31 contains unaudited information concerning prior, current, and future year expenditures which was provided by the District. The Limitation of Administrative Costs Worksheet on page 32 contains unaudited information concerning the fiscal year 2018 budget which was provided by the District. The actual expenditure information on this page is fairly stated in all material respects in relation to the financial statements taken as a whole. The average daily attendance figure, included in the computation of operating expense per pupil on page 28 and per capita tuition charges on page 29 has not been subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 3, 2017, on our consideration of Hazel Crest School District 152.5's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Hazel Crest School District 152.5's internal control over financial reporting and compliance.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Members of the Board of Education of
Hazel Crest School District 152.5

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the statement of assets and liabilities arising from cash transactions; and the statements of revenues received, expenditures disbursed, other sources (uses) and changes in fund balance - all funds; revenues received; and expenditures disbursed, budget to actual of Hazel Crest School District 152.5 (the District), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 3, 2017. Our opinion was adverse because the financial statements are not prepared in accordance with accounting principles generally accepted in the United States of America. However, the financial statements were found to be fairly stated in accordance with the financial reporting provisions of the Illinois State Board of Education, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Hazel Crest School District 152.5's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Hazel Crest School District 152.5's internal control. Accordingly, we do not express an opinion on the effectiveness of Hazel Crest School District 152.5's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified a certain deficiency in internal control that we consider to be a material weakness.

Internal Control over Financial Reporting (continued)

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described as item 2017-001 in the accompanying schedule of findings and questioned costs to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Hazel Crest School District 152.5's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Hazel Crest School District 152.5's Response to Finding

Hazel Crest School District 152.5's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Hazel Crest School District 152.5's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

HAZEL CREST SCHOOL DISTRICT 152.5

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2017

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Hazel Crest School District 152.5's (the District) financial statements are presented in the format prescribed by the Illinois State Board of Education using the modified cash basis method of accounting. The following is a summary of the significant accounting policies:

Criteria Used to Determine Scope of Entity

The District has developed criteria to determine whether any outside agencies should be included within its financial reporting entity. The criteria includes, but is not limited to, whether the District exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters), scope of public service, and special financing relationships.

The District has determined that no other outside agency meets the above criteria and, therefore, no other agency has been included as a component unit in the District's financial statements. In addition, the District is not aware of any entity which would exercise such oversight which would result in the District being considered a component unit of the entity.

The District is a member of Exceptional Children Have Opportunities (ECHO), along with other area school districts. The District's pupils benefit from programs administered under this joint agreement, and the District benefits from jointly administered grants and programming. ECHO is a jointly governed organization in which the District has no ongoing financial interest. Financial information may be obtained directly from ECHO at 350 W. 154th Street, South Holland, Illinois 60473.

Basis of Accounting

The District's financial records are maintained on the modified cash basis method of accounting and, accordingly, revenues are recorded when cash is received rather than when earned and expenditures are recorded when cash is disbursed rather than when incurred. Only assets representing a right to receive cash from a previous payment of cash are recorded as assets of a fund.

In the same manner, only liabilities resulting from a cash transaction are recorded as liabilities of a particular fund. Proceeds from sales of bonds are included as other financing sources in the appropriate fund on the date received. Related bond principal payable in the future is recorded at the same time in the General Long-Term Debt Account Group.

The District records on-behalf payments made by the State to the Teachers' Retirement System (TRS) and Teacher Health Insurance Security (THIS) Fund and commodities as revenues and expenditures.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation - Fund Accounting

The accounts of the District are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that are comprised of its assets, liabilities, fund balance, revenues, and expenditures. The District maintains individual funds as required by the State of Illinois. District resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The Illinois State Board of Education has provided the District with the following funds and account groups:

The Educational Fund covers transactions that are not specifically covered in another fund. Certain expenditures that must be charged to this fund include direct costs of instructional, health and attendance services, lunch programs, all costs of administration (even those for buildings and grounds), and related insurance costs. Certain revenues that must be credited to this fund include educational tax levies, tuition and textbook rentals.

The Operations and Maintenance Fund includes all costs of maintaining, improving, or repairing school buildings and property, renting buildings and property for school purposes, or paying of premiums for insurance on school buildings.

The Debt Services Fund accounts for taxes levied to provide cash to retire and pay interest on bonds generally issued to finance the construction of buildings. To protect the bondholders, these tax collections must be accounted for in the Debt Services Fund.

The Transportation Fund accounts for any payments for transporting pupils, including the purchase of vehicles and insurance on buses. Monies received for transportation purposes from any source must be deposited into this fund except for the portion of state reimbursement applicable to other funds.

The Municipal Retirement/Social Security Fund accounts for a separate tax levied for the purpose of providing resources for the District's share of retirement benefits for covered employees and/or a separate tax levied for the purpose of providing resources for the District's share of Social Security and Medicare payments for covered employees.

The Capital Projects Fund accounts for a separate tax levied for the purpose of capital improvements which may include construction costs, the purchase of land, other items directly related to the construction project, and administrative costs directly related to the construction project.

The Working Cash Fund is levied for working cash purposes or if bonds are sold for this purpose. Interfund loans from the District's Working Cash Fund may be made to any fund for which taxes are levied.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation - Fund Accounting (continued)

The Tort Fund accounts for a tax levied or bonds issued for insurance, risk management, judgments/settlements, legal services and other loss prevention purposes.

The Fire Prevention and Safety Fund accounts for a tax levied or bonds issued for fire prevention, safety, energy conservation or school security purposes.

The Agency Fund (Activity Funds) accounts for assets held by the District as an agent for the students and teachers. These funds are custodial in nature and do not involve the measurement of the results of operations. The amounts due to Activity Fund organizations are equal to the assets.

The General Fixed Assets Account Group maintains records of physical assets which have a long-term (i.e., more than one year) period of usefulness to the District in a group of accounts separate from the fund which provided the cash for the purchase of those assets.

The General Long-Term Debt Account Group maintains records of the District's total bonded debt in a group of accounts separate from the Debt Services Fund. Other types of general long-term debt are also included in this fund.

General Fixed Assets

General fixed assets are those acquired for general governmental purposes. Assets purchased are recorded as current expenditures at the date of acquisition in the governmental funds and capitalized at cost in the General Fixed Assets Account Group. Donated general fixed assets are recorded, if material, at estimated fair market value at date of acquisition. The District has set a capitalization threshold of \$5,000 for all fixed asset types. The financial statements make no provision for depreciation. Depreciation is applicable only for computing per capita tuition charges on the Illinois State Board of Education's Annual Financial Report.

Depreciation is computed by the straight-line method over the following estimated useful lives of the fixed assets:

Buildings	50 years
Improvements other than buildings	20 years
Equipment	10 years

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Pooled Cash and Investments

The District is one of eleven entities that participate in the Thornton Township School Treasurer's cash and investment pool. The District's investment in the pool is carried on the District's books at cost, which approximates fair value. The Treasurer maintains records that segregate the cash and investment balances by District. Earnings on investments, including gains and losses on sales of investments, are allocated monthly based upon the District's percentage participation in the cash and investment pool. No entity is permitted to borrow from another entity through deficit spending within the Treasurer's cash and investment pool. Within each entity itself, interfund loans and repayments are made from time to time among the various funds. State law permits these temporary interfund loans caused by deficit spending on special tax levies. No interest income or expense is recognized on interfund loans.

Inventories

Inventory of supplies is not normally recorded using the modified cash basis of accounting. In addition, the District does not maintain inventories in amounts material to the financial statements.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Subsequent Events

Subsequent events have been evaluated through November 3, 2017, which is the date the financial statements were available to be issued.

NOTE 2. PROPERTY TAXES - GENERAL

The District's property tax is levied each calendar year on all taxable real property located in the District's jurisdiction.

The School Board must adopt the tax levy and file a certified copy of the levy with the County Clerk's Office on or before the last Tuesday in December. The District adopted its 2016 levy on December 19, 2016. Property taxes attach retroactively as an enforceable lien as of January 1 of the levy year and are payable in two installments on March 1 and thirty days after release of the second billing, which is generally between August and November of the current calendar year. The District receives significant distributions approximately one month after the collection dates. Taxes recorded in these financial statements are from the 2016 and prior tax levies.

The District has not entered into any tax abatement agreements. In addition, the District is not aware of any tax abatement agreements entered into by other governments that reduce the District's property tax revenue.

NOTE 3. CASH AND INVESTMENTS

Local education agencies may invest public funds according to Chapter 30, Section 235 of the Illinois Compiled Statutes. Allowable investments include the following:

- Securities guaranteed both as to principal and interest by the full faith and credit of the United States;
- Bonds, notes, debentures, or other similar obligations of the United States or its agencies;
- Interest bearing savings accounts, certificates of deposit or time deposits in a federally insured bank;
- In limited circumstances, in short-term corporate obligations of corporations having assets exceeding 500 million dollars;
- Money market mutual funds that are both registered under the Investment Company Act of 1940 and the holdings of which are limited to securities guaranteed both as to principal and interest by the full faith and credit of the United States;
- Public Treasurers' Investment Pools created under Section 17 of the Illinois State Treasurer Act.

The components of cash and investments at June 30, 2017 are as follows:

	<u>Total Reported</u>
Cash and investments	\$ 9,975,525
Thornton Township Treasurer's cash and investment pool	<u>(9,750,954)</u>
Book balance of accounts in District's name	224,571
Deposits-in-transit	(1,776)
Outstanding checks	<u>4,298</u>
Bank balance of accounts in District's name	<u><u>\$ 227,093</u></u>

Custodial Credit Risk - Deposits

Custodial credit risk for deposits is the risk that, in the event of a bank failure, the District's deposits may not be returned or the District will not be able to recover collateral securities in the possession of an outside party. Neither the State nor the District has a deposit policy for custodial credit risk.

As of June 30, 2017, \$203,010 of the District's bank balances of \$227,093 was uncollateralized and uninsured.

NOTE 3. CASH AND INVESTMENTS

Investments

The District's investing activities are managed under the custody of the Thornton Township School Treasurer (the Treasurer) which is a non-rated, external investment pool. Investing is performed in accordance with investment policies adopted by the Thornton Township Trustees of Schools complying with the Illinois Compiled Statutes. The District's portion of this pool is included in the statement of assets and liabilities arising from cash transactions as cash and investments.

Overall credit ratings are not applicable for the cash and investment pool as a whole. Financial information and investment risk disclosures regarding the cash and investment pool's underlying investments may be obtained directly from the Treasurer at 16106 South Park Avenue South Holland, IL 60473. At June 30, 2017, the fair value of all investments held by the Treasurer was \$182,507,844 and the amount of cash and investments allocated to the District on a cost basis was \$9,750,954.

NOTE 4. CAPITAL ASSETS AND DEPRECIATION

A summary of changes in capital assets for the fiscal year ended June 30, 2017 is as follows:

	Balance July 1, <u>2016</u>	<u>Additions</u>	<u>Deletions</u>	Balance June 30, <u>2017</u>
Non-depreciable				
Land	\$ 280,244	\$ -	\$ -	\$ 280,244
Depreciable				
Buildings and building improvements	46,673,360	2,698,670	-	49,372,030
Site improvements and infrastructure	362,268	224,490	-	586,758
Capitalized equipment	1,441,922	-	-	1,441,922
Total	<u>\$ 48,757,794</u>	<u>\$ 2,923,160</u>	<u>\$ -</u>	<u>\$ 51,680,954</u>

Historical cost was estimated by the District's appraisal company for all capital assets owned by the District at February 18, 2009. Actual historical costs could differ from those estimates. Assets purchased subsequent to February 18, 2009 were recorded at actual cost.

Accumulated depreciation at June 30, 2017 is \$5,453,633.

NOTE 5. FUND BALANCES

Under the regulatory basis of accounting, revenues received from special tax levies and selected revenue sources are restricted as to their use and classified as reserved fund balances on the statement of assets and liabilities arising from cash transactions. The changes in the reserved fund balance for the fiscal year ended June 30, 2017 are as follows:

	Reserved July 1, <u>2016</u>	Changes in Fund Balance		Reserved June 30, <u>2017</u>
		<u>Revenues</u>	<u>Expenditures</u>	
Educational Fund:				
Special tax levy - special education	\$ -	\$ 271,679	\$ 271,679	\$ -

GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, established five fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources.

Nonspendable fund balance - Includes amounts that cannot be spent because they are either (a) not in spendable form - prepaid items or inventories; or (b) legally or contractually required to be maintained intact.

Restricted fund balance - Refers to amounts that are subject to outside restrictions not controlled by the entity, such as restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Committed fund balance - Amounts that can be used only for specific purposes because of a formal action (resolution or ordinance) by the District’s highest level of decision-making authority, the Board of Education.

Assigned fund balance - Amounts that are constrained by the District’s intent to be used for specific purposes, but that do not meet the criteria to be classified as restricted or committed. Intent can be stipulated by the District’s Board of Education or by an official to whom that authority has been given.

Unassigned fund balance - The residual classification for amounts in the Educational, Operations and Maintenance, and Working Cash funds. Negative unassigned fund balances in other funds represent excess expenditures incurred over the amounts restricted, committed or assigned to those purposes.

NOTE 5. FUND BALANCES (CONTINUED)

The regulatory basis of accounting used by the District does not utilize these categories. If the June 30, 2017 regulatory basis fund balances as reported in the Statement of Assets and Liabilities Arising from Cash Transactions were reported in accordance with GASB Statement No. 54, they would be allocated as follows:

Fund	Fund Balances					Total
	Nonspendable	Restricted	Committed	Assigned	Unassigned	
Educational	\$ 113,149	\$ -	\$ -	\$ 50,221	\$ 2,900,585	\$ 3,063,955
Operations & Maintenance	-	-	-	-	749,958	749,958
Debt Services	-	117,287	-	-	-	117,287
Transportation	-	959,495	-	-	-	959,495
Municipal Retirement/ Social Security	-	3,203,360	-	-	-	3,203,360
Capital Projects	-	284,606	-	-	-	284,606
Working Cash	-	-	-	-	81,162	81,162
Tort	-	1,397,293	-	-	-	1,397,293
Fire Prevention & Safety	-	209,605	-	-	-	209,605
Total	\$ 113,149	\$ 6,171,646	\$ -	\$ 50,221	\$ 3,731,705	\$ 10,066,721

Unless specifically identified, expenditures act to reduce restricted balances first, then committed balances, next assigned balances, and finally unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

All fund balances reported in the statement of assets and liabilities arising from cash transactions were unreserved at June 30, 2017.

NOTE 6. LONG-TERM OBLIGATIONS

The following is a summary of the District's long-term obligations for the fiscal year ended June 30, 2017:

Maximum debt	<u>\$ 7,002,590</u>
Total outstanding debt at June 30, 2017	<u>\$ 6,553,949</u>

NOTE 7. RISK MANAGEMENT

The District has joined together with other school districts in the State to form Collective Liability Insurance Cooperative (CLIC), a public entity risk pool currently operating as a common risk management and insurance program for 178 members. The District pays premiums to CLIC for property and casualty insurance coverage. CLIC is self-sustaining through member premiums and reinsures through commercial companies for property claims in excess of \$1,000,000 for each insured event and general liability claims in excess of \$400,000 for each insured event.

The District carries commercial insurance for all other risks of loss, including employee health and accident insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in the past three fiscal years.

NOTE 8. RETIREMENT FUNDS

Illinois Municipal Retirement System

Plan Description

The District's defined benefit pension plan for Regular employees provides retirement and disability benefits, postretirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this note. Details of all benefits are available from IMRF. Benefit provisions are established by State Statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Benefits Provided

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan. The Sheriff's Law Enforcement Personnel plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011. The ECO plan was closed to new participants after that date.

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3 percent of the final rate of earnings for the first 15 years of service credit, plus 2 percent for each year of service credit after 15 years to a maximum of 75 percent of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3 percent of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3 percent of the final rate of earnings for the first 15 years of service credit, plus 2 percent for each year of service credit after 15 years to a maximum of 75 percent of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of 3 percent of the original pension amount, or 1/2 of the increase in the Consumer Price Index of the original pension amount.

NOTE 8. RETIREMENT FUNDS (CONTINUED)

Illinois Municipal Retirement System (continued)

Contributions

As set by State Statute, the District's Regular Plan members are required to contribute 4.5 percent of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of their own employees. The District's annual contribution rate was 7.97 percent for calendar year 2016 and 7.45 percent for 2017. For the fiscal year ended June 30, 2017, the District contributed \$117,446 to the plan. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by State Statute.

Teachers' Retirement System of the State of Illinois

Plan Description

The District participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the City of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at <http://trsil.org>; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 678-3675.

Benefits Provided

TRS provides retirement, disability, and death benefits. Tier I members have TRS or reciprocal system service prior to January 1, 2011. Tier I members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service. Disability and death benefits are also provided.

Tier II members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier II are identical to those of Tier I. Death benefits are payable under a formula that is different from Tier I.

NOTE 8. RETIREMENT FUNDS (CONTINUED)

Teachers' Retirement System of the State of Illinois (continued)

Benefits Provided (continued)

Essentially all Tier I retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier II annual increases will be the lesser of three percent of the original benefit or 1/2 percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Contributions

The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045. Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2016, was 9.4 percent of creditable earnings. On July 1, 2016 the rate dropped to 9.0 percent of pay due to the expiration of the Early Retirement Option (ERO). The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

On-Behalf Contributions to TRS - The State of Illinois makes employer pension contributions on behalf of the District. For the year ended June 30, 2017, the District recognized revenue and expenditures of \$1,826,689 in pension contributions from the State of Illinois.

2.2 Formula Contributions - Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2017, were \$28,339.

Federal and Special Trust Fund Contributions - When TRS members are paid from federal and special trust funds administered by the District, there is a statutory requirement for the District to pay an employer pension contribution from those funds. Under a policy adopted by the TRS Board of Trustees that has been in effect since the fiscal year ended June 30, 2006, employer contributions for employees paid from federal and special trust funds will be the same as the state contribution rate to TRS. Public Act 98-0674 now requires the two rates to be the same. For the year ended June 30, 2017, the employer pension contribution was 38.54 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2017, salaries totaling \$171,303 were paid from federal and special trust funds that required employer contributions of \$66,020.

NOTE 8. RETIREMENT FUNDS (CONTINUED)

Teachers' Retirement System of the State of Illinois (continued)

Contributions (continued)

Employer Retirement Cost Contributions - The District is required to make a one-time contribution to TRS for members retiring under the Early Retirement Option (ERO). The payments vary depending on the age and salary of the member. The maximum employer ERO contribution under the program that expired on June 30, 2016 is 146.5 percent and applies when the member is age 55 at retirement. For the year ended June 30, 2017, the District paid \$0 to TRS for employer ERO contributions. The District is also required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary. A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2017, the District paid \$1,279 to TRS for employer contributions due on salary increases in excess of 6 percent and \$0 for sick leave days granted in excess of the normal annual allotment.

NOTE 9. POSTEMPLOYMENT BENEFITS - THIS

The District participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the City of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System. Annuitants not enrolled in Medicare may participate in the State-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan.

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The plan is administered by the Illinois Department of Central Management Services (CMS) with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to TRS who are not employees of the State to make a contribution to the THIS Fund.

The percentage of employer required contributions in the future will not exceed 105 percent of the percentage of salary actually required to be paid in the previous fiscal year.

On-Behalf Contributions to the THIS Fund - The State of Illinois makes employer retiree health insurance contributions on behalf of the District. State contributions are intended to match contributions to the THIS Fund from active members, which were 1.12 percent of pay during the year ended June 30, 2017. State of Illinois contributions were \$55,003 and the District recognized revenue and expenditures of this amount during the year.

NOTE 9. POSTEMPLOYMENT BENEFITS - THIS (CONTINUED)

Employer Contributions to the THIS Fund - The District also makes contributions to the THIS Fund. The employer THIS Fund contribution was 0.84 percent during the year ended June 30, 2017. For the year ended June 30, 2017, the District paid \$41,286 to the THIS Fund, which was 100 percent of the required contribution.

Further Information on the THIS Fund

The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General: <http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp>. The current reports are listed under “Central Management Services.” Prior reports are available under “Healthcare and Family Services.”

NOTE 10. OTHER POSTEMPLOYMENT BENEFITS

The District provides postretirement benefits for certain employees. These benefits consist of allowing certain retired employees to continue coverage under the District’s insurance policy through participant-paid premiums, which could affect the overall cost of premiums paid by the District.

The liability for postretirement benefit obligations is not reported in these modified cash basis financial statements.

NOTE 11. OPERATING LEASE

On July 2, 2015, the District entered into a five year non-cancellable operating lease for copiers. The commitment under the lease agreement is as follows:

Year ending June 30,	
2018	\$ 43,884
2019	43,884
2020	<u>43,884</u>
Total	<u>\$ 131,652</u>

The District paid \$54,127 in lease payments during the year ended June 30, 2017.

NOTE 12. INDIVIDUAL FUND DISCLOSURES

The following funds had expenditures over budget for the year ended June 30, 2017.

	<u>Actual</u>	<u>Budget</u>	<u>Difference</u>
Operations & Maintenance	<u>\$ 1,566,858</u>	<u>\$ 1,535,050</u>	<u>\$ 31,808</u>
Municipal Retirement/Social Security	<u>\$ 317,786</u>	<u>\$ 304,426</u>	<u>\$ 13,360</u>

NOTE 13. INTERFUND TRANSFERS

The District transferred \$75,000 from the Working Cash Fund to the Operations & Maintenance Fund through an abatement of the Working Cash Fund for the purpose of providing additional needed revenue. The District also transferred \$390,750 from the Capital Projects Fund to the Operations & Maintenance Fund for the purpose of providing additional needed revenue.

NOTE 14. CONTINGENCIES

The District has received funds from state and federal grants in the current and prior years which are subject to audit by granting agencies. The School Board believes any adjustments that might arise from these audits would be insignificant to District operations.

The District is subject to a number of tax assessment appeals where the taxpayers are seeking to lower the tax assessment on their property for taxes levied in prior years. If successful, these objections would result in tax refunds that would reduce the District's future property tax revenue. The District faces a maximum potential revenue loss of approximately \$168,000.

In October 2016, a vendor filed suit against the District for breach of contract in regards to construction. The District faces a maximum potential loss of approximately \$375,000.

NOTE 15. COMMITMENT

At June 30, 2017 the District has roofing project and capital asset purchase commitments of approximately \$350,000.

DEFICIT ANNUAL FINANCIAL REPORT (AFR) SUMMARY INFORMATION
New Provisions in the School Code, Section 17-1 (105 ILCS 5/17-1)

Instructions: If the Annual Financial Report (AFR) reflects that a "deficit reduction plan" is required as calculated below, then the school district is to complete the "deficit reduction plan" in the annual budget and submit the plan to Illinois State Board of Education (ISBE) within 30 days after accepting the audit report. This may require the FY2018 annual budget to be amended to include a "deficit reduction plan" and narrative.

The "deficit reduction plan" is developed using ISBE guidelines and format in the School District Budget Form 50-36. A plan is required when the operating funds listed below result in direct revenues (line 7) being less than direct expenditures (line 8) by an amount equal to or greater than one-third (1/3) of the ending fund balance (line 10). That is, if the ending fund balance is less than three times the deficit spending, the district must adopt and submit an original budget/amended budget with ISBE that provides a "deficit reduction plan" to balance the shortfall within the next three years.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR
EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Members of the Board of Education of
Hazel Crest School District 152.5

Report on Compliance for Each Major Federal Program

We have audited Hazel Crest School District 152.5's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Hazel Crest School District 152.5's major federal programs for the year ended June 30, 2017. Hazel Crest School District 152.5's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Hazel Crest School District 152.5's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Hazel Crest School District 152.5's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Hazel Crest School District 152.5's compliance.

Opinion on Each Major Federal Program

In our opinion, Hazel Crest School District 152.5 complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

Report on Internal Control over Compliance

Management of Hazel Crest School District 152.5 is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Hazel Crest School District 152.5's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Hazel Crest School District 152.5's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SECTION II - FINANCIAL STATEMENT FINDINGS

1. FINDING NUMBER:¹¹ 2017- 001 2. THIS FINDING IS: New Repeat from Prior Year?
Year originally reported? 2007

3. Criteria or specific requirement

Professional standards indicate that, depending on the financial statements prepared for the organization, including footnote disclosures, and knowledge of organizational personnel, the inability of the organization to prepare financial statements and footnote disclosures in accordance with the basis of accounting used by the organization would be a control deficiency that normally would be considered a significant deficiency or material weakness.

4. Condition

While select District management personnel fully understand the District's financial statements and related footnotes, they do not necessarily stay current with all new accounting pronouncements that could impact the District's financial statement reporting.

5. Context¹²

None

6. Effect

The potential effect of this control deficiency is that a misstatement or omission in the financial statements would not be prevented, detected, or corrected on a timely basis.

7. Cause

None

8. Recommendation

We recommend that management evaluate the situation. Management should consider the cost in time and hard dollars of requiring employees with financial statement responsibility to remain current with all applicable accounting pronouncements.

9. Management's response¹³

Management believes it would not be cost beneficial for the District to hire another employee or service provider to prepare the District's financial statements or train current employees to be able to do so. Management believes it is in the best interests of the District to continue to retain the auditing firm to prepare its financial statements in conjunction with the year end audit.

¹¹ A suggested format for assigning reference numbers is to use the digits of the fiscal year being audited followed by a numeric sequence of findings. For example, findings identified and reported in the audit of fiscal year 2017 would be assigned a reference number of 2017-001, 2017-002, etc. The sheet is formatted so that only the number need be entered (1, 2, etc.).

¹² Provide sufficient information for judging the prevalence and consequences of the finding, such as relation to universe of costs and/or number of items examined and quantification of audit findings in dollars.

¹³ See §200.521 *Management decision* for additional guidance on reporting management's response.

Members of the Board of Education of
Hazel Crest School District 152.5

In planning and performing our audit of the financial statements of Hazel Crest School District 152.5 (the District) as of and for the year ended June 30, 2017, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, we considered Hazel Crest School District 152.5's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses and, therefore, material weaknesses may exist that were not identified. However, as discussed below, we identified a deficiency in internal control that we consider to be a material weakness.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. The attached Memorandum identifies a deficiency in internal control that we consider to be a material weakness.

This communication is intended solely for the information and use of District management, the Board of Education, and others within the District, and is not intended to be and should not be used by anyone other than these specified parties.

We will review the status of the material weakness during our next audit engagement. Material weaknesses that have not yet been remediated are required to be repeated in subsequent years' communications. We have already discussed the material weakness with District personnel, and we will be pleased to discuss it in further detail at your convenience, to perform any additional study, or to assist you in implementing any recommendations.

This letter does not affect our report dated November 3, 2017, on the financial statements of Hazel Crest School District 152.5.

Hazel Crest School District 152.5's written response to the material weakness identified in our audit has not been subjected to the audit procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

MEMORANDUM

Material Weakness

Preparation of Financial Statements

The District employs competent individuals (both within the District and through the services of the Thornton Township School Treasurer's office) who understand the District's operations and its challenges. While such individuals understand the District's financial statements, including footnote disclosures, they do not necessarily stay current with all new accounting pronouncements that could impact the District's financial reporting. As a result, it was necessary for us to prepare the District's financial statements in conjunction with the audit. The potential effect of this control deficiency is that a misstatement or omission in the financial statements would not be prevented, detected or corrected on a timely basis.

Recommendation

We recommend that the Board of Education evaluate the situation. The Board should consider the current capabilities of employees and the amount of additional expense the District would incur as a result of requiring employees with financial statement responsibility to remain current with all applicable accounting pronouncements or hiring another service provider to prepare the District's financial statements for audit.

Management Response

The Board of Education has discussed the options concerning the District obtaining the capabilities of preparing financial statements, including complete footnote disclosures, which would not require significant changes by the auditor. The Board believes it would not be cost beneficial for the District to hire a service provider to perform such a task or train current employees to be able to do so. The Board believes it is in the best interest of the District to continue to retain the auditing firm to prepare its financial statements in conjunction with the year end audit.
