To our Iroquois Community,

It is with great excitement that I introduce Julia Zelaski to you! Julia is a licensed social worker and the director of our very own Family Support Center. The purpose of the Iroquois Family Support Center is to link students and families with supports and services that go beyond what can be provided by school staff. These can include help with mental health services, substance abuse services, food insecurity, job insecurity, financial needs and homelessness. Our mission is to help assist families in obtaining affordable and accessible resources to meet their needs.

In order to best serve our community, we are asking that everyone take just a few minutes to fill out the appropriate survey linked below. You will notice that there is a separate survey for community members, students (grades 5-12 only) and staff. We will have these links open until Friday, October 25th. Your feedback is crucial to the development and growth of the Iroquois Family Support Center.

Thank you in advance for your support and assistance, and please do not hesitate to reach out to us with any questions about this exciting new program.
