How Students in New Jersey Performed

How Did Your Student Perform in Areas of Mathematics?

MAJOR CONTENT

Your student performed about the same as students who **did not yet meet or partially met expectations**. Students meet expectations by solving problems involving proportional relationships, adding, subtracting, multiplying and dividing with rational numbers, and linear expressions, equations, and inequalities.

EXPRESSING MATHEMATICAL REASONING

Your student performed about the same as students who **approached expectations**. Students meet expectations by creating and justifying logical mathematical solutions and analyzing and correcting the reasoning of others.

ADDITIONAL & SUPPORTING CONTENT

Your student performed about the same as students who **met or exceeded expectations**. Students meet expectations by solving problems involving circumference, area, surface area, volume, statistics, and probability.

MODELING & APPLICATION

Your student performed about the same as students who **did not yet meet or partially met expectations**. Students meet expectations by solving real-world problems, representing and solving problems with symbols, reasoning quantitatively, and strategically using appropriate tools.

LEGEND

Mt. Olive's Spring 2024 NJSLA Subgroup Outcomes Math by Program

Math: Action Steps

- Hiring of K-5 Math and Multilingual and Intervention Supervisors
All Grade 4 - Geometry teachers will attend Conquer Math professional development to focus on mathematical content and pedagogy throughout the school year.
- Classroom assessments will match rigor, content and structure to those seen on iReady, LinkIt, NJSLA and NJGPA.
- Dedicated PLC time for collaboration, innovation, and implementation of evidence-based practices
- The math supervisors will work with the elementary and middle school teams to analyze our current math resources and make recommendations about future materials.
- Middle and high school course sequence will be examined and recommendations for future programming will be made.
