DCS P2 Character Trait  
for the Week:

**Forgiveness**

**THE  
POSITIVITY  
PROJECT**

## **Forgiveness**

Forgiveness is the ability to move past being injured, and allow yourself to reconcile with the person who hurt you. Forgiveness can often be seen as a selfless act. It is often rooted in the idea that all people are valuable and worthy of a second chance. Many who forgive have the ability to consider things from another's perspective.

Each week we will be incorporating different character traits into our daily lessons here at school.
