MINUTES OF THE MILLVILLE SCHOOL DISTRICT BOARD MEETING  
MONDAY, SEPTEMBER 23, 2024

---

The Millville Area School Board held their regular meeting on Monday, September 23, 2024 in the Millville Jr./Sr. High School Library beginning 7:01 pm. Prior to the meeting, the Board held an Executive Session for personnel and negotiation matters.

### **1. ROLL CALL**

The following Board members answered roll call: William Berger, Susan Farr, Greg Hemsarh, Gena Maize, Heather Mausteller, Susan Myers, and Jessica Whitmoyer.

Also present were Joseph Rasmus, Superintendent; Whitney Holloway, Business Manager; Matthew Mills, Secondary Principal; Brandon Gordner, Elementary Principal; Dee Davis, Director of Student Services; Alexa Longacre, Director of Interventional Support; Matthew McWilliams, Supervisor of Buildings and Grounds; Dyson Savage, Technology Coordinator; and Chelsea Rosenberger, Assistant Board Secretary.

### **GUEST RECOGNITION AND COMMENTS**

*Guests Mary Schrader, Brittany Fisher, Lindsey Shultz, Donna Kramer, Kayleen Jenkins, Wendy Faatz, Klohe Faatz, Tarah Kishbach, Melissa Lanciano, Korey Milheim, Amanda McCormick, Bryon Eyer, Garth Crawford, Faith Crawford, Katie Downs, Doug Bennett, Sandra McHenry, Christopher Sassaman, Jennifer Bodnar, Christopher Rebeck, and Nelly Swisher all signed the register.*

- Ms. Katie Downs asked to address the Board. She shared with the Board and public that she was a taxpayer and a parent of a student in the district with a full time job. She shared history and her student's involvement in an after school program at Greenwood Friends School. This history gave details about her student's enrollment, dates when items were approved and postings in regards to the after school program.
- Mr. Christopher Rebeck then asked to address the Board. He began by sharing that being on the Board is a thankless position and that he had previously expressed his concerns with the Board as a taxpayer. Now, his concern was for the students and questioned why this transportation issue was not a Board decision, especially when there is no perceived impact to taxpayer dollars. Mr. Rebeck shared his frustration that the only two after school programs in Millville were now not being supported and urged the Board to reconsider and do what is best for the students. He cited the demographic concerns of the district in terms of poverty and socioeconomic status.
- Mr. Rebeck then asked if the bullying issue in the district had been addressed because parents have shared with him that it had not yet been.
  - Mr. Rasmus answered that he had spoken with Mr. Mills, the High School Principal, about a bullying issue he had addressed. However, if there were other outstanding issues, Mr. Rasmus urged Mr. Rebeck and other parents to share those concerns with the administration as they present.
- Mr. Rebeck then asked about a concern he gleaned with school secretaries being asked to serve as substitutes.
  - Mrs. Myers answered that this item was not on the agenda and this time was for public comment on items from the agenda. She explained that there would be time at the end for comment on other topics of concern.
- Ms. Lanciano added that she recently moved to the area and many parents are concerned about transportation for their students for after school programs as they work full time and cannot maintain a job with also transporting their children after school. She was concerned that she,

along with others, may have to quit their job to manage the after school transportation if the district would not provide it.

- Then, Ms. Sandra McHenry shared a concern with the Board about the raised taxes and her belief that they would continue to rise. She commented that there seems to be more money going out than coming in so maybe the district should consider dissolving and sending the students to nearby school districts.

#### **4. SUPERINTENDENT'S REPORT**

##### **4.1 District Updates**

1.) Transportation Guidelines -Superintendent will present upon transportation guidelines, rationale for guidelines, artifacts that demonstrate district administration's diligence to communicate guidelines to community. Review will include the following: Secondary Handbook Page 23; Transportation Committee Agenda/Minutes 5/3/22; Superintendent's Report 8/28/23 Board Meeting; Minutes for the 8/28/23 Board Meeting; Minutes for the 7/25/22 Board Meeting; and Sapphire Community Portal Messages.

- Mr. Rasmus began his report by reviewing the history of events related to the Greenwood Friends School after school program. He shared that there was communication received from Greenwood Friends administration that the transportation to the after school program from Millville to Greenwood Friends was approved at the end of last year and that Greenwood Friends had tried to reach out further in August. However, Mr. Rasmus explained that approval communication or the request for further information in August did not come to him at that time. Going further, Mr. Rasmus shared that our current Transportation Coordinator is on a leave of absence, further exacerbating the issue.
- In retrospect, Mr. Rasmus shared that in the 2022-2023 school year, the Board of Education approved updated transportation guidelines for safety after the convening of the Transportation Committee. At that point, the guidelines and handbooks were also approved with these reflected changes, per the discussion of that Committee. Mr. Rasmus explained that he spoke with Ms. Katie Downs, parent of a student attending the after school program, to discuss this information. Since that time, Mr. Rasmus explained that he was asked by the Board to update those guidelines to clarify some of the previous language. At that point, Mr. Rasmus read the updated transportation guidelines out loud for the Board and the public in attendance.
  - MASD Transportation Guidelines:
    - As per PA School Code, the Millville Area School District is required to provide all district students with transportation from their permanent residence to their district school and/or non-public school within a ten-mile radius of the district and back to their permanent residence.
    - The Millville Area School District will provide transportation services to students to and from their permanent residence ONLY. Additionally, the district will transport students to a different in-district address commensurate with custodial documentation on file within the district. It is the responsibility of parents and guardians to provide the district with up-to-date custodial documentation in order to facilitate such transportation plans.
    - The Millville Area School District will provide students with transportation services to and from child care facilities and designated in-district addresses (family members, friends, baby sitter, etc...) where permanent child care services are being provided. In order for the district to provide transportation services to and from childcare facilities, arrangements must be consistent and permanent throughout the school year. The district will not transport students to alternate locations based upon parental and guardian situational requests. Rather, transportation plans should be situated at the onset of the year and should be

permanent for remaining school year. The district will not transport students to after-school academic, athletic, and/or recreational activities that are not sponsored by the MASD.

- The Millville Area School District will NOT provide “bus passes” to students which enable them to be transported on alternate transportation based upon student and/or parent/guardian requests which deviate from the student’s permanent transportation plan in order to participate in social events, play dates, sleepovers etc.
- As per PA School Code, the Millville Area School District shall provide specialized transportation to students with disabilities in accordance with their respective Individualized Education Plans (IEPs) in order for them to access the educational benefit of district programming.
- In the event that a student engages in behavior that is contrary to district policies and/or presents a threat to the safety and welfare of himself/herself and/or others when situated on district-provided transportation, administration may impose progressive discipline including bus suspension. District-provided transportation is a privilege that can be withheld if behavior warrants.
- In the event of an emergency and/or an unforeseen situation, parents who necessitate changes in transportation must contact their building administrator directly in order for an alteration to be implemented.

## 2.) Regional Act 80 Day October 14, 2024

- Mr. Rasmus then discussed the Act 80 day plan for the regional act 80 day scheduled for October 14, 2024. He explained that this professional development day would have four different conferences occurring simultaneously with breakout sessions for professional staff. Mr. Rasmus shared that this would be a great opportunity for the teachers to receive individualized professional development specific to their own content area. Additionally, the professional staff would be commuting to the CSIU for this professional development day.

## **5. ADMINISTRATIVE REPORTS**

*The administrative team had previously submitted reports for the consideration of the Board.*

- Mr. Mills, Secondary Principal, shared the SPM and Differentiated Supervision plan with the Board and discussed the teacher evaluation process as well as the goals of the districtwide SPM plan for professional staff. Additionally, he read and discussed the steps taken by administration in regards to Collins writing as well as goals to further the strategies.
- Mr. Gordner, Elementary Principal, then wanted to give a shoutout to the PBIS team for their work on the new positive behavior system, adding that there would be a future assembly to review this with students further. He explained that he was excited about the plan in place and that the team was working on events to utilize the PBIS rewards system as well as “rewards” that could be given to students for all of the points earned through positive behavior.
- Mrs. Longacre, Director of Interventional Support, then highlighted the recent trip taken by a few students regarding mental health. She explained that the students were able to watch a film about suicide prevention, adding that the film was profound for all students who attended. Additionally, she was thankful for the creation of the Aevium club because the purpose of the club is to give students a contact person among their peers to reach out as a safe resource for mental health. Mrs. Longacre believed that this would be a great journey for those students towards breaking the stigma of mental health. Finally, she expressed her thanks for the recent Gifted Conference attendance, as it will help those teachers continue to build the program.
- Mrs. Davis, Director of Student Services, then shared some highlights of the recent Title I Literacy Luncheon for Grandparents Day. She explained that there were over 200 people in attendance, which was encouraging. Then, she shared that there is a Book Bingo scheduled for November

and there will be another event scheduled like the glow night last year. Finally, Mrs. Davis added that it is grant-writing time and that many reports have to be submitted by the end of the month, including the ESSER grant reporting which needed to be finalized.

- Mr. McWilliams, Supervisor of Buildings and Grounds, shared that Neighbor Fence would be coming to start the work on the Elementary Playground fence in mid-October.

**6. REPRESENTATIVE REPORTS**

6.1 Monthly Reports

CMAVTS Representatives - William Berger and Susan Farr

- Mr. Berger shared a report with the Board that the construction project at CMAVTS is nearly complete and is on track with the budget. He encouraged the Board to see it if they get the chance. Additionally, he explained that another project that will need to be completed is the air conditioning in the cafeteria. Finally, Mr. Berger shared that CMAVTS was awarded a grant and that they are continuing the interview process for a new principal.

CSIU Representative - Susan Myers

- Mrs. Myers shared that the CSIU Board heard a presentation from a Maria Drexler about the science program. Additionally, she explained that the CSIU will be holding a board level professional development day and can send the information to any board members who may be interested in attending.

**CLOSING PUBLIC COMMENT**

- Mr. Christopher Rebeck asked to address the Board once more. He shared his concern that the Board proceeded with the meeting without addressing the transportation issue as well as his concern for the taxpayers of the district.
- Mr. Rebeck asked if the teacher contract had yet been resolved.
  - Mrs. Myers answered that there was a tentative agreement reached.

- Mr. Rebeck then asked what the tax increase would be next year.
- Then, Mr. Rebeck asked about a student issue earlier that day with a weapon.
  - Mr. Rasmus answered that he could not speak about a student issue publicly.
- Mr. Rebeck then asked in regards to the transportation about the approval previously given that seemed to have changed.
  - Mr. Rasmus answered that the guidelines were not changed and that the Board merely approved updated language to the existing guidelines for transportation.
  - Ms. Katie Downs asked about the Sapphire parent portal transportation arrangement approval she received.
    - Mr. Rasmus answered that he would have to look further into that approval, adding that there was no communication from Greenwood Friends School to him but rather from him to GFS on September 3, 2024.
    - Ms. Downs asked why Greenwood Friends was allowed to have a booth at the Elementary School Open House.
    - Mr. Rasmus answered that we provide community organizations with the chance to share information about their programs often but there was no discussion about transportation.
    - Mr. Rebeck urged the Board again to reconsider their decision.
  - Mr. Hemsarth commented that the district's solicitor advised the Board not to speak, adding that throughout this issue there seemed to be a good deal of miscommunication.
  - Mrs. Myers encouraged those wishing for change to consider putting their names up for Board member positions.
  - Ms. Melissa Lanciano then questioned why the district would not abide by the approval from the Sapphire parent portal.
  - Ms. Downs asked the Board what she is supposed to do for transportation in absence of school district provided transportation, adding that they would most likely need to disenroll their child from the school as a result of this situation.
- Mr. Rebeck then asked the Board to consider looking into different options for the school resource officer contract coming up for negotiation in December. He urged the Board to weigh all options, including the potentiality for a retired police officer to serve in this role.
  - Mrs. Myers answered that the Board would be starting to investigate this issue and would certainly do its due diligence.
- Mr. Rebeck then asked about school secretaries serving as substitute teachers in classrooms.
  - Mr. Rasmus asked for clarification as to whether they were serving as teacher or as paraprofessionals from the administration. He explained that the Elementary Attendance Secretary has a dual assignment as both secretary and paraprofessional aide.
  - Mr. Rebeck asked if this is because the district is lacking in substitute teachers.
  - Mr. Rasmus answered that yes, we are lacking in substitute teachers as is the nation.
  - Mr. Rebeck urged the Board to look at the future and the possibility for the district to dissolve.
- Ms. Downs asked the Board members with children how they managed after school care without transportation from the district.
  - Mrs. Farr answered that she used babysitters in the past.
  - Ms. Lanciano asked why the transportation plan was changed.
  - Mr. Rasmus answered that initially the understanding with administration was that the after school program was only for one week. When other parents started signing up with different days and schedules for transportation, there were concerns about safety and the difficulty of managing these changing transportation needs. Another concern, Mr. Rasmus shared, was that when other schools and programs came up and needed transportation, the district would have then created a precedent with Greenwood Friends that would have to be maintained with other programs.

- Mr. Rebeck asked why the guidelines were changed and what was wrong with the language in the previous guidelines that needed to be changed.
  - Mr. Rasmus answered that there needed to be clarification about types of after school programs, the purpose of those programs, and how they related to transportation.
  - Mrs. Myers then commented on a local program run by a community church whereby there is no cost and there has never been transportation provided by the school. She explained that they have volunteers that come to the school to walk the students to the church every week on the same day. Additionally, she shared that this program followed the school calendar. Going further, Mrs. Myers explained that if we start providing transportation to this programs, the district would have to start providing transportation to all other programs as well.
  - Mr. Rebeck disagreed and that these parents should be afforded with transportation because it is after school childcare that is consistent, as per the guidelines.
  - Ms. Lanciano commented that there should not be a concern because it is simply whether or not the students get on a bus.
  - Mrs. Farr asked what the parent plan is for days when Millville school is not in session, but Greenwood Friends is in session.
  - Ms. Downs answered that they arranged care for those days.
- Mrs. Mausteller asked if Greenwood Friends offered to get a bus or van to provide transportation.
  - Ms. Downs answered that she confirmed that Greenwood Friends does not have a van or the ability to provide transportation.
- Mrs. Jennifer Bodnar then asked if the district previously provided transportation to the EIEIO daycare in town.
  - Mrs. Myers answered that yes, it previously was provided because there are no sidewalks for the children to walk down the road to the daycare.
  - Ms. Downs commented that she did attend the new Learning Tree Open House and it would be more costly to attend with not as much learning opportunity. She asked why Millville is different from other schools who were providing transportation to daycare facilities.
  - Mrs. Myers asked why Ms. Downs was calling this program a daycare when she believed that it was an after school enrichment program as opposed to what her daughter used to attend with no enrichment, a care facility.
  - Ms. Downs answered that she appreciated that the program was offering additional learning opportunities.
- Mrs. Farr asked how many students were enrolled to participate in this program.
  - Ms. Downs answered that this could change day by day.
  - Mrs. Mausteller commented that this was the very issue and position of the district. With this program, parents could elect to come on some days in the week or all of the days in the week, making it difficult to manage by staff.

### **13. ADJOURNMENT**

A motion by Greg Hemsarh and seconded by Heather Mausteller to adjourn the meeting. The meeting adjourned at 8:28 pm.

Chelsea Rosenberger  
Assistant Board Secretary
