of support from parents/teachers/students. Data is positive - far fewer students getting detentions for phones than expected. PBIS will bring data for future meetings and seek input on future decisions.

V. Unfinished Business

1. None

VI. Presentation (Ex: Data, Budget, Programs)

1. None

VII. New Business (Information and/or Action)

1. Action: Review/Approve [Bylaws](#)

B Schuetz - is Parliamentarian position in the Bylaws

J Geluk - identified by name, but no duties listed

C Strawn added in the following duties for Parliamentarian:

M Buljan changed item 8D: Members shall abstain from voting on any matter when a conflict of interest arises ***and/or were not present for the previous meeting, in regards to approving previous minutes*** and 6E: *The Principal will work in collaboration with the Chairperson, **Vice Chairperson** and the Secretary*

K Reza motions to approve bylaws as amended, J Geluk seconds, all in favor

2. Action: Review/Approve SPSA Revisions ([SPSA Doc](#) and [Changes](#))

M Buljan: this shows all of the money OHS receives and how it is allocated. Last SPSA approved in April, but new numbers have come in, affecting SPSA. The district has given us more money for Intervention for Math and Language Arts. CA Dashboard data has also come in and affected SPSA. SPSA is a living, breathing document and can be updated throughout the year.

Changes: see Changes document above.

M Buljan: we'd like to OK the site plan with the changes, SSC read over on their own, suggest any changes next meeting. SPSA must be approved by Monday.

K Reza: noticed Black students not specifically identified as a targeted subgroup on Page 31

M Buljan: Dashboard Data does officially report on specific subgroups when numbers are very small (e.g. only two American Indian students). Obviously students still matter.

K Reza: wants to voice concerns that students are being neglected if not specifically named.

K Reza: questions why SPSA says Hispanic, rather than Latin/Latinx, etc.

M Buljan: language aligns with state usage.

J Geluk: data always messy due to student and family reporting. Agree optics are awkward. Is there a generalized "catch all" language like "other identified students"

M Buljan: language has to be consistent with how state reports. Subgroup names come directly from the state.

Staff: Marc Buljan, Gina Lacoste, Jolie Geluk, Janette Snyder, Katherine Sunseri

E Thorson: appreciates how C Strawn sent out this data very early so that we could take a look.

K Reza: observed that Latino is still used some places in SPSA.

M Buljan: we'll make sure terminology is consistent throughout the document.

M Buljan: no changes made to methods in achieving goals.

C Strawn: biggest change in funds was addition of \$17,000 from LCFF, will go towards student tutors during Fifth Period. Additional funding data coming in November, expect to make changes then.

K Reza motions, E Thorson seconds, all in favor, motion carries.

3. Action: Review/Approve [Parent Engagement Policy](#)

M Buljan: communicates that we involve parents and community members in terms of programs and money spent. We have this now that we are a full (rather than targeted) Title I school.

K Reza motions, B Schuetz seconds, all in favor, motion carries.
