**Stand up, stand up Romero!
Our family's here for you!**

Dear Bella's Family.

Serving you and your family has been the greatest privilege of my professional life. We have learned, laughed, sought, found, wondered, discovered, cried, and rejoiced. There are too many amazing memories to list in this message. I think about the fun we have at the family reunion each year, the smiles and adventures we experience during Lobo day, the anxiety and then joy within the first day of your Kindergarten year, and the amazing academic and social growth each student has made from one year to the next. Most of all, I think about the love and the trust we have shown to one another. A family is not defined by one experience. We are not defined by the flood that destroyed so many homes in 2013. We are not defined by the way we joined together two schools to make one K-8. We are not defined by the online schooling we have held during the Coronavirus pandemic. One experience does not describe this family. Bella's family, like your home family, is defined by the collection of all these experiences together. Bella's family, like your home family, is defined by how we have handled each of these pieces of our journey. Bella's family is defined by the love and trust we show one another, no matter what circumstance we face. Believe in your dream - and know that all of Bella's family believes in you, now and forever.

Yes You Will,
Mr. Cooney

Ashley Aragon

This year has gone so quickly and has been filled with many great memories of watching students live the family values of positive behavior, excellent achievement, and consistent attendance. It has been joyful to watch students learn and grow and it has been inspiring to watch staff provide love and support every day. Each year is one step closer to graduation and going on to live your dreams. Families, thank you for your continued support and for allowing us to partner with you to support your child in reaching their dreams. Bella's Family Is Your Family!

With love and gratitude,

Ms. Aragon
