Educational Stipends

\$1,000 is added to the annual base salary upon completion of the assessment test which must be passed prior to beginning duties.

This stipend continues to be added to the base salary each year until the paraprofessional has reached the next level of educational stipend, such as 48 or more college hours, or obtains a bachelor's degree.

OR

\$1,500 is added to the annual base salary when an official college transcript is on file showing a minimum of 48 college hours or an associate degree

OR

\$1,750 is added to the annual base salary when an official college transcript is on file showing a bachelor's degree or higher
