District 205 Mission Statement

“District 205’s school community will create an environment where every student can learn.” We believe...

- The individual has intrinsic value.
- Learning and teaching should be guided by high expectations.
- Learning is a life-long process.
- All students can learn.
- Education is a shared responsibility of the school, student, family and community.
- Students learn best in and have a right to have a safe, positive, supportive environment.
- Diversity enriches the school community.
- Schools foster social responsibility.

The thing I hate about an argument is that it always interrupts a discussion.
